As per Section 139 of the Companies Act, 2013 and the rules made there under and RBI circular no. RBI/2021-22/25 - Ref.No.DoS.CO.ARG/SEC.01/08.91.001/2021-22 dated April 27, 2021 on appointment of statutory auditors of banks and NBFCs, there is a restriction on auditors/audit firms from being in office for a period of more than three years.

Hence, in compliance with the RBI requirement, at the recommendation of the Audit Committee, the Board of Directors of the Company at their meeting held on 21st July 2024 had recommended the appointment of M/s. R Subramanian and Company LLP, Chartered Accountants (FRN:0041375/S200041) as Joint Statutory Auditor in place of M/s. Suresh Surana & Associates LLP and the shareholders had approved the appointment in the Annual General Meeting held on 27th of August, 2024 for a period of three years from the conclusion of Sixteenth Annual General Meeting till the conclusion of the Nineteenth Annual General Meeting to be held in the year 2027.

Similarly, M/s. Walker Chandiok & Co. LLP pursuant to section 139 and other applicable provisions, if any, of the Companies Act, 2013 and the rules made there under and RBI guidelines on appointment of statutory auditors of banks and NBFCs (including any statutory modification(s) or re-enactment thereof for the time being in force) were appointed as Joint Statutory Auditors of the company at the Fourteenth Annual General Meeting of the Company held on 19th September, 2022 for a period of three years, till the conclusion of the ensuing Seventeenth Annual General Meeting, in the year 2025. The Board of Directors of the company at their meeting held on 5th August, 2025 at the recommendation of the Audit Committee, has proposed appointment of M/s. ASA & Associates LLP, Chartered Accountants (FRN: 009571N/N500006) as Joint Statutory Auditor in place of retiring auditor M/s. Walker Chandiok & Co. LLP, subject to the approval of the shareholders in the ensuing annual general meeting for a period of three years.

The statutory Audit Report is attached with the financial statements and forms part of this report and does not contain any qualification, reservation or adverse remarks.

Secretarial Audit

Pursuant to the provisions of Section 204 of the Act, read with Rule 9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014, the Board of Directors of your Company had appointed M/s. G Ramachandran & Associates, Company Secretaries to undertake the Secretarial Audit of the Company for FY 2024-25.

The Secretarial Audit Report for the financial year ended March 31, 2025 are attached as to this Report (**Annexure D**).

The Secretarial Audit report does not contain any qualification, reservation, adverse remark.

In terms of Regulation 24A/ 62M of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, the secretarial audit report of the company and its material unlisted subsidiaries incorporated in India shall undertake secretarial audit and shall annex a secretarial audit report given by a company secretary in practice, in such form as specified by the Board, with the annual report of the listed entity. Hinduja Housing Finance Limited is the unlisted material subsidiary of the Company and accordingly, the Secretarial Audit of Hinduja Housing Finance Limited (HHF), the material subsidiary for the Financial Year 2024-25 has been duly completed and the fact was noted by the Board of Directors of HHF at their meeting held on 7th May, 2025. The said report is enclosed to the Annual Report of the Company. HHF has confirmed that their Secretarial Audit Report for FY 2024-25 does not contain any qualification or adverse remark.

Employee Stock Option Scheme

Based on the recommendation of the Board at its meeting held on 21st March, 2023, the shareholders approved the HLF Stock Option Plan 2023 (HSOP 2023) at its Extra Ordinary General meeting held on 31st July, 2023.

During the year under review, no stock options were granted to any employees under the HSOP 2023 Scheme. As required under the provisions of the Act, read with Rule 12 (9) of Companies (Share Capital and Debentures) Rules, 2014, the Disclosures pertaining to ESOPs under Hinduja Leyland Finance Employee Stock Option Scheme – 2013 Scheme for the year ended 31st March, 2025 are being provided as an Annexure to this report. (**Annexure F**).

Directors' Responsibility Statement

To the best of our knowledge and belief, and on the basis of the information and explanations obtained by us, your Directors make the following statements in terms of Section 134(3)(c) of the Act:

- in the preparation of the annual financial statements for the year ended 31st March, 2025, the applicable accounting standards have been followed along with proper explanation relating to material departures.
- for the financial year ended 31st March, 2025, such accounting policies as mentioned in the Notes to the financial statements have been applied consistently and judgments and estimates that are reasonable and prudent have

Pursuant to Rule 2A of the Companies (Specification of Definitions Details) Rules, 2014, public companies which have not listed their equity shares on a recognized stock exchange but have listed their non-convertible debt securities issued on private placement basis in terms of SEBI (Issue and Listing of Non-Convertible Securities) Regulations, 2021, shall not be considered as listed company in terms of the Act. Hence, Section 197 (12) read with rules 5 of Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014 are not applicable.

Policy on Board diversity

The Nomination and Remuneration Committee has devised a policy on board diversity which sets out the approach to diversity on the Board of the Company.

Related Party Transactions

All related party transactions that were entered into during the financial year were in the ordinary course of business and on an arm's length basis. There were no materially significant related party transactions with promoters, directors and Key Managerial Personnel during the financial year 2024-25 that may have potential conflict with the interest of the Company at large. All proposed transactions with related parties were placed before Audit Committee for prior approval at the beginning of the financial year. Omnibus approval for transactions that cannot be foreseen were obtained as permitted under applicable laws. The transactions entered into pursuant to Audit Committee approval were reviewed by Audit Committee on a quarterly basis. Suitable disclosures as required in compliance with accounting standards with related parties are disclosed in the notes forming part of the financial statements in the annual report.

Form AOC-2 as required under section 134(3)(h) of the Act read with Rule 8(2) of the Companies (Accounts) Rules, 2014, is annexed as part of this Board's Report (**Annexure B**). Material changes and commitments affecting the financial position of the Company which have occurred between the end of the financial year and the date of the Report

There were no material changes and commitments affecting the financial position of the Company between the end of financial year ended 31st March, 2025 and the date of this Report.

Risk Management Policy

The Company has a Risk management framework to ensure proactive approach in identifying, reviewing, evaluating and reporting of risks and also measures to mitigate such risks. The material risks include credit risk, liquidity risk, interest rate risk, operational risk, reputational risk, strategic risk, regulatory risk and concentration risk. The Risk function monitors and evaluates the adequacy of controls, processes, mitigating measures and ensures adherence to prescribed regulatory framework with respect to risk management. The Company has a Risk appetite framework which is regularly reviewed. All relevant emerging risks are also identified and reported to the Risk Management Committee.

The Company has an Enterprise Risk Management Policy guiding the risk management practices in the company. Risk assessment reports are periodically placed before the Risk Management Committee and the Asset Liability Management Committee for reviewing and monitoring these risks at periodic intervals. The Company manages credit risk through stringent credit norms aided by a robust in-house developed IT infrastructure. Liquidity risk and interest rate risk arising out of maturity mismatch of assets and liabilities are managed through regular monitoring of the maturity profiles. Operational risks arising from inadequate or failed internal processes, people and systems or from external events are adequately addressed by the internal control systems which are continuously reviewed and monitored by Internal Audit Function.

Internal Financial Controls

The Company has a comprehensive internal financial control system, commensurate with the size, scale and complexity of its operations. The risk and control metrics are reviewed periodically and control measures are tested

and documented. The internal financial controls with regard to the financial statements were tested and reported adequate.

Internal Audit

To maintain its objectivity and independence, the internal audit function directly reports to the Audit Committee of the Board. The Company continues to strengthen its internal audit function by investing in domain specialists to increase effectiveness of controls.

At the beginning of each financial year, Annual Internal audit plan covering business and function audits is rolled out after obtaining approval from Audit Committee. Additionally, as part of RBI's Risk Based Internal Audit (RBIA) requirement mandated by the Reserve Bank of India vide RBI/2020-21/88 Ref.No.DoS.CO.PPG./SEC.05/11.01.005/2020-21 dated February 3, 2021, your Company has adopted appropriate policy and operating guidelines.

The risk-based audit plan is aimed at operational evaluation of the efficacy and adequacy of internal control systems and compliance thereof under defined tolerance levels or residual risk. Based on the reports of internal audit presented to the Audit Committee of Board, business or function process owners undertake preventive and corrective action in their respective areas. The Audit Committee regularly reviews the annual audit plan status, audit findings as well as the adequacy and effectiveness of the internal control measures.

Corporate Social Responsibility initiatives

Pursuant to Section 135 of the Companies Act, 2013 read with the Companies (Corporate Social Responsibility) Rules, 2014, your Company at the Board Meeting held on 16th March, 2015 approved a policy on CSR and it was amended further at the Board meeting held on 3rd November, 2023. The CSR policy is hosted on the website of the Company www.hindujaleylfinance.com under path – About Us \ Governance \ CSR Policy.

With respect to CSR requirements, we have, so far, put in place necessary measures and processes of identifying worthy causes as well as to monitor their progress with a view to ensuring that they are consistent with our policy, serving large public good and are sustainable over an extended period. The global economy entered 2025 with early indicators of recovery, as major regions reported a gradual pickup in activity. Global GDP is expected to grow at a steady rate of 3.3% in 2025(Annual Report RBI), reflecting cautious optimism across markets. While growth trajectories varied across countries and industries, the financial services sector remained notably resilient. However, as the year progressed, the global economic sentiment has shifted downward amid evolving geopolitical dynamics and recalibrated policy priorities by governments, contributing to renewed uncertainty.

Amid this global volatility, India stood out as a rare bright spot. According to estimates of National Income released by the National Statistical Office (NSO), Ministry of Statistics and Programme Implementation (MoSPI), India posted a strong GDP growth rate of 6.5% in FY24–25. The strong growth rate not only reinforced India's position as the world's fastest-growing major economy but also helped India become the fourth largest economy globally, underlining the strength and resilience of its macroeconomic fundamentals

The government has set a capital expenditure target of ₹11.25 lakh crore for FY26, up from ₹10.1 lakh crore achieved in FY25. This continued public investment, combined with a resurgence in private sector capex—driven by high-capacity utilization, robust corporate balance sheets, and the momentum from Production-Linked Incentive (PLI) schemes—is expected to accelerate infrastructure development, enhance logistics efficiency, and strengthen rural connectivity.

This broad-based increase in capital spending is anticipated to have a significant multiplier effect on the commercial vehicle segment, particularly in rural and semi-urban markets, thereby boosting demand for asset-backed financing.

According to the second advance estimates agri and allied sectors grew by 4.6% in FY25 compared to 2.7% in FY24 (Source: PIB report). As of early FY26, monsoon forecasts remain cautiously optimistic with the IMD projecting a normal monsoon which is expected to support kharif sowing and rural sentiment. However, concerns around input cost inflation and volatile crop prices may continue to pressure rural income in the short term.

India holds the fourth largest forex reserves in the world after China, Japan and Switzerland. India's foreign exchange reserves stood at a high of US\$665.39 billion as at end of March 25 (Source: RBI Data). In light of ongoing global uncertainties, RBI has continued its strategic diversification, increasing its gold reserves to 879.6 MT during the year, thereby enhancing resilience and composition of its reserve portfolio.

Bandra (East), Mumbai 400051

At the end of FY25, India's Foreign exchange reserve provided an import cover of 11 months of projected merchandise imports, reflecting a strong buffer against external shocks. The Indian rupee also remained relatively stable vis-à-vis other global currencies throughout the year, supported by prudent monetary policy and capital flows.

In the monetary policy committee meeting held in April 2025, the RBI projected real GDP growth at 6.5 % and the CPI inflation is projected at 4.0% for FY26. (Source: Minutes of MPC Meeting). To further support growth and ease liquidity conditions, the RBI has reduced the Repo rate by 75bps over the past 2 quarters and announced a cumulative 100bps reduction in CRR over the year. Additionally, the RBI has restored the Risk Weightage Norms for lending to NBFC which are rated A to Pre- November 2023 levels. These combined measures are expected to enhance systemic liquidity and stimulate credit demand, particularly in consumption driven sectors.

Auto Industry

During the year the automobile sales grew by 7.3% on a year-on-year basis domestically, showcasing its resilience amidst conducive government policies and 6.5% economic growth.

(Domestic Sales - Number of Vehicles)

Segment	2023-24	2024-25	Growth % YoY
Passenger Vehicles (PVs)	4,218,750	4,301,848	2.0%
Medium and heavy commercial vehicle (MHCVs)	374,012	373,819	(0.1%)
Light commercial vehicle (LCVs)	594,758	582,852	(2.0%)
Three Wheelers	694,801	741,420	6.7%
Two Wheelers	17,974,365	19,607,332	9.1%
Total	23,856,686	25,607,271	7.3%

* Source SIAM data

In FY25, the Indian automotive industry continued its recovery and growth trajectory despite a high base in FY24. The year witnessed steady expansion across major vehicle segments, despite facing macroeconomic uncertainty, and geopolitical tensions. However, evolving consumer preference, ongoing shift towards electric mobility and targeted policy interventions have influenced the sectors performance significantly.

**Registered Office: Plot No. C-21, Tower C (1-3 Floors), G Block, Bandra Kurla Complex,
Bandra (East), Mumbai 400051**

The Two-wheeler segment saw strong growth in FY25 (9.1% YoY), surpassing FY24 volumes. While overall demand was supported by rural sentiments following a better than expected monsoon, increasing penetration of electric two wheelers, supported by government schemes (PM E- Drive) emerged as a defining trend. Tier II and Tier III markets showed renewed appetite, particularly for commuter motorcycles and entry-level scooters, while premium segment gained traction amongst urban youth.

The passenger vehicle segment posted moderate growth in FY25, coming off a high base in FY24. However, a significant transformation in consumer preference was evident. Demand has clearly shifted towards premium/ semi-premium SUVs, which now account for nearly 65% of overall PV sales. In contrast, entry level hatchbacks continued to see decline both in demand and market share, reflecting changing affordability dynamics and evolving aspirations. This shift has led to an overall increase in avg ticket size of vehicle, translating into higher quantum of NBFC financing as well.

The CV segment remained stable in FY25, largely driven by Medium and Heavy Commercial Vehicles, which benefitted from infrastructure led government spending and improved freight movement. Government tenders, last-mile delivery fleet expansion (SCV segment) and a recovery in mining and construction activity were notable contributors to the volumes.

Near-term outlook: Following a 75bps reduction in repo rate over the past two quarters, the interest rate environment has begun to ease, providing much needed relief to the highly price sensitive automotive market. This monetary shift is expected to gradually improve consumer sentiment, particularly in the two wheeler and entry level passenger vehicle segments, which had previously been under pressure due to affordability concerns.

Retail demand is expected to gain momentum in second half of FY25, supported by upcoming festive season, improved financing options and new model launches across categories. Early signs of recovery in rural demand are also visible, supported by the forecast of a normal monsoon and continued government investments in rural infrastructure.

The financing ecosystem is evolving rapidly, with customers showing increased preference for flexible repayment structures, bundled insurance products and digital first onboarding. We expect credit demand to rise across used vehicles, CVs and Passenger vehicles. At the same time it is also imperative to maintain robust risk management practices to ensure a healthy portfolio amid expanding credit environment.

Bandra (East), Mumbai 400051

Long-term outlook Heading into FY26, the Indian Auto Industry is on a path of structural transformation, underpinned by robust macroeconomic fundamentals, favorable policy environment and shifting consumer preferences with electrification, digitization and premiumization expected to define the next wave of growth.

The government's continued push for EV adoption through incentives, localization mandates and infrastructure rollout will accelerate shift to cleaner mobility, particularly in the 2W, 3W and LCV segments. Simultaneously, the passenger segment is set to evolve with increasing hybrid and electric penetration, expanding premium portfolio and growing demand for connected and safer vehicles.

From a financing standpoint, the role of NBFC's becomes even more integral as access to mobility broadens across demographics and geographies. Deepening rural penetration, digital-first enablers and enhanced data analytics will drive smart credit delivery and operational efficiency. Used vehicle financing is also poised for sustained growth, driven by improved vehicle lifecycle management and growing appetite among value-conscious customers.

In essence, the long-term outlook for the industry remains positive, with ample headroom for growth. The focus for lenders will be on maintaining agility, embracing innovation and aligning closely with evolving customer needs to support the industry's growth

CORPORATE GOVERNANCE REPORT

Corporate governance is about promoting fairness, transparency, accountability, commitment to values, ethical business conduct and about considering all stakeholders' interest while conducting business.

In accordance with the provisions of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 and amendments thereto, (the 'SEBI Listing Regulations'), given below are the corporate governance policies and practices of Hinduja Leyland Finance Limited.

This report outlines compliance with requirements of the Companies Act, 2013, as amended (the 'Act'), the SEBI Listing Regulations and as per the Scale Based Regulations of RBI for Non-Banking Financial Companies ("NBFC") and other RBI regulations with respect to NBFC, as applicable to the Company.

1. Company's Philosophy on Corporate Governance

The Company recognizes its role as a corporate citizen and endeavors to adopt the best practices and the highest standards of Corporate Governance through transparency in business ethics, accountability to its customers, government and others. The Company's activities are carried out in accordance with good corporate practices and the Company is constantly striving to better them and adopt the best practices. As part of the Hinduja Group and as a subsidiary of Ashok Leyland Limited, the Company's philosophy on Corporate Governance is founded upon a rich legacy of fair, ethical and transparent governance practices.

2. Board of Directors

1. As on March 31, 2025 the Board comprised of nine (9) directors, consisting of a Non-executive and Non-independent Chairman, a Managing Director & Chief Executive Officer, two (2) Non-executive and Non-independent Directors and five (5) Independent Directors. Out of nine directors, eight are non-executive directors and five (55.55%) are Independent Directors including two women directors, with Mr. Dheeraj G Hinduja as Non-Independent Non-Executive Chairman and Mr. Sachin Pillai as Managing Director & Chief Executive Officer (MD&CEO). The composition of the Board is in

Plot No. C-21, Tower – C (1-3 Floors),
G Block, Bandra Kurla Complex,
Bandra (E), Mumbai – 400 051.

We have examined the relevant registers, records, forms, returns and disclosures received from the Directors of M/s. Hinduja Leyland Finance Limited having CIN: U65993MH2008PLC384221 and having registered office at Plot No. C-21, Tower – C (1-3 Floors), G Block, Bandra Kurla Complex, Bandra (E), Mumbai – 400 051 (hereinafter referred to as 'the Company'), produced before us by the Company for the purpose of issuing this Certificate, in accordance with Regulation 34(3) read with Schedule V Para-C Sub clause 10(i) of the Securities Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015.

In our opinion and to the best of our information and according to the verifications (including Directors Identification Number (DIN) status at the portal www.mca.gov.in) as considered necessary and explanations furnished to us by the Company & its officers, we hereby certify that none of the Directors on the Board of the Company as stated below for the financial Year ending on 31st March, 2025 have been debarred or disqualified from being appointed or continuing as Directors of companies by the Securities and Exchange Board of India, Ministry of Corporate Affairs or any such other Statutory Authority.

S. No.	Name of Director	DIN	Designation	Date of appointment in Company
1	Mr. Dheeraj Gopichand Hinduja	00133410	Chairman	30/08/2011
2	Mr. Sachin Pillai ¹	06400793	Managing Director & Chief Executive Officer	11/02/2020

3	Mr. Radhey Shyam Sharma ²	00013208	Director - Independent	19/12/2013
4	Mr. Gopalamudram Srinivasaraghavan Sundararajan	00361030	Director - Independent	21/05/2019
5	Mr. Gopal Mahadevan	01746102	Director	16/03/2015
6	Mr. Debabrata Sarkar	02502618	Director - Independent	16/03/2015
7	Mr. Jean Brunol ³	03044965	Director - Independent	22/03/2022
8	Mr. Sudhanshu Kumar Tripathi	06431686	Director	13/08/2015
9	Ms. Manju Agarwal	06921105	Director - Independent	05/06/2018
10	Dr. Mandeep Maitra	06937451	Director - Independent	21/03/2023
11	Ms. Jose Maria Alapont ⁴	07712699	Director - Independent	23/08/2024

Note:

- 1) On the recommendation of Nomination and Remuneration Committee, the Board of Directors at their meeting held on 3rd February 2025 re-appointed Mr. Sachin Pillai (DIN 06400793) as Managing Director for a period of 3 (Three) years with effect from 11th February, 2025. The said reappointment was approved by the Shareholders at the Extra-ordinary General meeting held on 12th March, 2025.
- 2) Mr. Radhey Shyam Sharma (DIN 00013208) Independent Director of the company retired on 22nd July 2024 on completion of tenure of his office.
- 3) Mr. Jean Brunol (DIN 03044965) Independent Director of the company resigned from the Directorship of the Company on 26th August 2024.
- 4) On the recommendation of the Nomination and Remuneration Committee, the Board of Directors on 23rd August 2024 appointed Mr. Jose Maria Alapont (DIN 07712699) as Additional Director in the category of Independent Director for a period of five years with effect from 23rd August 2024. As the Notice convening the Annual General Meeting held on 27th August, 2024 was dispatched to shareholders on 2nd August 2024 itself, the time gap between the date of appointment and date of Annual General Meeting was only three 3 days and

therefore the regularization of Mr. Jose Maria Alapont as Director was not considered in the said notice. However, based on the opinion of the learned Professional, the company obtained the approval of the shareholders for his regularization as Director at the Extra-ordinary General Meeting held on 20th November 2024.

Ensuring the eligibility for the appointment / continuity of every Director on the Board is the responsibility of the management of the Company. Our responsibility is to express an opinion on these based on our verification. This certificate is neither an assurance as to the future viability of the Company nor of the efficiency or effectiveness with which the management has conducted the affairs of the Company.

SECRETARIAL AUDIT REPORT
FOR THE FINANCIAL YEAR ENDED 31ST MARCH, 2025
[Pursuant to section 204(1) of the Companies Act, 2013 and rule No.9 of the Companies
(Appointment and Remuneration of Managerial Personnel) Rules, 2014]

To

The Members,
M/s. Hinduja Leyland Finance Limited
CIN# U65993MH2008PLC384221
Plot No. C-21, Tower C (1-3 Floors),
G Block, Bandra Kurla Complex,
Bandra (E), Mumbai,
Maharashtra 400051

We have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by M/s. Hinduja Leyland Finance Limited (hereinafter called the company). Secretarial Audit was conducted in a manner that provided me a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing my opinion thereon.

Based on our verification of the books, papers, minute books, forms and returns filed and other records maintained by the company and also the information, explanations and clarifications provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, we hereby report that in our opinion, the company has, during the audit period covering the financial ended 31st March, 2025 complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

We have examined the books, papers, minute books, forms and returns filed and other records maintained by M/s. Hinduja Leyland Finance Limited for the financial year ended on 31st March, 2025 according to the provisions of:

- (i) The Companies Act, 2013 (the Act) and the rules made thereunder;
- (ii) The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made thereunder;

- (iii) The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;
- (iv) Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings;
- (v) SEBI (Issue and Listing of Non-Convertible Securities) Regulations 2021.
- (vi) SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 ('SEBI LODR') to the extent applicable.
- (vii) Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015
- (viii) Reserve Bank of India Act, 1934 read with applicable Rules and Regulations relating to the:
 - a) Master Direction – Reserve Bank of India (Non-Banking Financial Company – Scale Based Regulation) Directions, 2023
 - b) Master Direction – Reserve Bank of India (Filing of Supervisory Returns) Directions – 2024

We have also examined compliance with the applicable clauses of the Secretarial Standards issued by The Institute of Company Secretaries of India.

During the period under review the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. mentioned above.

We report that during the audit period under review;

- 1) The company issued and allotted 82,000 equity shares of Rs.10/- each under Employee Stock Options Plan of the Company as detailed below:

Date of Allotment	Face Value Per Share (in Rs.)	Premium (in Rs.)	Number of Equity shares
03.09.2024	10	44.40	7,500
29.10.2024	10	100.00	10,000
	10	44.40	22,500
20.12.2024	10	44.40	25,000
19.02.2025	10	100.00	17,000
TOTAL			82,000

- 2) On the recommendation of the Audit committee and the Board of Directors, the company issued and allotted 1,00,00,000 Equity shares of Rs. 10/- each at a premium of Rs. 190/- on Preferential basis to M/s. Ashok Leyland Limited on 25th March 2025. The said issue of equity shares was approved by the shareholders at the Extra-ordinary General Meeting of the company held on 12th March 2025 at a shorter notice.
- 3) The Company issued and allotted 68,000 Secured, Rated, Listed, Redeemable Non-Convertible Debentures of Rs. 1,00,000/- each aggregating Rs. 680,00,00,000/- (Rupees Six Hundred and Eighty Crores) on various dates as follows.

12.02.2025	150	1,00,00,000/-	150,00,00,000/-
21.03.2025	80	1,00,00,000/-	80,00,00,000/-
Total	255	1,00,00,000/-	255,00,00,000/-

- 5) The company issued and allotted 1,52,400 Unsecured Rated Listed Redeemable Non-Convertible Debentures of Rs. 1,00,000/- each aggregating Rs. 1524,00,00,000/- (Rupees One Thousand Five Hundred and Twenty Four Crores) on various dates as follows.

Date of issue	No. of NCD's issued	Face Value (Rs.)	Aggregating to (Rs.)
24.05.2024	5,000	1,00,000/-	50,00,00,000/-
29.05.2024	19,000	1,00,000/-	1,90,00,00,000/-
26.06.2024	10,000	1,00,000/-	1,00,00,00,000/-
10.07.2024	12,500	1,00,000/-	125,00,00,000/-
22.07.2024	6,500	1,00,000/-	65,00,00,000/-
13.08.2024	4,500	1,00,000/-	45,00,00,000/-
20.08.2024	5,000	1,00,000/-	50,00,00,000/-
28.08.2024	13,500	1,00,000/-	135,00,00,000/-
04.09.2024	7,500	1,00,000/-	75,00,00,000/-
10.09.2024	10,000	1,00,000/-	100,00,00,000/-
13.09.2024	7,500	1,00,000/-	75,00,00,000/-
19.09.2024	10,000	1,00,000/-	100,00,00,000/-
30.09.2024	5,000	1,00,000/-	50,00,00,000/-
07.10.2024	4,000	1,00,000/-	40,00,00,000/-
30.10.2024	20,000	1,00,000/-	200,00,00,000/-
06.02.2025	2,500	1,00,000/-	25,00,00,000/-
28.02.2025	5,000	1,00,000/-	50,00,00,000/-
26.03.2025	4,900	1,00,000/-	49,00,00,000/-
Total	1,52,400	1,00,000/-	1524,00,00,000/-

- 6) On the recommendation of Nomination and Remuneration Committee, the Board of Directors at their meeting held on 3rd February 2025 re-appointed Mr. Sachin Pillai (DIN 06400793) as Managing Director for a period of 3 (Three) years with effect from 11th February, 2025. The said reappointment was approved by the Shareholders at the Extra-ordinary General meeting held on 12th March, 2025. At the Extra-ordinary General Meeting of M/s. Hinduja Housing Finance Limited (Subsidiary Company) held on 27th June 2024, the shareholders approved payment of one-time Managerial remuneration to Mr. Sachin Pillai Managing Director, who is also the Managing Director of the M/s. Hinduja Leyland Finance Limited. While computing the Managerial Remuneration under Section 197, 198 read with Schedule V of the Companies Act, 2013, the one-time payment referred above was reckoned accordingly.
- 7) On the recommendation of the Nomination and Remuneration Committee, the Board of Directors on 23rd August 2024 appointed Mr. Jose Maria Alapont (DIN 07712699) as Additional Director in the category of Independent Director for a period of five years with effect from 23rd August 2024. As the Notice convening the Annual General Meeting held on 27th August, 2024 was dispatched to shareholders on 2nd August 2024 itself, the time gap between the date of appointment and date of Annual General Meeting was only three 3 days and therefore the regularization of Mr. Jose Maria Alapont as Director was not considered in the said notice. However, based on the opinion of the learned Professional, the company obtained the approval of the shareholders for his regularization as Director at the Extra-ordinary General Meeting held on 20th November 2024.
- 8) On the recommendation of the Nomination and Remuneration Committee, the Board of Directors at their meeting held on 24th April 2024, re-appointed Mr. Gopalamudram Srinivasaraghavan Sundararajan (DIN 00361030) as Independent Director for a period of five years with effect from 21st May 2024. The said appointment was approved by the Shareholders at their Extra-ordinary General meeting held on 17th May 2024.
- 9) Mr. Radhey Shyam Sharma (DIN 00013208) Independent Director of the company retired on 22nd July 2024 on completion of tenure of his office.
- 10) Mr. Jean Brunol (DIN 03044965) Independent Director of the company resigned from the Directorship of the Company on 26th August 2024.

- 11) On the recommendation of Audit committee and Board of Directors, the Shareholders at the Annual General Meeting held on 27th August 2024, appointed M/s. R Subramanian and Company LLP, Chartered Accountants (FRN:0041375/S200041) as Statutory Auditors of the company for a period of 3 (Three) years from the financial year 2024-25.
- 12) The Company transferred an amount of Rs. 5,65,70,391/- (Rupees Five Crore Sixty Five Lakhs Seventy Thousand Three Hundred and Ninety One only) remaining unspent for the Financial Year ended 31st March 2025 relating to ongoing projects to a separate bank account on 30th April, 2025 as required under Section 135 of the Companies Act, 2013 read with the Companies (Corporate Social Responsibility Policy) Rules, 2014.

We further report that

The Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors. The changes in the composition of the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Act.

Adequate notice is given to all directors before schedule of the Board/Committee Meetings, agenda and detailed notes on agenda were sent at least seven days in advance and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting. Notes on agenda which are circulated less than the specified period, the necessary compliances under the Act and Secretarial Standards on Board meeting are complied with.

During the year under review, directors have participated in the board / committees' meetings through video conferencing, such meetings were properly convened and recorded in compliance with the provisions of Section 173(2) of the Companies Act read with Rule 3 & 4 of the Companies (Meetings of Board and its Powers) Rules, 2014.

All decisions in the Board meetings are approved by Directors unanimously and recorded as part of the minutes.

We further report that there are adequate systems and processes in the company commensurate with the size and operations of the company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

We have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by M/s. Hinduja Leyland Finance Limited (hereinafter called the company). Secretarial Audit was conducted in a manner that provided me a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing my opinion thereon.

Based on our verification of the books, papers, minute books, forms and returns filed and other records maintained by the company and also the information, explanations and clarifications provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, we hereby report that in our opinion, the company has, during the audit period covering the financial ended 31st March, 2025 complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

We have examined the books, papers, minute books, forms and returns filed and other records maintained by M/s. Hinduja Leyland Finance Limited for the financial year ended on 31st March, 2025 according to the provisions of:

- (i) The Companies Act, 2013 (the Act) and the rules made thereunder;
- (ii) The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made thereunder;

- (iii) The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;
- (iv) Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings;
- (v) SEBI (Issue and Listing of Non-Convertible Securities) Regulations 2021.
- (vi) SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 ('SEBI LODR') to the extent applicable.
- (vii) Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015
- (viii) Reserve Bank of India Act, 1934 read with applicable Rules and Regulations relating to the:
 - a) Master Direction – Reserve Bank of India (Non-Banking Financial Company – Scale Based Regulation) Directions, 2023
 - b) Master Direction – Reserve Bank of India (Filing of Supervisory Returns) Directions – 2024

We have also examined compliance with the applicable clauses of the Secretarial Standards issued by The Institute of Company Secretaries of India.

During the period under review the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. mentioned above.

We report that during the audit period under review;

- 1) The company issued and allotted 82,000 equity shares of Rs.10/- each under Employee Stock Options Plan of the Company as detailed below:

Date of Allotment	Face Value Per Share (in Rs.)	Premium (in Rs.)	Number of Equity shares
03.09.2024	10	44.40	7,500
29.10.2024	10	100.00	10,000
	10	44.40	22,500
20.12.2024	10	44.40	25,000
19.02.2025	10	100.00	17,000
TOTAL			82,000

- 2) On the recommendation of the Audit committee and the Board of Directors, the company issued and allotted 1,00,00,000 Equity shares of Rs. 10/- each at a premium of Rs. 190/- on Preferential basis to M/s. Ashok Leyland Limited on 25th March 2025. The said issue of equity shares was approved by the shareholders at the Extra-ordinary General Meeting of the company held on 12th March 2025 at a shorter notice.
- 3) The Company issued and allotted 68,000 Secured, Rated, Listed, Redeemable Non-Convertible Debentures of Rs. 1,00,000/- each aggregating Rs. 680,00,00,000/- (Rupees Six Hundred and Eighty Crores) on various dates as follows.

Date of issue	No. of NCD's issued	Face Value (Rs.)	Aggregating to (Rs.)
11.06.2024	5,500	1,00,000/-	55,00,00,000/-

- 6) On the recommendation of Nomination and Remuneration Committee, the Board of Directors at their meeting held on 3rd February 2025 re-appointed Mr. Sachin Pillai (DIN 06400793) as Managing Director for a period of 3 (Three) years with effect from 11th February, 2025. The said reappointment was approved by the Shareholders at the Extra-ordinary General meeting held on 12th March, 2025. At the Extra-ordinary General Meeting of M/s. Hinduja Housing Finance Limited (Subsidiary Company) held on 27th June 2024, the shareholders approved payment of one-time Managerial remuneration to Mr. Sachin Pillai Managing Director, who is also the Managing Director of the M/s. Hinduja Leyland Finance Limited. While computing the Managerial Remuneration under Section 197, 198 read with Schedule V of the Companies Act, 2013, the one-time payment referred above was reckoned accordingly.
- 7) On the recommendation of the Nomination and Remuneration Committee, the Board of Directors on 23rd August 2024 appointed Mr. Jose Maria Alapont (DIN 07712699) as Additional Director in the category of Independent Director for a period of five years with effect from 23rd August 2024. As the Notice convening the Annual General Meeting held on 27th August, 2024 was dispatched to shareholders on 2nd August 2024 itself, the time gap between the date of appointment and date of Annual General Meeting was only three 3 days and therefore the regularization of Mr. Jose Maria Alapont as Director was not considered in the said notice. However, based on the opinion of the learned Professional, the company obtained the approval of the shareholders for his regularization as Director at the Extra-ordinary General Meeting held on 20th November 2024.
- 8) On the recommendation of the Nomination and Remuneration Committee, the Board of Directors at their meeting held on 24th April 2024, re-appointed Mr. Gopalamudram Srinivasaraghavan Sundararajan (DIN 00361030) as Independent Director for a period of five years with effect from 21st May 2024. The said appointment was approved by the Shareholders at their Extra-ordinary General meeting held on 17th May 2024.
- 9) Mr. Radhey Shyam Sharma (DIN 00013208) Independent Director of the company retired on 22nd July 2024 on completion of tenure of his office.
- 10) Mr. Jean Brunol (DIN 03044965) Independent Director of the company resigned from the Directorship of the Company on 26th August 2024.

- 11) On the recommendation of Audit committee and Board of Directors, the Shareholders at the Annual General Meeting held on 27th August 2024, appointed M/s. R Subramanian and Company LLP, Chartered Accountants (FRN:0041375/S200041) as Statutory Auditors of the company for a period of 3 (Three) years from the financial year 2024-25.
- 12) The Company transferred an amount of Rs. 5,65,70,391/- (Rupees Five Crore Sixty Five Lakhs Seventy Thousand Three Hundred and Ninety One only) remaining unspent for the Financial Year ended 31st March 2025 relating to ongoing projects to a separate bank account on 30th April, 2025 as required under Section 135 of the Companies Act, 2013 read with the Companies (Corporate Social Responsibility Policy) Rules, 2014.

We further report that

The Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors. The changes in the composition of the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Act.

Adequate notice is given to all directors before schedule of the Board/Committee Meetings, agenda and detailed notes on agenda were sent at least seven days in advance and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting. Notes on agenda which are circulated less than the specified period, the necessary compliances under the Act and Secretarial Standards on Board meeting are complied with.

During the year under review, directors have participated in the board / committees' meetings through video conferencing, such meetings were properly convened and recorded in compliance with the provisions of Section 173(2) of the Companies Act read with Rule 3 & 4 of the Companies (Meetings of Board and its Powers) Rules, 2014.

All decisions in the Board meetings are approved by Directors unanimously and recorded as part of the minutes.

We further report that there are adequate systems and processes in the company commensurate with the size and operations of the company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

Independent Auditor's Report**To the Members of Hinduja Leyland Finance Limited****Report on the Audit of the Standalone Financial Statements****Opinion**

1. We have audited the accompanying standalone financial statements of Hinduja Leyland Finance Limited ('the Company'), which comprise the Standalone Balance Sheet as at 31 March 2025, the Standalone Statement of Profit and Loss (including Other Comprehensive Income), the Standalone Statement of Cash Flow and the Standalone Statement of Changes in Equity for the year then ended, and notes to the standalone financial statements, including material accounting policy information and other explanatory information.
2. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ('the Act') in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards ('Ind AS') specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015 and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2025, and its profit (including other comprehensive income), its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

3. We conducted our audit in accordance with the Standards on Auditing specified under section 143(10) of the Act. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ('ICAI') together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

4. Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current year. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We have determined the matters described below to be the key audit matters to be communicated in our report.

Key audit matter	How our audit addressed the key audit matter
<p>1. Impairment of financial assets (loans) based on Expected Credit Losses (ECL) (Refer note 3.6 for material accounting policy and notes 6 and 43 for financial disclosures in the accompanying standalone financial statements)</p> <p>As at 31 March 2025, the Company reported total gross loans of ₹ 3,790,453 lakhs (31 March 2024: ₹ 3,003,798 lakhs) and expected credit loss provisions of ₹ 88,822 lakhs (31 March 2024: ₹ 80,137 lakhs).</p> <p>Ind AS 109, Financial Instruments ('Ind AS 109') requires the Company to provide for impairment of its financial assets using the expected credit loss ('ECL') approach involving an estimation of probability of loss on the financial assets, considering reasonable and supportable information about past events, current conditions and forecasts of future economic conditions which could impact the credit quality of the Company's financial assets.</p> <p>Expected credit loss cannot be measured precisely but can only be estimated through use of statistics. The estimation of impairment loss allowance on financial instruments involves significant judgement and estimates and applying appropriate measurement principles, including additional considerations on account of Reserve Bank of India guidelines in relation to restructuring. The Company has involved an external expert to measure probability of default (PD), loss given default (LGD), in accordance with Ind AS 109.</p>	<p>Our audit focused on assessing the appropriateness of management's judgment and estimates used in the expected credit losses through procedures which included, but were not limited to the following:</p> <ul style="list-style-type: none"> • Examined the policy approved by the Board of Directors ('Board') with respect to process and procedures for assessing and measuring credit risk on the lending exposures of the Company and evaluated its appropriateness in accordance with the requirements of Ind AS 109. • Evaluated the design and tested the operating effectiveness of controls across the process relevant to ECL measurement, including around the judgements and estimates made by the management. These controls, amongst others, included controls over the allocation of assets into stages along with management's monitoring of and completeness of the underlying data used in the models, credit monitoring, passing of journal entries and preparing disclosures. • With respect to management expert involved for the Company's modelling approach, we obtained the deliverables of the expert submitted to the management and assessed the professional competence and objectivity of such management expert. • Tested the completeness of loans included in the ECL calculations as of 31 March 2025 by reconciling such data with the balances as per loan book register. • Tested, on a sample basis, the appropriateness of determining EAD, the data used in the PD and LGD model for ECL calculation by reconciling it to the source information systems of the Company. Further, tested classification of assets into stage 1, 2 and 3 categories, on a sample basis, to verify that these were allocated to the appropriate stage.

<p>The Company measures 12-month ECL for Stage 1 loan assets and lifetime ECL for Stage 2 and Stage 3 loan assets. Significant management judgment and assumptions involved in measuring ECL is required with respect to:</p> <ul style="list-style-type: none"> • segmentation of loan assets in buckets based on common risk characteristics. • staging of loans and in particular determining the criteria, which includes qualitative factors for identifying a significant increase in credit risk (i.e. Stage 2) and credit-impaired (i.e. Stage-3) including the days past due. • factoring in future macro-economic and industry specific estimates and forecasts. • past experience on customer behaviour on repayments. • varied statistical modelling techniques to determine PD, LGD and exposure at default (EAD) basis the default history of loans, subsequent recoveries made. • effect of discounting the cash flows by estimating the timing of expected credit shortfalls associated with the defaults. <p>Impairment losses in addition to the model-driven ECL results are recorded as overlays by management, to address known impairment model limitations or emerging trends as well as risks not captured by models.</p> <p>As at 31 March 2025, overlays represent approximately 32% of the ECL balances. These adjustments required significant management judgement.</p> <p>Determining ECL on the financial assets also requires compliance with key disclosure requirements as prescribed under the standards and by the Reserve Bank of India, to explain the key judgements and assumptions made by the management in the measurement.</p> <p>Considering the significance of the above matter to the standalone financial statements and since the matter required our significant attention to test the calculation of expected credit losses, we have identified this as a key audit matter for current year audit.</p>	<ul style="list-style-type: none"> • Obtained an understanding of the modelling techniques adopted by the Company including the key inputs and assumptions. Challenged the management on post model adjustments, considering the size and complexity of management overlays, in order to assess the reasonableness of the adjustments. • Performed an overall assessment of the ECL provision levels at each stage, including management's assessment and provision on account of the Company's portfolio as well as the macroeconomic environment. • On a test check basis, ensured compliance with RBI Master Circular on 'Prudential Norms on Income Recognition, Asset Classification and Provisioning pertaining to advances' ('IRACP') read with RBI circular on 'Prudential norms on Income Recognition, Asset Classification and Provisioning pertaining to Advances – Clarifications' dated 12 November 2021 along with RBI notification RBI/2021-2022/158 dated 15 February 2022, in relation to identification, upgradation and provisioning of non-performing assets (NPAs) and ensured that the Company has considered NPAs as credit impaired loans. • Obtained written representations from the management in relation to appropriateness of such ECL methodology and reasonableness of the judgements and assumptions used. • Assessed the appropriateness and adequacy of the related presentation and disclosures in the accompanying standalone financial statements in accordance with the applicable Indian Accounting Standards and related RBI circulars.

Key audit matter	How our audit addressed the key audit matter
<p>2. Financial assets measured at fair value through other comprehensive income (FVTOCI) (Refer note 3.3 for material accounting policy and note 6 of standalone financial statements)</p> <p>As at 31 March 2025, the Company has loans amounting to ₹ 2,714,124 lakhs (31 March 2024: ₹ 2,091,339 lakhs) that are carried and measured at FVTOCI in accordance with Ind AS 109.</p> <p>The classification of such loans at FVTOCI is dependent on the business model adopted by the Company to manage such financial assets in order to generate cash flows.</p> <p>The management has determined that their business model of aforesaid loans is to collect contractual cash flows (solely payments of principal and interest on the amount outstanding) and also to sell such financial assets, and hence, such loans are classified at FVTOCI in accordance with the principles of Ind AS 109.</p> <p>In measuring these loans, valuation methods are used based on inputs that are not directly observable from market information and certain other unobservable inputs. The management has used the services of an independent professional valuer for arriving at the fair value of aforesaid loan assets. Such fair value is derived using discounted cash flow models wherein the key assumptions include discount rate and adjustment for credit risk including default risk.</p> <p>Given the subjectivity involved in ascertaining the business model and the fair valuation of the aforesaid loans, relative significance of these loans to the standalone financial statements and the nature and extent of audit procedures involved, we determined this to be a key audit matter.</p>	<p>Our audit procedures in relation to financial assets measured at FVTOCI included, but were not limited, to the following:</p> <ul style="list-style-type: none"> • Obtained an understanding of the 'Business Model Policy Note' approved by the Board of Directors of the Company, and evaluated whether the identified loan portfolio would satisfy the conditions of Ind AS 109 for measurement at FVTOCI. • Assessed the design and tested the operating effectiveness of managements' key internal controls over inputs used in the valuation model. • Obtained the valuation report of the management's valuation expert involved and assessed the expert's competence and objectivity in performing the valuation of these loans. • With the support of our internal specialists, assessed whether the valuation methodology adopted by the management's expert is appropriate and tested the reasonableness of the underlying assumptions used such as discount rates to estimate the fair value of the said loans by performing independent sensitivity analysis. Also, tested the completeness of source data and arithmetical accuracy of the management working. • Assessed the appropriateness and adequacy of disclosures made in the standalone financial statements with respect to Company's exposure to financial instrument valuation risk as per the requirements of the Indian Accounting standards. • Obtained written representations from the management in relation to reasonableness of the assumptions and judgements used in the valuation of these loans.

Key audit matter	How our audit addressed the key audit matter
<p>3. Information Technology (“IT”) Systems and Controls for the financial reporting process</p> <p>The Company is highly dependent on its information technology (IT) systems for carrying on its operations which require large volume of transactions to be processed in numerous locations on a daily basis. The financial accounting system of the Company is integrated with several other modules including Loan Management, Originating and Collection modules and other workflows.</p> <p>As a result, there is a high degree of reliance and dependency on such IT systems for the financial reporting process of the Company. Appropriate IT general controls and application controls are required to ensure that such IT systems are able to process the data, as required, completely, accurately and consistently for reliable financial reporting.</p> <p>The accuracy and reliability of the financial reporting process depends on the IT systems and the related control environment, including:</p> <ul style="list-style-type: none"> • IT general controls over user access management and change management across applications, networks, database, and operating systems; • IT application controls. <p>Due to the pervasive nature and importance of the role of IT systems and related control environment on the Company's financial reporting process, we have identified testing of such IT systems and related control environment as a key audit matter for the current year audit.</p>	<p>In our audit, our focus was on user access management, change management, segregation of duties, system reconciliation controls and system application controls over key financial accounting and reporting systems. We performed a range of audit procedures with the involvement of our IT specialists, which included but were not limited to, the following:</p> <ul style="list-style-type: none"> • Obtained an understanding of the Company's IT related control environment, IT applications, databases and IT Infrastructure. Based on our understanding, we have evaluated and tested relevant IT general controls and IT application controls on the systems identified as relevant for our audit of the standalone financial statements. • On such in-scope IT systems, we have tested key IT general controls with respect to the following domains: <ul style="list-style-type: none"> a. User access management, which includes user access provisioning, de-provisioning, access review, password policies, sensitive access rights and segregation of duties to ensure that privileged access to applications, operating system and databases in the production environment were granted only to authorized personnel; b. Program change management, which includes controls on moving program changes to production environment by authorised personnel as per defined policy and procedures along with adequate segregation of environment; c. Other areas that were assessed under the IT control environment included backup management. • Reviewed the report of Information System Audit carried out in the current and previous years by a firm engaged by management, pertaining to IT systems general controls including access rights over applications, operating systems and databases relied upon for financial reporting and discussed the deficiencies with the management along with corresponding mitigating actions undertaken.

Key audit matter	How our audit addressed the key audit matter
	<ul style="list-style-type: none"> Evaluated the design and tested the operating effectiveness of key automated controls within various business processes, including testing of relevant system logic and corresponding automated calculations and process for automated accounting entries, as applicable. Where deficiencies were identified, tested compensating controls and/or performed additional substantive audit procedures as required to mitigate any risk of material misstatement with respect to related financial statement line item. Obtained written representations from management on whether IT general controls and automated IT controls are designed and were operating effectively during the year.

Information other than the Standalone Financial Statements and Auditor's Report thereon

5. The Company's Board of Directors are responsible for the other information. The other information comprises the information included in the Board's Report and Corporate Governance Report, but does not include the standalone financial statements and our auditor's report thereon. These reports are expected to be made available to us after the date of this auditor's report.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

When we read the other information, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance.

Responsibilities of Management and Those Charged with Governance for the Standalone Financial Statements

6. The accompanying standalone financial statements have been approved by the Company's Board of Directors. The Company's Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation and presentation of these standalone financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS specified under section 133 of the Act and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

7. In preparing the standalone financial statements, the Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.
8. The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

9. Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.
10. As part of an audit in accordance with Standards on Auditing, specified under section 143(10) of the Act we exercise professional judgment and maintain professional skepticism throughout the audit. We also:
 - Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control;
 - Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls;
 - Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management;
 - Conclude on the appropriateness of Board of Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern; and
 - Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
11. We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
12. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

13. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current year and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matter

14. The standalone financial statements of the Company for the year ended 31 March 2024 were jointly audited by the predecessor auditor, Suresh Surana & Associates LLP and Walker Chandio & Co LLP, who have expressed an unmodified opinion on those standalone financial statements vide their audit report dated 15 May 2024. Accordingly, R. Subramanian and Company LLP do not express any opinion on the figures reported in the standalone financial statements for the year ended 31 March 2024.

Report on Other Legal and Regulatory Requirements

15. As required by section 197(16) of the Act, based on our audit, we report that the Company has paid remuneration to its directors during the year in accordance with the provisions of and limits laid down under section 197 read with Schedule V to the Act.
16. As required by the Companies (Auditor's Report) Order, 2020 ('the Order') issued by the Central Government of India in terms of section 143(11) of the Act we give in the Annexure A, a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
17. Further to our comments in Annexure A, as required by section 143(3) of the Act based on our audit, we report, to the extent applicable, that:
- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit of the accompanying standalone financial statements;
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
 - c) The standalone financial statements dealt with by this report are in agreement with the books of account;
 - d) In our opinion, the aforesaid standalone financial statements comply with Ind AS specified under section 133 of the Act;
 - e) On the basis of the written representations received from the directors and taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2025 from being appointed as a director in terms of section 164(2) of the Act;
 - f) With respect to the adequacy of the internal financial controls with reference to standalone financial statements of the Company as on 31 March 2025 and the operating effectiveness of such controls, refer to our separate report in Annexure B wherein we have expressed an unmodified opinion; and

- g) With respect to the other matters to be included in the Auditor's Report in accordance with rule 11 of the Companies (Audit and Auditors) Rules, 2014 (as amended), in our opinion and to the best of our information and according to the explanations given to us:
- i. The Company, as detailed in note 36 to the standalone financial statements, has disclosed the impact of pending litigations on its financial position as at 31 March 2025.
 - ii. The Company has made provision as at 31 March 2025, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts;
 - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company during the year ended 31 March 2025;
 - iv.
 - a. The management has represented that, to the best of its knowledge and belief, as disclosed in note 53 to the standalone financial statements, no funds have been advanced or loaned or invested (either from borrowed funds or securities premium or any other sources or kind of funds) by the Company to or in any persons or entities, including foreign entities ('the intermediaries'), with the understanding, whether recorded in writing or otherwise, that the intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ('the Ultimate Beneficiaries') or provide any guarantee, security or the like on behalf the Ultimate Beneficiaries;
 - b. The management has represented that, to the best of its knowledge and belief, as disclosed in note 53 to the standalone financial statements, no funds have been received by the Company from any persons or entities, including foreign entities ('the Funding Parties'), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ('Ultimate Beneficiaries') or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and
 - c. Based on such audit procedures performed as considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the management representations under sub-clauses (a) and (b) above contain any material misstatement.
 - v. The Company has not declared or paid any dividend during the year ended 31 March 2025.

Walker Chandiok & Co LLP

R. Subramanian and Company LLP

- vi. Based on our examination which included test checks, the Company, in respect of financial year commencing on 1 April 2024, has used an accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has been operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit we did not come across any instance of audit trail feature being tampered with. Furthermore, the audit trail has been preserved by the Company as per the statutory requirements for record retention.

Annexure A referred to in paragraph 16 of the Independent Auditor's Report of even date to the members of Hinduja Leyland Finance Limited on the standalone financial statements for the year ended 31 March 2025

In terms of the information and explanations sought by us and given by the Company and the books of account and records examined by us in the normal course of audit, and to the best of our knowledge and belief, we report that:

- (i) (a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of property, plant and equipment, capital work-in-progress and relevant details of right-of-use assets.

(B) The Company has maintained proper records showing full particulars of intangible assets.
- (b) The Company has a regular programme of physical verification of its property, plant and equipment, capital work-in-progress and relevant details of right-of-use assets under which the assets are physically verified in a phased manner over a period of three years, which in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. In accordance with this programme, certain property, plant and equipment, capital work-in-progress and relevant details of right-of-use assets were verified during the year and no material discrepancies were noticed on such verification.
- (c) The title deeds of all the immovable properties held by the Company (other than properties where the Company is the lessee and the lease agreements are duly executed in favour of the lessee), disclosed in Note 9 to the standalone financial statements, are held in the name of the Company.
- (d) The Company has adopted cost model for its Property, Plant and Equipment (including right-of-use assets) and intangible assets. Accordingly, reporting under clause 3(i)(d) of the Order is not applicable to the Company.
- (e) No proceedings have been initiated or are pending against the Company for holding any benami property under the Prohibition of Benami Property Transactions Act, 1988 (as amended) and rules made thereunder.
- (ii) (a) The Company does not hold any inventory. Accordingly, reporting under clause 3(ii)(a) of the Order is not applicable to the Company.

(b) As disclosed in Note 50 to the standalone financial statements, the Company has been sanctioned a working capital limit in excess of ₹ 5 crores by banks based on the security of current assets. The quarterly returns/statements, in respect of the working capital limits have been filed by the Company with such banks and such returns/statements are in agreement with the books of account of the Company for the respective periods, which were subject to review.
- (iii) (a) The Company is a Non-Banking Finance Company and its principal business is to give loans. Accordingly, reporting under clause 3(iii)(a) of the Order is not applicable to the Company.

(b) The Company has not provided any guarantee or given any security or granted any advances in the nature of loans during the year. However, the Company has granted loans and made investment and, in our opinion, and according to the information and explanations given to us, such loans and investments made are, prima facie, not prejudicial to the interest of the Company.

Annexure A referred to in Paragraph 16 of the Independent Auditor's Report of even date to the members of Hinduja Leyland Finance Limited on the standalone financial statements for the year ended 31 March 2025

- (c) The Company is a Non-Banking Financial Company ('NBFC'), registered under provisions of the Reserve Bank of India Act, 1934 and rules made thereunder and is regulated by various regulations, circulars and norms issued by the Reserve Bank of India including Master Circular – Prudential norms on Income Recognition, Asset Classification and Provisioning pertaining to Advances. In respect of loans and advances in the nature of loans granted by the Company, we report that the schedule of repayment of principal and payment of interest has been stipulated and the repayments/ receipts of principal and interest are regular except for instances as below, as also disclosed under Note 43 to the standalone financial statements:

Particulars – Days Past Due	Aggregate amount outstanding for overdue loans as at 31 March 2025 (in ₹ lakhs)	No. of cases
1-30 days	305,666	183,083
31-60 days	249,036	68,701
61-90 days	91,253	42,731
More than 90 days	137,668	86,467

Having regard to the nature of business of the Company and volume of the transactions, it is impractical to furnish the item-wise listing for the above-mentioned cases of delay in repayment of principal and interest.

- (d) According to the information and explanations given to us, the total amount which is overdue for more than 90 days in respect of loans and advances in the nature of loans given in the course of the business operations of the Company aggregates to ₹ 137,668 lakhs as at 31 March 2025 in respect of 86,467 number of loans, as also disclosed in Note 43 to the standalone financial statements. Further, reasonable steps as per the policies and procedures of the Company have been taken for recovery of such principal and interest amounts overdue.
- (e) The Company is a Non-Banking Finance Company and its principal business is to give loans. Accordingly, reporting under clause 3(iii)(e) of the Order is not applicable to the Company.
- (f) The Company has not granted any loans or advances in the nature of loans, which are repayable on demand or without specifying any terms or period of repayment.
- (iv) In our opinion, and according to the information and explanations given to us, the Company has complied with the provisions of section 186 of the Act in respect of loans and investments made, as applicable. Further, the Company has not entered into any transaction covered under section 185 and section 186 of the Act in respect of guarantees and security provided by it.
- (v) In our opinion, and according to the information and explanations given to us, the Company has not accepted any deposits or there are no amounts which have been deemed to be deposits within the meaning of sections 73 to 76 of the Act and the Companies (Acceptance of Deposits) Rules, 2014 (as amended). Accordingly, reporting under clause 3(v) of the Order is not applicable to the Company.
- (vi) The Central Government has not specified maintenance of cost records under sub-section (1) of section 148 of the Act, in respect of Company's business activities. Accordingly, reporting under clause 3(vi) of the Order is not applicable.

Annexure A referred to in Paragraph 16 of the Independent Auditor's Report of even date to the members of Hinduja Leyland Finance Limited on the standalone financial statements for the year ended 31 March 2025

(vii)(a) In our opinion and according to the information and explanations given to us, the Company is regular in depositing undisputed statutory dues including goods and services tax, provident fund, employees' state insurance, income-tax, cess and other material statutory dues, as applicable, with the appropriate authorities. Further, no undisputed amounts payable in respect thereof were outstanding at the year-end for a period of more than six months from the date they became payable.

(b) According to the information and explanations given to us, we report that there are no statutory dues referred in sub-clause (a) which have not been deposited with the appropriate authorities on account of any dispute except for the following:

Name of the statute	Nature of dues	Gross Amount ₹ in lakhs	Amount paid under Protest ₹ in lakhs	Period to which the amount relates	Forum where dispute is pending
Income Tax	Tax, Interest, penalty	819.43	133.08	2017-18	CIT Appeals
Odisha VAT Act, 2004	Value Added Tax	0.39	-	2012-13	High Court of Judicature at Orissa
Andhra Pradesh Value Added Tax Act, 2005	Value Added Tax	17.55	5.85	2011-12	High Court of Judicature at Hyderabad
Karnataka VAT Act, 2003	Value Added Tax	121.16	36.35	2012-13 to 2016-17	High Court of Judicature at Bengaluru, Karnataka

(viii) According to the information and explanations given to us, we report that no transactions were surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961 (43 of 1961) which have not been previously recorded in the books of accounts.

(ix) (a) In our opinion and according to the information and explanations given to us, the Company has not defaulted in repayment of its loans or borrowings or in the payment of interest thereon to any lender.

(b) According to the information and explanations given to us including confirmations received from banks and representation received from the management of the Company, and on the basis of our audit procedures, we report that the Company has not been declared a willful defaulter by any bank or financial institution or government or any government authority.

(c) In our opinion and according to the information and explanations given to us, money raised by way of term loans were applied for the purposes for which these were obtained, though idle/surplus funds which were not required for immediate utilisation have been invested in readily realisable liquid investments.

(d) In our opinion and according to the information and explanations given to us, and on an overall examination of the standalone financial statements of the Company, funds raised by the Company on short term basis have, prima facie, not been utilised for long term purposes.

Annexure A referred to in Paragraph 16 of the Independent Auditor's Report of even date to the members of Hinduja Leyland Finance Limited on the standalone financial statements for the year ended 31 March 2025

- (e) In our opinion and according to the information and explanations given to us and on an overall examination of the standalone financial statements of the Company, the Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries, associate or joint venture.
- (f) In our opinion and according to the information and explanations given to us, the Company has not raised any loans during the year on the pledge of securities held in its subsidiaries, joint venture or associate company.
- (x) (a) The Company has not raised any money by way of initial public offer or further public offer (including debt instruments), during the year. Accordingly, reporting under clause 3(x)(a) of the Order is not applicable to the Company.
- (b) During the year, the Company has made preferential allotment of shares. In our opinion and according to the information and explanations given to us, the Company has complied with the requirements of section 42 and section 62 of the Act and the rules framed thereunder with respect to the same. Further, the amounts so raised were used for the purposes for which the funds were raised, though idle/surplus funds which were not required for immediate utilisation have been invested in readily realisable liquid investments.
- (xi) (a) To the best of our knowledge and according to the information and explanations given to us, no fraud by the Company or no fraud on the Company has been noticed or reported during the period covered by our audit.
- (b) According to the information and explanations given to us including the representation made to us by the management of the Company, no report under sub-section 12 of section 143 of the Act has been filed by the auditors in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014, with the Central Government for the period covered by our audit.
- (c) According to the information and explanations given to us including the representation made to us by the management of the Company, there are no whistle-blower complaints received by the Company during the year.
- (xii) The Company is not a Nidhi Company and the Nidhi Rules, 2014 are not applicable to it. Accordingly, reporting under clause 3(xii) of the Order is not applicable to the Company.
- (xiii) In our opinion and according to the information and explanations given to us, all transactions entered into by the Company with the related parties are in compliance with sections 177 and 188 of the Act, where applicable. Further, the details of such related party transactions have been disclosed in the standalone financial statements, as required under Indian Accounting Standard (Ind AS) 24, Related Party Disclosures specified in Companies (Indian Accounting Standards) Rules 2015 as prescribed under section 133 of the Act.
- (xiv) (a) In our opinion and according to the information and explanations given to us, the Company has an internal audit system which is commensurate with the size and nature of its business as required under the provisions of section 138 of the Act.
- (b) We have considered the reports issued by the Internal Auditors of the Company till date for the period under audit.
- (xv) According to the information and explanation given to us, the Company has not entered into any non-cash transactions with its directors or persons connected with its directors and accordingly, reporting under clause 3(xv) of the Order with respect to compliance with the provisions of section 192 of the Act are not applicable to the Company.

Annexure A referred to in Paragraph 16 of the Independent Auditor's Report of even date to the members of Hinduja Leyland Finance Limited on the standalone financial statements for the year ended 31 March 2025

- (xvi) (a) The Company is required to be registered under section 45-IA of the Reserve Bank of India Act, 1934 and such registration has been obtained by the Company.
- (b) In our opinion and according to the information and explanations given to us, the Company has conducted Non-Banking Financial activities during the year under a valid Certificate of Registration (CoR) from the RBI as per the Reserve Bank of India Act, 1934.
- (c) In our opinion and according to the information and explanations given to us, the Company is not a Core Investment Company (CIC) as defined in the regulations made by the RBI. Accordingly, reporting under clause 3(xvi)(c) of the Order is not applicable to the Company.
- (d) Based on the information and explanations given to us and as represented by the management of the Company, the Group as defined in Core Investment Companies (Reserve Bank) Directions, 2016) does not have any CIC .
- (xvii) The Company has not incurred any cash losses in the current financial year as well as the immediately preceding financial year.
- (xviii) There has been no resignation of the statutory auditors during the year. Accordingly, reporting under clause 3(xviii) of the Order is not applicable to the Company.
- (xix) According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information in the standalone financial statements, our knowledge of the plans of the Board of Directors and management and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the company as and when they fall due.
- (xx)(a) In our opinion and according to the information and explanations given to us, there are no unspent amounts towards Corporate Social Responsibility pertaining to other than ongoing projects as at end of the current financial year. Accordingly, reporting under clause 3(xx)(a) of the Order is not applicable to the Company.
- (b) In our opinion and according to the information and explanations given to us, the Company has transferred the remaining unspent amounts towards Corporate Social Responsibility (CSR) under sub-section (5) of section 135 of the Act, in respect of ongoing project, within a period of 30 days from the end of financial year to a special account in compliance with the provision of sub-section (6) of section 135 of the Act.

Annexure B to the Independent Auditor's Report of even date to the members of Hinduja Leyland Finance Limited on the standalone financial statements for the year ended 31 March 2025

Independent Auditor's Report on the internal financial controls with reference to the standalone financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ('the Act')

1. In conjunction with our audit of the standalone financial statements of Hinduja Leyland Finance Limited ('the Company') as at and for the year ended 31 March 2025, we have audited the internal financial controls with reference to financial statements of the Company as at that date.

Responsibilities of Management and Those Charged with Governance for Internal Financial Controls

2. The Company's Board of Directors is responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to standalone financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting ('the Guidance Note') issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of the Company's business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility for the Audit of the Internal Financial Controls with Reference to Financial Statements

3. Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the ICAI prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to financial statements, and the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements were established and maintained and if such controls operated effectively in all material respects.
4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements includes obtaining an understanding of such internal financial controls, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.
5. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to financial statements .

Meaning of Internal Financial Controls with Reference to Financial Statements

6. A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance

Annexure B to the Independent Auditor's Report of even date to the members of Hinduja Leyland Finance Limited on the standalone financial statements for the year ended 31 March 2025

that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with Reference to Financial Statements

7. Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

8. In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to financial statements and such controls were operating effectively as at 31 March 2025, based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the ICAI.

2 Basis of preparation

2.1 Statement of compliance and basis for preparation and presentation of financial statements

The standalone financial statements ("the financial statements") have been prepared under historical cost convention on an accrual basis in accordance with the Indian Accounting Standards ("Ind AS") and the relevant provisions of the Companies Act, 2013 (the "Act") along with other relevant provisions of the Act, Master Direction – Reserve Bank of India (Non-Banking Financial Company – Scale Based Regulation) Directions, 2023(as amended) and notification for Implementation of Indian Accounting Standard vide circular RBI/2019-20/170 DOR(NBFC).CC.PD.No.109/22.10.106/2019-20 dated 13 March 2020 ('RBI Notification for Implementation of Ind AS') issued by RBI (to the extent notified). The Ind AS are prescribed under Section 133 of the Act read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and relevant amendment rules issued thereafter. Details of the Company's accounting policies are disclosed in Note 3.

These standalone financial statements have been approved by the Company's Board of Directors and authorised for issue on 17 May 2025.

2.2 Presentation of financial statements

The Balance Sheet, the Statement of Profit and Loss and the Statement of Changes in Equity are prepared and presented in the format prescribed in Division III of Schedule III to the Act. The Statement of Cash Flows has been prepared and presented as per the requirements of Ind AS 7 "Statement of Cash Flows".

Financial assets and financial liability are generally reported gross in the balance sheet. They are only offset and reported net when, in addition to having an unconditional legally enforceable right to offset the recognised amounts without being contingent on a future event, the parties also intend to settle on a net basis in all of the following circumstances:

- (i) The normal course of business
- (ii) The event of default

Previous year figures have been restated / regrouped / re-classified wherever necessary in line with the standalone financial statements for the year ended March 31, 2025. The impact of such restatements/ regroupings are not material to the standalone financial statements.

2.3 Functional and presentation currency

These financial statements are presented in Indian Rupees (INR), which is also the Company's functional currency. All amounts have been rounded-off to the nearest lakh, unless otherwise indicated.

HINDUJA LEYLAND FINANCE LIMITED

Notes to standalone financial statements for the year ended 31 March 2025

(All amounts are in Indian Rupees in lakhs, except share data and as stated)

2.4 Basis of measurement

The financial statements have been prepared on historical cost basis except for certain financial instruments that are measured at fair values.

A historical cost is a measure of value used in accounting in which the price of an asset on the balance sheet is based on its nominal or original cost when acquired by the Company.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in these financial statements is determined on such a basis, except for share based payment transactions that are within the scope of Ind AS 102 Share based Payment, leasing transactions that are within the scope of Ind AS 116 Leases.

Fair value measurements under Ind AS are categorised into fair value hierarchy based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 quoted prices (unadjusted) in active markets for identical assets or liabilities that the Company can access on measurement date.
- Level 2 inputs, other than quoted prices included within level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 where unobservable inputs are used for the valuation of assets or liabilities.

2.5 Use of estimates and judgements

The preparation of the financial statements in conformity with Indian Accounting Standards ("Ind AS") requires the management to make estimates, judgements and assumptions. These estimates, judgements and assumptions affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the year. Accounting estimates could change from period to period. Actual results could differ from those estimates. Revisions to accounting estimates are recognised prospectively. The Management believes that the estimates used in preparation of the financial statements are prudent and reasonable. Future results could differ due to these estimates and the differences between the actual results and the estimates are recognised in the periods in which the results are known / materialise.

i) Business model assessment

Classification and measurement of financial assets depends on the results of business model and the solely payments of principal and interest ("SPPI") test. The Company determines the business model at a level that reflects how groups of financial assets are managed together to achieve a particular business objective. This assessment includes judgement reflecting all relevant evidence including how the performance of the assets is evaluated and their performance measured, the risks that affect the performance of the assets and how these are managed and how the managers of the assets are compensated. The Company monitors financial assets measured at amortised cost or fair value through other comprehensive income or fair value through profit and loss that are derecognised prior to their maturity to understand the reason for their disposal and whether the reasons are consistent with the objective of the business for which the asset was held. Monitoring is part of the Company's continuous assessment of whether the business model for which the remaining financial assets are held continues to be appropriate and if it is not appropriate whether there has been a change in business model and so a prospective change to the classification of those assets.

HINDUJA LEYLAND FINANCE LIMITED
Notes to standalone financial statements for the year ended 31 March 2025
(All amounts are in Indian Rupees in lakhs, except share data and as stated)

ii) Impairment of financial asset

The measurement of impairment losses across all categories of financial assets requires judgement, in particular, the estimation of the amount and timing of future cash flows and collateral values when determining impairment losses and the assessment of a significant increase in credit risk. These estimates are driven by a number of factors, changes in which can result in different levels of allowances.

The Company's expected credit loss ("ECL") calculations are outputs of complex models with a number of underlying assumptions regarding the choice of variable inputs and their interdependencies. Elements of the ECL models that are considered accounting judgements and estimates include:

- a) The Company's criteria for assessing if there has been a significant increase in credit risk and so allowances for financial assets should be measured on a life time expected credit loss ("LTECL") basis.
- b) Development of ECL models, including the various formulas and the choice of inputs.
- c) Determination of associations between macroeconomic scenarios and economic inputs, such as gross domestic product, lending interest rates and collateral values, and the effect on probability of default ("PD"), exposure at default ("EAD") and loss given default ("LGD").
- d) Selection of forward-looking macroeconomic scenarios and their probability weightings, to derive the economic inputs into ECL models.

iii) Fair value of financial instruments

The fair value of financial instruments is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction in the principal (or most advantageous) market at the measurement date under current market conditions (i.e. an exit price) regardless of whether that price is directly observable or estimated using another valuation technique. When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be derived from active markets, they are determined using a variety of valuation techniques that include the use of valuation models. The inputs to these models are taken from observable markets where possible, but where this is not feasible, estimation is required in establishing fair values.

iv) Income Taxes

The Company's tax jurisdiction is in India. Significant judgements are involved in determining the provision for income taxes, including amount expected to be paid/recovered for certain tax positions.

v) Defined Benefit plans

The cost of the defined benefit gratuity plan and the present value of the gratuity obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

vi) Leases

A. Determining the lease term of contracts with renewal and termination options - Company as lessee

The Company determines the lease term as the non-cancellable term of the lease, together with any periods covered by an option to extend the lease if it is reasonably certain to be exercised, or any periods covered by an option to terminate the lease, if it is reasonably certain not to be exercised. The Company applies judgment in evaluating whether it is reasonably certain whether or not to exercise the option to renew or terminate the lease. That is, it considers all relevant factors that create an economic incentive for it to exercise either the renewal or termination.

B. Estimating the incremental borrowing rate

The Company cannot readily determine the interest rate implicit in the lease, therefore, it uses its incremental borrowing rate (IBR) to measure lease liabilities. The IBR is the rate of interest that the Company would have to pay for its borrowings.

HINDUJA LEYLAND FINANCE LIMITED

Notes to standalone financial statements for the year ended 31 March 2025

(All amounts are in Indian Rupees in lakhs, except share data and as stated)

2.5 Use of estimates and judgements

vii) Provisions and other contingent liabilities

When the Company can reliably measure the outflow of economic benefits in relation to a specific case and considers such outflows to be probable, the Company records a provision against the case. Where the probability of outflow is considered to be remote, or probable, but a reliable estimate cannot be made, a contingent liability is disclosed.

Given the subjectivity and uncertainty of determining the probability and amount of losses, the Company takes into account a number of factors including legal advice, the stage of the matter and historical evidence from similar incidents. Significant judgment is required to conclude on these estimates.

3 Material accounting policy information

3.1 Recognition of Income

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured and there exists reasonable certainty of its recovery.

A. Interest income

Interest income on financial instruments is recognised on a time proportion basis taking into account the amount outstanding and the effective interest rate applicable.

Effective Interest Rate ("EIR")

The EIR is the rate that exactly discounts estimated future cash flows of the financial instrument through the expected life of the financial instrument or, where appropriate, a shorter period, to the net carrying amount. The future cash flows are estimated taking into account all the contractual terms of the instrument.

The calculation of the EIR includes all fees paid or received between parties to the contract that are incremental and directly attributable to the specific lending arrangement, transaction costs, and all other premiums or discounts.

Interest income/expenses is calculated by applying the EIR to the gross carrying amount of non-credit impaired financial assets/liabilities (i.e. at the amortised cost of the financial asset before adjusting for any expected credit loss allowance). For credit-impaired financial assets, interest income is calculated by applying the EIR to the amortised cost of the credit-impaired financial assets (i.e. the gross carrying amount less the allowance for expected credit losses). If the financial asset cures and is no longer credit impaired, the Company reverts to calculating interest income on a gross basis.

B. Rental income

Rental income arising from operating leases is accounted for on a straight-line basis over the lease terms and is included in rental income in the statement of profit and loss, unless the increase is in line with expected general inflation, in which case lease income is recognised based on contractual terms.

C. Fees and commission income

The Company recognises revenue from contract with customers based on five step model as set out in Ind AS 115, Revenue from Contracts with Customers to determine when to recognise revenue and at what amount.

Revenue is measured based on the consideration specified in the contract with customers. Revenue from contracts with customers is recognised when services are provided and it is highly probable that a significant reversal of revenue is not expected to occur. Fees income includes fees other than those that are an integral part of EIR.

HINDUJA LEYLAND FINANCE LIMITED

Notes to standalone financial statements for the year ended 31 March 2025

(All amounts are in Indian Rupees in lakhs, except share data and as stated)

D. Income from transfer and servicing of Assets

The Company transfers loans through securitisation and direct assignment transactions. The transferred loans are de-recognised and gains/losses are accounted for, only if the Company transfers substantially all risks and rewards specified in the underlying assigned loan contract. In accordance with the Ind AS 109, on de-recognition of a financial asset under assigned transactions, the difference between the carrying amount and the consideration received are recognised in the Statement of Profit and Loss.

The Company recognises either a servicing other financial asset or a servicing financial liability for servicing contract. If the fee to be received is not expected to compensate the Company adequately for performing the servicing activities, a servicing liability for the servicing obligation is recognised at its fair value. If the fee to be received is expected to be more than adequate compensation for the servicing activities, a servicing asset is recognised. Corresponding amount is recognised in Statement of Profit and Loss.

E. Interest income on Investments in Pass Through Certificates and Security Receipts

Interest on Pass Through Certificates (PTC) and Security Receipts (SRs) is recognised in accordance with the contractual terms of the instrument.

3.2 Financial instrument - initial recognition

A. Date of recognition

Debt securities issued are initially recognised when they are originated. All other financial assets and financial liabilities are initially recognised when the Company becomes a party to the contractual provisions of the instrument.

B. Initial measurement of financial instruments

The classification of financial instruments at initial recognition depends on their contractual terms and the business model for managing the instruments. Financial instruments are initially measured at their fair value (other than trade receivables), except in the case of financial assets and financial liabilities recorded at Fair value through profit and loss (FVTPL), transaction costs are added to, or subtracted from this amount.

C. Measurement categories of financial assets and liabilities

The Company classifies all of its financial assets based on the business model for managing the assets and the asset's contractual terms, measured at either:

- i) Amortised cost (AC)
- ii) Fair value through other comprehensive income (FVOCI)
- iii) Fair value through profit or loss (FVTPL)

3.3 Financial assets and liabilities

Solely payments of principal and interest (SPPI) test

As a second step of its classification process, the Company assesses the contractual terms of financial to identify whether they meet SPPI test.

Principal' for the purpose of this test is defined as the fair value of the financial asset at initial recognition and may change over the life of financial asset (for example, if there are repayments of principal or amortisation of the premium/ discount).

The most significant elements of interest within a lending arrangement are typically the consideration for the time value of money and credit risk. To make the SPPI assessment, the Company applies judgement and considers relevant factors such as the period for which the interest rate is set.

In contrast, contractual terms that introduce a more than de minimis exposure to risks or volatility in the contractual cash flows that are unrelated to a basic lending arrangement do not give rise to contractual cash flows that are solely payments of principal and interest on the amount outstanding. In such cases, the financial asset is required to be measured at FVTPL.

Accordingly, financial assets are measured as follows

HINDUJA LEYLAND FINANCE LIMITED
Notes to standalone financial statements for the year ended 31 March 2025
(All amounts are in Indian Rupees in lakhs, except share data and as stated)

A. Financial assets

i) Financial assets carried at amortised cost (AC)

A financial asset is measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

ii) Financial assets at fair value through other comprehensive income (FVOCI)

A financial asset is measured at FVOCI if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. Since, the loans and advances are held to sale and collect contractual cash flows, they are measured at FVOCI.

iii) Financial assets at fair value through profit or loss (FVTPL)

A financial asset which is not classified in any of the above categories are measured at FVTPL.

iv) Investment in subsidiaries, associate and joint venture

Investments in Subsidiary, Associate and Joint Venture are measured at cost as per Ind AS 27 – Separate Financial Statements.

v) Financial assets: Subsequent measurement and gains and losses

a) Financial assets at fair value through profit or loss (FVTPL)

These assets are subsequently measured at fair value. Net gains and losses, including any interest or dividend income, are recognized in statement of profit or loss.

b) Financial assets carried at amortised cost (AC)

These assets are subsequently measured at amortized cost using the effective interest method. The amortized cost is reduced by impairment loss. Interest income, foreign exchange gains and losses and impairment are recognized in statement of profit and loss. Any gains and losses on derecognition is recognized in statement of profit and loss.

c) Financial assets at fair value through other comprehensive income (FVOCI)

Financial assets are measured at FVOCI if the assets are held within a business model where the objective is both collecting contractual cash flows and selling financial assets and the contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Loan assets at FVOCI are subsequently measured at fair value. Interest income under effective interest method and impairment are recognized in profit or loss. Other net gains and losses are recognized in Other Comprehensive Income (OCI). On derecognition, gains and losses accumulated in OCI are reclassified to profit or loss.

B. Financial liability

i) Initial recognition and measurement

All financial liability are initially recognized at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial liability, which are not at fair value through profit or loss, are adjusted to the fair value on initial recognition.

ii) Subsequent measurement

Financial liabilities are carried at amortized cost using the effective interest method.

3.4 Reclassification of financial assets and liabilities

The Company does not reclassify its financial assets subsequent to their initial recognition, apart from the exceptional circumstances in which the Company acquires, disposes of, or terminates a business line. Financial liabilities are never reclassified. The Company did not reclassify any of its financial assets or liabilities during the year ended 31 March 2025 and 31 March 2024 unless as required by the law or advised by the regulatory.

3.5 Derecognition of financial assets and liabilities

A. Derecognition of financial assets due to substantial modification of terms and conditions

The Company derecognises a financial asset, such as a loan to a customer, when the terms and conditions have been renegotiated to the extent that, substantially, it becomes a new loan, with the difference recognised as a derecognition gain or loss, to the extent that an impairment loss has not already been recorded. The newly recognised loans are classified as Stage 1 for expected credit loss (ECL) measurement purposes.

HINDUJA LEYLAND FINANCE LIMITED
Notes to standalone financial statements for the year ended 31 March 2025
(All amounts are in Indian Rupees in lakhs, except share data and as stated)

B. Derecognition of financial assets other than due to substantial modification

i) Financial Assets

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is derecognised when the contractual rights to the cash flows from the financial asset expires or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the Company neither transfers nor retains substantially all of the risks and rewards of ownership and it does not retain control of the financial asset.

On derecognition of a financial asset in its entirety, the difference between the carrying amount (measured at the date of derecognition) and the consideration received (including any new asset obtained less any new liability assumed) is recognised in the statement of profit and loss.

Accordingly, gain on sale or derecognition of assigned portfolio are recorded upfront in the statement of profit and loss as per Ind AS 109. Also, the Company recognises servicing income as a percentage of interest spread over tenure of loan in cases where it retains the obligation to service the transferred financial asset.

ii) Financial Liability

A financial liability is derecognised when the obligation under the liability is discharged, cancelled or expired. Where an existing financial liability is replaced or expired by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as a derecognition of the original liability and the recognition of a new liability. The difference between the carrying value of the original financial liability and the consideration paid is recognised in the statement of profit and loss.

3.6 Impairment of financial assets

A. Overview of Expected credit loss(ECL) principles

In accordance with Ind AS 109, the Company uses ECL model, for evaluating impairment of financial assets other than those measured at FVTPL.

Expected credit losses are measured through a loss allowance at an amount equal to:

- i) The 12-months expected credit losses (expected credit losses that result from those default events on the financial instrument that are possible within 12 months after the reporting date); or
- ii) Full lifetime expected credit losses (expected credit losses that result from all possible default events over the life of the financial instrument)

Both Life Time ECLs (LTECL) and 12 months ECLs are calculated on collective basis.

Based on the above, the Company categorises its loans into Stage 1, Stage 2 and Stage 3, as described below:

Stage 1:

When loans are first recognised, the Company recognises an allowance based on 12 months ECL. Stage 1 loans includes those loans where there is no significant credit risk observed and also includes facilities where the credit risk has been improved and the loan has been reclassified from stage 2 or stage 3.

Stage 2:

When a loan has shown a significant increase in credit risk since origination, the Company records an allowance for the life time ECL. Stage 2 loans also includes facilities where the credit risk has improved and the loan has been reclassified from stage 3

Stage 3:

Loans considered credit impaired are the loans which are past due for more than 90 days. The Company records an allowance for life time ECL.

Loan commitments:

When estimating LTECLs for undrawn loan commitments, the Company estimates the expected portion of the loan commitment that will be drawn down over its expected life. The ECL is then based on the present value of the expected shortfalls in cash flows if the loan is drawn down.

HINDUJA LEYLAND FINANCE LIMITED
Notes to standalone financial statements for the year ended 31 March 2025
(All amounts are in Indian Rupees in lakhs, except share data and as stated)

B. Calculation of ECLs

The mechanics of ECL calculations are outlined below and the key elements are, as follows:

Exposure at Default (EAD)

Exposure at Default (EAD) is an estimate of the exposure at a future default date, taking into account expected changes in the exposure after the reporting date, including repayments of principal and interest, whether scheduled by contract or otherwise, expected drawdowns on committed facilities after considering the credit conversion factor (for Stage 1 and Stage 2 assets), and accrued interest from missed payments.

Probability of Default (PD)

Probability of Default (PD) is the probability of whether borrowers will default on their obligations which is calculated based on historical default rate summary of past years using origination vintage analysis.

Loss Given Default (LGD)

Loss Given Default (LGD) is an estimate of the loss arising in the case where a default occurs at a given time. It is based on the difference between the contractual cash flows due and those that the lender would expect to receive, including from the realisation of any collateral. It is usually expressed as a percentage of the EAD

The Company has calculated EAD, PD and LGD to determine impairment loss on the portfolio of loans and discounted at an approximation to the EIR. At every reporting date, the above calculated EAD, PDs and LGDs are reviewed and changes in the forward looking estimates are analysed.

The mechanics of the ECL method are summarised below:

Stage 1:

The 12 months ECL is calculated as the portion of LTECLs that represent the ECLs that result from default events on a financial instrument that are possible within the 12 months after the reporting date. The Company calculates the 12 months ECL allowance based on the expectation of a default occurring in the 12 months following the reporting date. These expected 12-months default probabilities are applied to a forecast EAD and multiplied by the expected LGD and discounted by an approximation to the original EIR.

Stage 2:

When a loan has shown a significant increase in credit risk since origination (if financial asset is more than 30 days but upto 90 days past due), the Company records an allowance for the LTECLs. The mechanics are similar to those explained above, but PDs and LGDs are estimated over the lifetime of the instrument. The expected cash shortfalls are discounted by an approximation to the original EIR.

Stage 3:

For loans considered credit-impaired, the Company recognises the lifetime expected credit losses for these loans. The method is similar to that for Stage 2 assets, with the PD set at 100%.

Forward looking information

The Company considers a broad range of forward looking information with reference to external forecasts of economic parameters such as GDP growth, Inflation etc., as considered relevant so as to determine the impact of macro-economic factors on the Company's ECL estimates.

The inputs and models used for calculating ECLs are recalibrated periodically through the use of available incremental and recent information. Further, internal estimates of PD, LGD rates used in the ECL model may not always capture all the characteristics of the market / external environment as at the date of the financial statements. To reflect this, qualitative adjustments or overlays are made as temporary adjustments to reflect the emerging risks reasonably.

HINDUJA LEYLAND FINANCE LIMITED

Notes to standalone financial statements for the year ended 31 March 2025

(All amounts are in Indian Rupees in lakhs, except share data and as stated)

3.7 Impairment of non-financial assets

The Company determines periodically whether there is any indication of impairment of the carrying amount of its non-financial assets. The recoverable amount (higher of net selling price and value in use) is determined for an individual asset, unless the asset does not generate cash inflow that are largely independent of those from other assets or group of assets. The recoverable amounts of such asset are estimated, if any indication exists and impairment loss is recognized wherever the carrying amount of the asset exceeds its recoverable amount. Where it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs.

3.8 Write-offs

Loans and debt securities are written off when the Company has no reasonable expectations of recovering the financial asset (either in its entirety or a portion of it). This is the case when the Company determines that the borrower does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subject to the write-off. A write-off constitutes a derecognition event. The Company may apply enforcement activities to financial assets written off. Recoveries resulting from the Company's enforcement activities could result in impairment gains.

3.9 Fair value

i) Fair value hierarchy

The Company uses the following hierarchy to determine the fair values of its financial instruments that are (a) recognised and measured at fair value and (b) measured at amortised cost and for which fair values are disclosed in the financial statements:

Level 1: Level 1 hierarchy includes financial instruments measured using quoted prices. This includes listed equity instruments and mutual funds that have quoted price. The fair value of all equity instruments which are traded in the stock exchanges is valued using the closing price as at the reporting period. The mutual funds are valued using the closing NAV.

Level 2: The fair value of financial instruments that are not traded in an active market (for example, traded bonds, over-the counter derivatives) is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. This is the case for unlisted equity securities, contingent consideration and indemnification asset included in level 3. There were no transfers between levels 1, 2 and 3 during the year. The Company recognises transfers in and transfers out of fair value hierarchy levels as at the end of the reporting period.

HINDUJA LEYLAND FINANCE LIMITED

Notes to standalone financial statements for the year ended 31 March 2025

(All amounts are in Indian Rupees in lakhs, except share data and as stated)

ii) Valuation process

The management of the Company performs the valuations of financial assets and liabilities required for financial reporting purposes. The carrying amounts of trade receivables, trade payables, capital creditors and cash and cash equivalents are considered to be the same as their fair values, due to their short-term nature.

The fair values for loans are calculated based on cash flows discounted using a current lending rate. They are classified as level 3 fair values in the fair value hierarchy due to the inclusion of unobservable inputs including counterparty credit risk.

The fair values of borrowings are based on discounted cash flows using a current borrowing rate. They are classified as level 3 fair values in the fair value hierarchy due to the use of unobservable inputs, including own credit risk.

For financial assets and liabilities that are measured at fair value, the carrying amounts are equal to the fair values.

Valuation processes and Technique

Type of Instrument	Reference Price
Investment in Mutual Funds	NAV as on the reporting date.
Investment in Security Receipts	NAV as on the reporting date.
Investment in Listed Equity Shares	Quoted price on exchange as on the reporting date.

3.10 Foreign currency transactions

Transactions in foreign currencies are translated into the functional currency of the Company, at the exchange rates at the dates of the transactions or an average rate if the average rate approximates the actual rate at the date of the transaction.

Monetary assets and liabilities denominated in foreign currencies are translated into the functional currency at the exchange rate at the reporting date. Non-monetary assets and liabilities that are measured at fair value in a foreign currency are translated into the functional currency at the exchange rate when the fair value was determined. Non-monetary assets and liabilities that are measured based on historical cost in a foreign currency are translated at the exchange rate at the date of the transaction. Exchange differences are recognized in profit or loss.

3.11 Property, plant and equipment

i. Recognition and measurement

Items of property, plant and equipment are measured at cost, which includes capitalised borrowing costs, less accumulated depreciation and accumulated impairment losses, if any.

Cost of an item of property, plant and equipment comprises its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates, any directly attributable cost of bringing the item to its working condition for its intended use and estimated costs of dismantling and removing the item and restoring the site on which it is located.

If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted for as separate items (major components) of property, plant and equipment.

Subsequent expenditure is capitalised only if it is probable that the future economic benefits associated with the expenditure will flow to the Company and the cost of the item can be measured reliably.

HINDUJA LEYLAND FINANCE LIMITED
Notes to standalone financial statements for the year ended 31 March 2025
(All amounts are in Indian Rupees in lakhs, except share data and as stated)

ii. Depreciation

Depreciation on property, plant and equipment is provided using the straight line method over the estimated useful lives of the assets, and is generally recognised in the statement of profit and loss.

The Company follows estimated useful lives which are given under Part C of the Schedule II of the Companies Act, 2013. The estimated useful lives of items of property, plant and equipment for the current period is as follows:

Asset category	Estimated Useful life
Buildings	60 years
Furniture and fittings	10 years
Office equipment	5 years
Servers and computers	Computers 3 years, Servers 6 years
Vehicles	Motor Cars 8 years, Motor Cycles 10 years
Leasehold improvements (Yard)	10 years
Vehicles under lease	Over the lease term of the respective agreements

Assets individually costing less than or equal to Rs. 5,000/- are fully depreciated in the year of acquisition. The Company has estimated a Nil residual value at the end of the useful life for all block of assets. Depreciation on additions (disposals) is provided on a pro-rate basis i.e. from (upto) the date on which asset is ready for use (disposed of).

Property plant and equipment is derecognised on disposal or when no future economic benefits are expected from its use. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is recognised in other income / expense in the statement of profit and loss in the year the asset is derecognised. The date of disposal of an item of property, plant and equipment is the date the recipient obtains control of that item in accordance with the requirements for determining when a performance obligation is satisfied in Ind AS 115.

Advances paid towards the acquisition of property, plant and equipment outstanding at each Balance Sheet date is classified as capital advances under other non-current assets.

iii. Capital Work-in-progress

Capital work in progress includes assets not ready for the intended use and is carried at cost, comprising direct cost and related incidental expenses.

HINDUJA LEYLAND FINANCE LIMITED

Notes to standalone financial statements for the year ended 31 March 2025

(All amounts are in Indian Rupees in lakhs, except share data and as stated)

3.12 Employee benefits

i. Post-employment benefits

Defined contribution plan

The Company's contribution to provident fund are considered as defined contribution plan and are charged as an expense as they fall due based on the amount of contribution required to be made and when the services are rendered by the employees.

Defined benefit plans

Gratuity

A defined benefit plan is a post-employment benefit plan other than a defined contribution plan. The Company's net obligation in respect of defined benefit plans is calculated separately for each plan by estimating the amount of future benefit that employees have earned in the current and prior periods, discounting that amount and deducting the fair value of any plan assets.

The calculation of defined benefit obligation is performed annually by a qualified actuary using the projected unit credit method. When the calculation results in a potential asset for the Company, the recognised asset is limited to the present value of economic benefits available in the form of any future refunds from the plan or reductions in future contributions to the plan ('the asset ceiling'). In order to calculate the present value of economic benefits, consideration is given to any minimum funding requirements.

Remeasurements of the net defined benefit liability, which comprise actuarial gains and losses and the effect of the asset ceiling (if any, excluding interest), are recognised in OCI. The Company determines the net interest expense (income) on the net defined benefit liability (asset) for the period by applying the discount rate used to measure the defined benefit obligation at the beginning of the annual period to the then-net defined benefit liability (asset), taking into account any changes in the net defined benefit liability (asset) during the period as a result of contributions and benefit payments. Net interest expense and other expenses related to defined benefit plans are recognised in profit or loss.

When the benefits of a plan are changed or when a plan is curtailed, the resulting change in benefit that relates to past service ('past service cost' or 'past service gain') or the gain or loss on curtailment is recognised immediately in profit or loss. The Company recognises gains and losses on the settlement of a defined benefit plan when the settlement occurs.

ii. Other long-term employee benefits

Compensated absences

The employees can carry forward a portion of the unutilised accrued compensated absences and utilise it in future service periods or receive cash compensation on termination of employment. Since the compensated absences do not fall due wholly within twelve months after the end of such period, and the company has an unconditional right to defer the settlement beyond 12 months from the reporting date, the benefit is classified as a long-term employee benefit. The Company records an obligation for such compensated absences in the period in which the employee renders the services that increase this entitlement. The obligation is measured on the basis of independent actuarial valuation using the projected unit credit method.

iii. Short-term employee benefits

The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees are recognized during the year when the employees render the service. These benefits include performance incentive and compensated absences which are expected to occur within twelve months after the end of the year in which the employee renders the related service. The cost of such compensated absences is accounted as under :

- (a) in case of accumulated compensated absences, when employees render the services that increase their entitlement of future compensated absences; and
- (b) in case of non-accumulating compensated absences, when the absences occur.

HINDUJA LEYLAND FINANCE LIMITED

Notes to standalone financial statements for the year ended 31 March 2025

(All amounts are in Indian Rupees in lakhs, except share data and as stated)

3.13 Provisions, contingent liabilities and contingent assets

Provisions

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of past events, and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation. When the effect of the time value of money is material, the Company determines the level of provision by discounting the expected cash flows at a pre-tax rate reflecting the current rates specific to the liability. The expense relating to any provision is presented in the statement of profit and loss net of any reimbursement.

Contingent liability

A possible obligation that arises from past events and the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or; present obligation that arises from past events where it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation; or the amount of the obligation cannot be measured with sufficient reliability are disclosed as contingent liability and not provided for.

3.14 Commitments

Commitments are future liabilities for contractual expenditure, classified and disclosed as follows:

- a) Estimated amount of contracts remaining to be executed on capital account and not provided for;
- b) Uncalled liability on shares and other investments partly paid;
- c) Funding related commitment to associate; and
- d) Other non-cancellable commitments, if any, to the extent they are considered material and relevant in the opinion of management.

HINDUJA LEYLAND FINANCE LIMITED
Notes to standalone financial statements for the year ended 31 March 2025
(All amounts are in Indian Rupees in lakhs, except share data and as stated)

3.15 Leases

The Company evaluates each contract or arrangement, whether it qualifies as lease as defined under Ind AS 116.

The Company assesses, whether the contract is, or contains, a lease. A contract is, or contains, a lease if the contract involves—

- a) the use of an identified asset,
- b) the right to obtain substantially all the economic benefits from use of the identified asset, and
- c) the right to direct the use of the identified asset.

The Company at the inception of the lease contract recognizes a Right-of-Use (RoU) asset at cost and a corresponding lease liability, for all lease arrangements in which it is a lessee, except for leases with term of less than twelve months (short term) and low-value assets.

The cost of the right-of-use assets comprises the amount of the initial measurement of the lease liability, any lease payments made at or before the inception date of the lease plus any initial direct costs, less any lease incentives received. Subsequently, the right-of-use assets is measured at cost less any accumulated depreciation and accumulated impairment losses, if any. The right-of-use assets is depreciated using the straight-line method from the commencement date over the shorter of lease term or useful life of right-of-use assets.

Right of use assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

For lease liabilities at inception, the Company measures the lease liability at the present value of the lease payments that are not paid at that date. The lease payments are discounted using the interest rate implicit in the lease, if that rate is readily determined, if that rate is not readily determined, the lease payments are discounted using the incremental borrowing rate.

The Company recognizes the amount of the re-measurement of lease liability as an adjustment to the right-of-use assets. Where the carrying amount of the right-of-use assets is reduced to zero and there is a further reduction in the measurement of the lease liability, the Company recognizes any remaining amount of the re-measurement in the Statement of profit and loss. For short-term and low value leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the lease term.

Lease liability has been presented in Note 16 “Other Financial Liabilities” and ROU asset has been presented in Note 9C “Property, Plant and Equipment” and lease payments have been classified as financing cash flows.

Whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee, the contract is classified as a finance lease. All other leases are classified as operating leases. The Company has given certain vehicles on lease where it has substantially retained the risks and rewards of ownership and hence these are classified as operating leases.

These assets given on operating lease are included in PPE. Lease income is recognised in the Statement of profit and loss as per contractual rental unless another systematic basis is more representative of the time pattern in which the benefit derived from the leased asset is diminished. Costs including depreciation are recognised as an expense in the Statement of profit and loss. Initial direct costs are recognised immediately in Statement of profit and loss.

HINDUJA LEYLAND FINANCE LIMITED
Notes to standalone financial statements for the year ended 31 March 2025
(All amounts are in Indian Rupees in lakhs, except share data and as stated)

3.16 Income tax

Income tax comprises current and deferred tax. It is recognised in profit or loss except to the extent that it relates to a business combination or to an item recognised directly in equity or in other comprehensive income.

i. Current tax

Current tax comprises the expected tax payable or receivable on the taxable income or loss for the year and any adjustment to the tax payable or receivable in respect of previous years. The amount of current tax reflects the best estimate of the tax amount expected to be paid or received after considering the uncertainty, if any, related to income taxes. It is measured using tax rates (and tax laws) enacted or substantively enacted by the reporting date.

Current tax assets and current tax liabilities are offset only if there is a legally enforceable right to set off the recognised amounts, and it is intended to realise the asset and settle the liability on a net basis or simultaneously.

ii. Deferred tax

Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the corresponding amounts used for taxation purposes. Deferred tax is also recognised in respect of carried forward tax losses and tax credits. Deferred tax is not recognised for temporary differences arising on the initial recognition of assets or liabilities in a transaction that is not a business combination and that affects neither accounting nor taxable profit or loss at the time of the transaction; temporary differences related to investments in subsidiaries, associates and joint arrangements to the extent that the Company is able to control the timing of the reversal of the temporary differences and it is probable that they will not reverse in the foreseeable future; and taxable temporary differences arising on the initial recognition of goodwill.

Deferred tax assets are recognised to the extent that it is probable that future taxable profits will be available against which they can be used. The existence of unused tax losses is strong evidence that future taxable profit may not be available. Therefore, in case of a history of recent losses, the Company recognises a deferred tax asset only to the extent that it has sufficient taxable temporary differences or there is convincing other evidence that sufficient taxable profit will be available against which such deferred tax asset can be realised. Deferred tax assets – unrecognised or recognised, are reviewed at each reporting date and are recognised/ reduced to the extent that it is probable/ no longer probable respectively that the related tax benefit will be realised.

Deferred tax is measured at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled, based on the laws that have been enacted or substantively enacted by the reporting date.

The measurement of deferred tax reflects the tax consequences that would follow from the manner in which the Company expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets and liabilities are offset if there is a legally enforceable right to offset current tax liabilities and assets, and they relate to income taxes levied by the same tax authority on the same taxable entity, or on different tax entities, but they intend to settle current tax liabilities and assets on a net basis or their tax assets and liabilities will be realised simultaneously.

3.17 Borrowing cost

Borrowing costs are interest and other costs incurred in connection with the borrowings of funds. Borrowing costs directly attributable to acquisition or construction of an asset which necessarily take a substantial period of time to get ready for their intended use are capitalized as part of the cost of the asset. Other borrowings costs are recognized as an expense in the statement of profit and loss account on an accrual basis using the effective interest method.

Interest expenses are calculated using the EIR and all other Borrowing costs are recognised in the Statement of profit and loss in the period in which they are incurred.

3.18 Cash and cash equivalents

Cash and cash equivalents comprises cash on hand and demand deposits with banks. Cash equivalents are short-term balances (with an original maturity of three months or less from the date of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.

HINDUJA LEYLAND FINANCE LIMITED

Notes to standalone financial statements for the year ended 31 March 2025

(All amounts are in Indian Rupees in lakhs, except share data and as stated)

3.19 Segment reporting- Identification of segments:

An operating segment is a component of the Company that engages in business activities from which it may earn revenues and incur expenses, whose operating results are regularly reviewed by the Company's Chief Operating Decision Maker (CODM) to make decisions for which discrete financial information is available. Based on the management approach as defined in Ind AS 108, the CODM evaluates the Company's performance and allocates resources based on an analysis of various performance indicators by business segments and geographic segments.

3.20 Earnings per share

The Company reports basic and diluted earnings per equity share in accordance with Ind AS 33, Earnings Per Share. Basic earnings per equity share is computed by dividing net profit / loss after (Before other Comprehensive Income) tax attributable to the equity share holders for the year by the weighted average number of equity shares outstanding during the year. Diluted earnings per equity share is computed and disclosed by dividing the net profit/ loss after tax attributable to the equity share holders for the year after giving impact of dilutive potential equity shares for the year by the weighted average number of equity shares and dilutive potential equity shares outstanding during the year, except where the results are anti-dilutive.

3.21 Collateral Repossessed

The Company generally does not use the assets repossessed for the internal operations. The underlying loans in respect of which collaterals have been repossessed with an intention to realize by way of sale are considered as Stage 3 assets and the ECL allowance is determined based on the past history of net realizable value of the repossessed asset. Any surplus funds are returned to the borrower and accordingly collateral repossessed are not recorded on the balance sheet and not treated as non-current assets held for sale.

3.22 Derivative and Hedge accounting

Derivatives are only used for economic hedging purposes and not as speculative investments. However, where derivatives do not meet the hedge accounting criteria, they are classified as 'held for trading' for accounting purposes and are accounted for at FVTPL.

Derivatives are initially recognised at fair value at the date a derivative contract is entered into and are subsequently remeasured to their fair value at each balance sheet date.

The resulting gain/loss is recognised in Statement of Profit or Loss immediately unless the derivative is designated and is effective as a hedging instrument, in which event the timing of the recognition in profit or loss depends on the nature of the hedge relationship.

The Company makes use of derivative instruments to manage exposures to interest rate and foreign currency. In order to manage particular risks, the Company applies hedge accounting for transactions that meet specified criteria. At the inception of a hedge relationship, the Company formally designates and documents the hedge relationship to which the Company wishes to apply hedge accounting and the risk management objective and strategy for undertaking the hedge. The documentation includes the Company's risk management objective and strategy for undertaking hedge, the hedging/ economic relationship, the hedged item or transaction, the nature of the risk being hedged, hedge ratio and how the entity will assess the effectiveness of changes in the hedging instrument's fair value in offsetting the exposure to changes in the hedged item's fair value or cash flows attributable to the hedged risk. Such hedges are expected to be highly effective in achieving offsetting changes in fair value or cash flows and are assessed on an ongoing basis to determine that they actually have been highly effective throughout the financial reporting periods for which they were designated.

Hedges that meet the strict criteria for hedge accounting are accounted for as cash flow hedge.

A cash flow hedge is a hedge of the exposure to variability in cash flows that is attributable to a particular risk associated with a recognised asset or liability (such as all or some future interest payments on variable rate debt) or a highly probable forecast transaction and could affect profit or loss. For designated and qualifying cash flow hedges, the effective portion of the cumulative gain or loss on the hedging instrument is initially recognised directly in OCI within equity (cash flow hedge reserve).

The ineffective portion of the gain or loss on the hedging instrument is recognised immediately in net gain/loss on fair value changes in the profit and loss statement. When the hedged cash flow affects the statement of profit and loss, the effective portion of the gain or loss on the hedging instrument is recorded in the corresponding income or expense line of the statement of profit and loss. When the forecast transaction subsequently results in the recognition of a non-financial asset or a non-financial liability, the gains and losses previously recognised in OCI are reversed and included in the initial cost of the asset or liability. When a hedging instrument expires, is sold, terminated, exercised, or when a hedge no longer meets the criteria for hedge accounting, any cumulative gain or loss that has been recognised in OCI at that time remains in OCI and is recognised when the hedged forecast transaction is ultimately recognised in the statement of profit and loss. When a forecast transaction is no longer expected to occur, the cumulative gain or loss that was reported in OCI is immediately transferred to the statement of profit and loss.

HINDUJA LEYLAND FINANCE LIMITED
Notes to standalone financial statements for the year ended 31 March 2025
(All amounts are in Indian Rupees in lakhs, except share data and as stated)

3.23 Other accounting policy

i. Other income

Other Income represents income earned from the activities incidental to the business and is recognised when the right to receive the income is established as per the terms of the contract.

ii. Impairment of non-financial assets

The Company determines periodically whether there is any indication of impairment of the carrying amount of its non-financial assets. The recoverable amount (higher of net selling price and value in use) is determined for an individual asset, unless the asset does not generate cash inflow that are largely independent of those from other assets or group of assets. The recoverable amounts of such asset are estimated, if any indication exists and impairment loss is recognized wherever the carrying amount of the asset exceeds its recoverable amount. Where it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs.

iii. Intangible assets

i. Recognition and measurement

Intangible assets including those acquired by the Company are initially measured at cost. Such intangible assets are subsequently measured at cost less accumulated amortisation and any accumulated impairment losses.

Subsequent expenditure is capitalised only when it increases the future economic benefits embodied in the specific asset to which it relates. All other expenditure, including expenditure on internally generated goodwill and brands, is recognised in profit or loss as

ii. Amortisation

Amortisation is calculated to write off the cost of intangible assets less their estimated residual values over their estimated useful lives using the straight line method, and is included in depreciation and amortisation in Statement of Profit and Loss.

Asset category	Estimated Useful life
Computer softwares	5 years

Amortisation method, useful lives and residual values are reviewed at the end of each financial year and adjusted if appropriate.

Intangible assets is derecognised on disposal or when no future economic benefits are expected from its use. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is recognised in other income / expense in the statement of profit and loss in the year the asset is derecognised. The date of disposal of an item of Intangible assets is the date the recipient obtains control of that item in accordance with the requirements for determining when a performance obligation is satisfied in Ind AS 115.

iv. Stock based compensation

The grant date fair value of equity settled share based payment awards granted to employees is recognised as an employee expense, with a corresponding increase in equity, over the period that the employees unconditionally become entitled to the awards. The amount recognised as expense is based on the estimate of the number of awards for which the related service and non-market vesting conditions are expected to be met, such that the amount ultimately recognised as an expense is based on the number of awards that do meet the related service and non-market vesting conditions at the vesting date. The company revisits its estimate each year of the number of equity instruments expected to vesting.

v. Contingent asset

Contingent assets are not recognised in the financial statements. Contingent assets are disclosed where an inflow of economic benefits is probable.

HINDUJA LEYLAND FINANCE LIMITED

Notes to standalone financial statements for the year ended 31 March 2025

(All amounts are in Indian Rupees in lakhs, except share data and as stated)

3.23 Other accounting policy

vi. Cash flow statement

Cash flows are reported using the indirect method, whereby profit before tax is adjusted for the effects of transactions of a non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from regular revenue generating, financing and investing activities of the Company are segregated. Cash flows in foreign currencies are accounted at the actual rates of exchange prevailing at the dates of the transactions. Cash and cash equivalents (including bank balances) shown in the Statement of Cash Flows exclude items which are not available for general use as on the date of Balance Sheet.

vii. Securities premium

Securities premium is credited when shares are issued at premium. It can be used to issue bonus shares, to provide for premium on redemption of shares and issue expenses of securities which qualify as equity instruments.

viii. Goods and Services tax

Goods and Services tax input credit is recognised for in the books in the period in which the supply of goods or service received is recognised and when there is no uncertainty in availing/utilising the credits.

3.24 Standard issued but not yet effective

The Ministry of Corporate Affairs ("MCA") notifies new standards or amendment to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. For the year ended March 31, 2025, MCA has notified Ind AS – 117 Insurance contracts and amendments to Ind AS 116 – Leases, relating to sale and leaseback transactions, applicable to the Company w.e.f. April 1, 2024. The Company has reviewed the new pronouncements based on its evaluation has determined that it does not have any significant impact in its financial statements.

14.1 Secured borrowing

- 1 Term loan, cash credit and working capital demand loans from banks and financial institutions are secured by charge on loan receivables and eligible investments other than those that are specifically charged to the lenders. The Company generally gives exclusive charges. These facilities carry interest rates ranging from "MCLR of the respective bank" per annum to "MCLR of the respective bank + spread". Some of the facilities also carry interest linked with other benchmark like T-bill rates or Repo rates or other benchmark. As at 31 March 2025, the rate of interest across the loans was in the range of 6.65% p.a to 9.60% p.a. Cash credit and working capital demand loans from banks are payable on demand.
- 2 Refer Note 14.2 for details regarding terms of borrowings from banks.
- 3 Term loans from banks are secured by exclusive charge by way of hypothecation of specific receivables and investments in pass through certificates with security covers ranging from 102% to 112% of loan amount.
- 4 Commercial papers carry interest rate of 8.05% p.a. Commercial papers are issued for a period of 171 days. The outstanding commercial papers as at 31 March 2025 will be repayable within 1 year.

No amount is pending for refund beyond 60 days. The funds have not been utilised prior to allotment.

Notes

Securities premium

Securities premium is used to record the premium on issue of shares. The reserve can be utilised only for limited purposes such as issuance of bonus shares in accordance with the provisions of the Companies Act 2013.

Employee stock option outstanding

The Company has established various equity settled share based payment plans for certain categories of employees of the Company.

Reserve u/s. 45-IA of the Reserve Bank of India Act, 1934 ("the RBI Act, 1934")

Reserve u/s 45-IA of the RBI Act, 1934, the Company is required to transfer at least 20% of its net profits every year to a reserve before any dividend is declared

Surplus in the statement of profit and loss

Surplus in the statement of profit and loss is the accumulated available profit of the Company carried forward from earlier years. These reserves are free reserves which can be utilised for any purpose as may be required.

Cash flow hedge reserve

Cash flow hedge reserve represents the cumulative effective portion of gains or losses arising on changes in fair value of hedging instruments entered into for cash flow hedges, which shall be reclassified to profit or loss only when the hedged transaction affects the profit or loss, or included as a basis adjustment to the non-financial hedged item, consistent with the Company accounting policies.

Other comprehensive income

a) The Company has elected to recognise changes in the fair value of certain loans and advances where the business model is to collect contractual cash flows and also sell financial assets in other comprehensive income. These changes are accumulated within the FVOCI - loans and advances reserve within equity.

b) Remeasurement of the net defined benefit liabilities comprise actuarial gain or loss, return on plan assets excluding interest and the effect of asset ceiling, if any.

Share application money pending allotment:

Money received as advance towards allotment of share capital is recorded as share application money pending allotment.

31 Income Tax

The components of income tax expense for the years ended 31 March 2025 and 31 March 2024 are:

INR In Lakhs

Particulars	Year ended 31 March 2025	Year ended 31 March 2024
Current tax	10,341	8,564
Deferred tax	4,420	2,875
Total tax charge	14,761	11,439

31.1 Income tax recognised in other comprehensive income

Particulars	Year ended 31 March 2025	Year ended 31 March 2024
Arising on income and expenses recognised in other comprehensive income:		
Remeasurement of defined benefit obligation	31	14
Gain on fair valuation of loans	(32,787)	(8,473)
Effective portion of net loss on designated portion of hedging instruments in a cashflow hedge	360	42
Total income tax recognised in other comprehensive income	(32,396)	(8,417)

31.2 Reconciliation of the total tax charge

The tax charge shown in the statement of profit and loss differs from the tax charge that would apply if all profits had been charged at India corporate tax rate. A reconciliation between the tax expense and the accounting profit multiplied by India's domestic tax rate for the years ended 31 March 2025 and 31 March 2024 is, as follows:-

Particulars	Year ended 31 March 2025	Year ended 31 March 2024
Accounting profit before tax	55,585	45,462
Applicable tax rate	25.17%	25.17%
Computed tax expense	13,989	11,441
Tax effect of :		
Permanent differences on account of CSR expenditure and other donations	569	174
Others	203	(176)
Tax expenses recognised in the statement of profit and loss	14,761	11,439
Effective tax rate	26.56%	25.16%

The tax rate used for the reconciliations above is the corporate tax rate of 25.17% for the year 31 March 2025 and 31 March 2024 payable by corporate entities in India on taxable profits under tax law in Indian jurisdiction.

Face value per share	10.00	10.00
Earnings per share		
Basic	7.63	6.36
Diluted	7.62	6.36

33 Employee stock option

The Company has granted certain stock options to its employees under Employee stock option scheme, 2013 ("ESOP Scheme"). The employee stock options granted entitle the employees to purchase equity shares at an exercise price either at INR 10/- per option or fair value at the date of the grant or as determined by the Nomination and Remuneration Committee at the date of grant.

Options to employees are usually granted with a four-year rateable vesting. The options would need to be exercised within a 5 years period from the date of vesting.

The vesting pattern of last 5 grant are indicated below

Particulars	Vesting pattern	Vesting pattern	Vesting pattern	Vesting pattern	Vesting pattern
Grant date	28-Aug-24	03-Jun-21	22-May-19	29-Jan-18	23-May-17
At the end of one year of service from grant date	20%	20%	20%	20%	20%
At the end of two years	20%	20%	20%	20%	20%
At the end of three years	30%	30%	30%	30%	30%
At the end of four years	30%	30%	30%	30%	30%

Share based payment expense

Particulars	Year ended 31 March 2025	Year ended 31 March 2024
Total expense recognised in 'employee benefits expenses' (refer note 28)	119	159

Reconciliation of outstanding options

The number and the weighted average exercise prices of share options under employee stock option plan are as follows:

Particulars	Year ended 31 March 2025		Year ended 31 March 2024	
	No of options	Weighted average exercise price	No of options	Weighted average exercise price
Outstanding at beginning of the year	10,79,000	84.20	13,10,500	84.20
Granted during the year	2,00,000	-	-	-
Forfeited during the year	1,62,000	54.40	89,000	54.40
Exercised during the year	92,000	88.89	1,42,500	88.89
Outstanding at the end of the year	10,25,000	100.95	10,79,000	84.20
Exercisable at the end of the year	7,27,500	92.14	8,84,000	84.48

HINDUJA LEYLAND FINANCE LIMITED
Notes to standalone financial statements for the year ended 31 March 2025

INR In Lakhs

The options outstanding at the year-end have an exercise price and a weighted average contractual life as given below:

Particulars	As at 31 March 2025			As at 31 March 2024		
	No of outstanding options	Range of exercise price	Weighted average remaining life	No of outstanding options	Range of exercise price	Weighted average remaining life
ESOP Scheme	10,25,000	INR 28.00 to 153	1 – 4 years	10,79,000	INR 28.00 to 110	1 – 4 years

Measurement of fair values

The fair value of employee stock options is measured using the Black Scholes Model which takes into account the exercise price, term of the option, share price at grant date and expected price volatility of the underlying shares, expected dividend yield and the risk free interest rate for the term of the option.

The inputs used in the computation of fair value of the grant date for last 5 grant are as follows:

Grant date	2024-25	2021-22	2019-20	2017-18	2016-17
No of shares	2,00,000	3,25,000	1,60,000	4,60,000	11,90,000
Value of the share at the grant date	199.99	100	167	129	89
Exercise price	153	92.97	110	106.2	54.4
Expected volatility	20.00%	40.00%	40.00%	40.00%	40.00%
Expected dividends	0.00%	0.00%	0.00%	0.00%	0.00%
Risk-free interest rate (based on government bonds)	6.58%	5.71%	6.87%	6.86%	7.56%
Expected life	4 years	4 years	4 years	4 years	4 years

Note: The exercise period shall commence from the date of vesting and the vested options can be exercised within a period of 5 years from date of vesting of option or till it is cancelled as per the provisions of the scheme.

34 Employee benefit – post employment benefit plans

a) Defined contribution plans

The Company operates defined contribution plan (Provident fund) for all qualifying employees of the Company. The employees of the Company are members of a retirement contribution plan operated by the government. The Company is required to contribute a specified percentage of payroll cost to the retirement contribution scheme to fund the benefits. The only obligation of the Company with respect to the plan is to make the specified contributions.

The Company's contribution to provident fund aggregating INR 1072 lakhs (31 March 2024 : INR 794 lakhs) (refer note 28) has been recognised in the statement of profit and loss under the head employee benefits expense.

Defined benefit obligation

The Company operates a defined benefit plan (the Gratuity plan) covering eligible employees. The gratuity plan is governed by the Payment of Gratuity Act, 1972. Under the act, employee who has completed five years of service is entitled to specific benefit. The level of benefits provided depends on the member's length of service and salary at retirement age/ resignation date.

The defined benefit plans expose the Company to risks such as Actuarial risk, Investment risk, Liquidity risk, Market risk, Legislative risk. These are discussed as follows:

The plan is of a final salary defined benefit in nature which is sponsored by the Company and hence it underwrites all the risks pertaining to the plan. The actuarial risks associated are:

Interest rate risk: The risk of government security yields falling due to which the corresponding discount rate used for valuing liabilities falls. Such a fall in discount rate will result in a larger value placed on the future benefit cash flows whilst computing the liability and thereby requiring higher accounting provisioning.

Longevity risk: Longevity risks arises when the quantum of benefits payable under the plan is based on how long the employee lives post cessation of service with the company. The gratuity plan provides the benefit in a lump sum form and since the benefit is not payable as an annuity for the rest of the lives of the employees, there is no longevity risks.

Salary risk: The gratuity benefits under the plan are related to the employee's last drawn salary. Consequently, any unusual rise in future salary of the employee raises the quantum of benefit payable by the company, which results in a higher liability for the company and is therefore a plan risk for the company.

Particulars	As at 31 March 2025	As at 31 March 2024
Significant assumptions		
Discount rate	6.40%	6.90%
Estimated rate of return on plan assets	6.90%	7.00%
Attrition rate	M1 - M7: 38% M8 - M12: 18.5%	M1 - M7: 38% M8 - M12: 18.5%
Expected rate of salary escalation	8.00%	8.00%

Mortality rate	Indian Assured Lives Mortality 2006-08 Ultimate	Indian Assured Lives Mortality 2006-08 Ultimate

HINDUJA LEYLAND FINANCE LIMITED
Notes to standalone financial statements for the year ended 31 March 2025

INR In Lakhs

b) Gratuity benefit plan

Actuarial risk: It is the risk that benefits will cost more than expected. This can arise due to one of the following reasons:

Adverse salary growth experience: Salary hikes that are higher than the assumed salary escalation will result into an increase in obligation at a rate that is higher than expected.

Variability in mortality rates: If actual mortality rates are higher than assumed mortality rate assumption than the gratuity benefits will be paid earlier than expected. Since there is no condition of vesting on the death benefit, the acceleration of cash flow will lead to an actuarial loss or gain depending on the relative values of the assumed salary growth rate, attrition rate and discount rate.

Variability in withdrawal rates: If actual withdrawal rates are higher than assumed withdrawal rate assumption than the Gratuity Benefits will be paid earlier than expected. The impact of this will depend on whether the benefits are vested as at the resignation date.

Investment risk: For funded plans that rely on insurers for managing the assets, the value of assets certified by the insurer may not be the fair value of instruments backing the liability. In such cases, the present value of the assets is independent of the future discount rate. This can result in wide fluctuations in the net liability or the funded status if there are significant changes in the discount rate during the inter-valuation period.

Liquidity risk: Employees with high salaries and long durations or those higher in hierarchy, accumulate significant level of benefits. If some of such employees resign/retire from the company there can be strain on the cash flows.

Market risk: Market risk is a collective term for risks that are related to the changes and fluctuations of the financial markets. One actuarial assumption that has a material effect is the discount rate. The discount rate reflects the time value of money. An increase in discount rate leads to decrease in defined benefit obligation of the plan benefits and vice versa. This assumption depends on the yields on the government bonds and hence the valuation of liability is exposed to fluctuations in the yields as at the valuation date.

Legislative risk: Legislative risk is the risk of increase in the plan liabilities or reduction in the plan assets due to change in the legislation/regulation. The government may amend the Payment of Gratuity Act, 1972, thus requiring the companies to pay higher benefits to the employees. This will directly affect the present value of the defined benefit obligation and the same will have to be recognized immediately in the year when any such amendment is effective.

Amount recognised in balance sheet in respect of these defined benefit obligation :

Particulars	As at 31 March 2025	As at 31 March 2024
Present value of obligations	1,046	791
Fair value of plan assets	862	806
Asset recognised in the Balance Sheet	(184)	15

Amount recognised in statement of profit and loss in respect of these defined benefit obligation :

Movement in fair value of plan assets

Particulars	Year ended 31 March 2025	Year ended 31 March 2024
Fair value of plan assets at the beginning of the year	806	757
Contributions paid into the plan	-	-
Benefits paid by the plan	-	-
Expected return on plan assets	56	54
Actuarial (losses) / gains	0	(5)
Fair value of plan assets at the end of the year	861	806

Actuarial assumptions

Particulars	Year ended 31 March 2025	Year ended 31 March 2024
Discount rate	6.40%	6.90%
Estimated rate of return on plan assets	6.90%	7.00%
Attrition rate	M1 - M7: 38% M8 - M12: 18.5%	M1 - M7: 38% M8 - M12: 18.5%
Future salary increases	8.00%	8.00%
Average longevity at retirement age - past service (in years)	2.60	2.47
Average longevity at retirement age - future service (in years)	37.26	37.12
Retirement age	58 years	58 years

The estimates of future salary increases, considered in actuarial valuation, take account of inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market. Assumptions regarding future mortality are based on published statistics and mortality tables. The calculation of the defined benefit obligation is sensitive to the mortality assumptions.

Five year information

Gratuity	As at 31 March 2025	As at 31 March 2024	As at 31 March 2023	As at 31 March 2022	As at 31 March 2021
Defined benefit obligation	1,046	791	698	705	652
Fair value of plan assets	861	806	757	694	514
(Excess)/Deficit in plan	184	(15)	(59)	11	138
Experience adjustments on plan liabilities	107	48	31	38	37
Experience adjustments on plan assets	(0)	5	(11)	4	4

Sensitivity analysis

Significant actuarial assumptions for the determination of the defined benefit obligation are discount rate and expected salary increase. The sensitivity analysis below have been determined based on reasonable possible changes of the assumptions occurring at the end of the reporting period, while holding all other assumptions constant. The results of sensitivity analysis is as follows :

Particulars	Year ended 31 March 2025		Year ended 31 March 2024	
	Increase	Decrease	Increase	Decrease
100 basis points increase/decrease				
Discount rate	(34)	36	(24)	26
Future salary growth	32	(31)	23	(23)
Attrition rate	(7)	7	(4)	4

The sensitivity analysis presented above may not be representative of the actual change in the defined benefit obligation as it is unlikely that the change in assumptions would occur in isolation of one another as some of the assumptions may be correlated.

There is no change in the method of valuation for the prior periods in preparing the sensitivity analysis. For change in assumptions refer to note (a) above.

Furthermore, in presenting the above sensitivity analysis, the present value of the defined benefit obligation has been calculated using the projected unit credit method at the end of the reporting period, which is the same as that applied in calculating the defined benefit obligation asset recognised in the balance sheet.

39 Leases

As a lessee, the Company's lease asset class primarily consist of buildings or part thereof taken on lease for office premises. In accordance with the requirements under Ind AS 116, Leases, the Company has recognised the lease liability at the present value of the future lease payments discounted at the incremental borrowing rate at the date of initial application as at 1 April 2019, and thereafter, at the inception of respective lease contracts, ROU asset equal to lease liability is recognised at the incremental borrowing rate prevailed during that relevant period subject to certain practical expedients as allowed by the standard.

The following is the summary of practical expedients elected on initial application:

- (a) Applied a single discount rate to a portfolio of leases of similar assets in similar economic environment with a similar end date.
- (b) Applied the exemption not to recognise right to use assets and liabilities for leases with less than 12 months of lease term on the date of initial application.
- (c) Excluded the initial direct costs from the measurement of the right to use asset at the date of initial application.

Following are the changes in the carrying value of the right of use assets for the year ended 31 March 2025:

Category of ROU Asset	Gross Block				Accumulated Depreciation				Net Block
	As at 1 April 2024	Additions	Deletions	As at 31 March 2025	As at 1 April 2024	Additions	Deletions	As at 31 March 2025	As at 31 March 2025
Office Premises & Yard	7,463	1,937	1,140	8,260	2,825	1,582	1,112	3,295	4,965

Category of ROU Asset	Gross Block				Accumulated Depreciation				Net Block
	As at 1 April 2023	Additions	Deletions	As at 31 March 2024	As at 1 April 2023	Additions	Deletions	As at 31 March 2024	As at 31 March 2024
Office Premises & Yard	7,297	2,147	1,981	7,463	2,386	1,529	1,090	2,825	4,638

The aggregate depreciation expenses on ROU assets is included under depreciation and amortization expenses in the Statement of Profit and Loss.

Table showing contractual cash maturities of lease liabilities on an undiscounted basis:

Particulars	As at 31 March 2025	As at 31 March 2024
Within one year	1,901	1,588
After one year but not more than five years	4,242	3,926
More than five years	630	877
Total	6,773	6,391

The company has taken office premises on lease. These leases are generally renewed on mutual consent and at prevailing market rate. Short term leases are recognised as an expense.

Particulars	Year ended 31 March 2025	Year ended 31 March 2024
Expense relating to short-term leases	10	233
Expense relating to leases of low-value assets	-	-
Expense relating to variable lease payments not included in the measurement of lease liabilities	-	-
Income from subleasing right-of-use assets	-	-
Total cash outflow for leases	1,898	1,803
Gains or losses arising from sale and leaseback transactions	-	-

A Fair value measurement

Valuation principles

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction in the principal (or most advantageous) market at the measurement date under current market conditions i.e, exit price. This is regardless of whether that price is directly observable or estimated using a valuation technique.

Financial instruments by category

The carrying value and fair value of loans measured at fair value as of 31 March 2025 and 31 March 2024 were as follows:

Particulars	Carrying amount	Fair value (FVOCI)			
		Level 1	Level 2	Level 3	Total
As at 31 March 2025					
Loans	24,63,768	-	-	26,97,683	26,97,683
As at 31 March 2024					
Loans	19,71,244	-	-	20,91,339	20,91,339

Reconciliation of level 3 fair value measurement is as follows

Loans	As at	
	31 March 2025	31 March 2024
<i>Loans, measured at FVOCI</i>		
Balance at the beginning of the year	1,20,095	86,606
Total gains measured through OCI	1,30,261	33,489
Balance at the end of the year	2,50,356	1,20,095

Sensitivity analysis

31 March 2025	Equity, net of tax*	
	Increase	Decrease
Loans		
Interest rates (1% movement)	55,594	57,871

*represents the impact on profit

B Measurement of fair values

Valuation methodologies of financial instruments not measured at fair value

Below are the methodologies and assumptions used to determine fair values for the above financial instruments which are not recorded and measured at fair value in the financial statements. These fair values were calculated for disclosure purposes only.

The fair values above are estimated using discounted cash-flow models, with the following significant assumptions:

Input / Assumption	Basis and source
Discount rate	Risk-free yield curve plus credit spread. Government bond yields for term matching, plus a appropriate spread reflecting its own instrument credit risk.
Credit spread	Derived from the company's own credit rating
Probability of default (PD)	Internal rating-based PDs calibrated to historical defaults.
Loss given default (LGD)	Based on long-run recoveries of similar instruments
Prepayment assumptions	Portfolio average annual prepayment rate of 7 %
Cash-flow model	Projected contractual cash flows, adjusted for prepayments and expected defaults.

Short-term financial assets and liabilities

The Company has not disclosed the fair values for financial instruments which are short term in nature because their carrying amounts are a reasonable approximation of fair value.

Borrowings

The debt securities, borrowings and subordinated liabilities are primarily variable rate instruments. Accordingly, the fair value has been assumed to be equal to the carrying amount.

HINDUJA LEYLAND FINANCE LIMITED
Notes to standalone financial statements for the year ended 31 March 2025

Loans

The fair values of loans and receivables are estimated by discounted cash flow models that incorporate assumptions for credit risks, foreign exchange risk, probability of default and loss given default estimates.

Investments

For the held-to-maturity investments the fair value has been assumed to be equal to the carrying amount.

Transfers between levels I and II

There has been no transfer in between level I and level II.

C Capital management

The Company manages its capital to ensure that the Company will be able to continue as going concern while maximizing the return to stakeholders through the optimization of the debt and equity balance.

The Company manages its capital structure and makes adjustments to it according to changes in economic conditions and the risk characteristics of its activities. In order to maintain or adjust the capital structure, the Company may adjust the amount of dividend payment to shareholders, return capital to shareholders or issue capital securities. No changes have been made to the objectives, policies and processes from the previous years. However, they are under constant review by the Board.

The company monitors capital using adjusted net debt (total borrowings net of cash and cash equivalents) to equity ratio.

Particulars	As at 31 March 2025	As at 31 March 2024
Gross debt	36,18,452	28,69,914
Less:		
Cash and cash equivalents	2,77,797	2,67,138
Other bank deposits	50,013	30,221
Adjusted net debt	32,90,642	25,72,555
Total equity	7,29,923	5,72,600
Adjusted net debt to equity ratio	4.51	4.49

In order to achieve this overall objective, the Company's capital management, amongst other things, aims to ensure that it meets financial covenants attached to the interest bearing loans and borrowings that define capital structure requirements. Breaches in financial covenants would permit the bank to immediately call loans and borrowings.

Regulatory capital

Particulars	Carrying amount	
	As at 31 March 2025	As at 31 March 2024
Tier I Capital	5,30,433	4,39,648
Tier II Capital	2,22,250	87,310
Total Capital	7,52,683	5,26,958
Risk weighted assets	39,01,369	30,52,952
Tier I Capital Ratio (%)	13.59%	14.40%
Tier II Capital Ratio (%)	5.70%	2.86%

Tier I capital consists of shareholders' equity and retained earnings. Tier II Capital consists of general provision and loss reserve related to 12 months expected credit loss allowance. Tier II also includes subordinated debt (subject to prescribed discount rates and not exceeding 50% of Tier I). Tier I and Tier II has been reported on the basis of Ind AS financial information.

	531	-		

Foreign currency risk for the Company arise majorly on account of foreign currency borrowings. The Company manages this foreign currency risk by entering in to cross currency swaps. When a derivative is entered in to for the purpose of being as hedge, the Company negotiates the terms of those derivatives to match with the terms of the hedge exposure. The Company holds derivative financial instruments such as cross currency interest rate swap to mitigate risk of changes in exchange rate in foreign currency and floating interest rate. The Counterparty for these contracts is generally a bank. These derivative financial instruments are valued based on quoted prices for similar assets and liabilities in active markets or inputs that are directly or indirectly observable in market place.

Hedging policy

The Company's policy is to fully hedge its foreign currency borrowings at the time of drawdown and remain so till repayment and hence the hedge ratio is 1:1.

As at 31 March 2025

43 Financial risk management objectives and policies

The Company's principal financial liabilities comprise borrowings from banks and debentures. The main purpose of these financial liabilities is to finance the Company's operations and to support its operations. The Company's financial assets include loan and advances, investments and cash and cash equivalents that derive directly from its operations.

The Company is exposed to credit risk, liquidity risk and market risk. The Company's board of directors has an overall responsibility for the establishment and oversight of the Company's risk management framework. The board of directors has established the risk management committee and asset liability committee, which is responsible for developing and monitoring the Company's risk management policies. The committee reports regularly to the board of directors on its activities.

The Company's risk management policies are established to identify and analyse the risks faced by the Company, to set appropriate risk limits and controls and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Company's activities.

The Company's risk management committee oversees how management monitors compliance with the Company's risk management policies and procedures, and reviews the adequacy of the risk management framework in relation to the risks faced by the Company.

(i) Credit risk

Credit risk is the risk of financial loss to the Company if a customer or counter-party to financial instrument held at amortised cost or FVOCI and debt instrument held at FVOCI fails to meet its contractual obligations and arises principally from the Company's receivables from customers and loans. The carrying amounts of financial assets represent the maximum credit risk exposure.

The credit risk for cash and cash equivalents, fixed deposits are considered negligible, since the counterparties are reputable banks with high quality external credit ratings.

The Company holds investments in non-convertible debentures (NCDs) and pass-through certificates (PTCs) issued by entities with strong credit profiles and high credit ratings from recognized rating agencies. These instruments are assessed to have low credit risk as the issuers are well-established entities with a consistent track record of financial stability, robust governance practices, and market reputation. The Company continues to monitor the credit risk of these investments on an ongoing basis and will reassess the classification and measurement as necessary.

Other financial assets mainly comprises of security deposits which are given to premise owners, receivable from insurance company & bankers in relation to contracts executed and are assessed by the Company for credit risk on a continuous basis.

The Company's exposure to credit risk is influenced mainly by the individual characteristics of each customer. However, management also considers the factors that may influence the credit risk of its customer base, including the default risk associated with the industry.

The Board has established a credit policy under which each new customer is analysed individually for creditworthiness before the Company's standard payment and delivery terms and conditions are offered. The Company's review includes external ratings, if they are available, financial statements, credit agency information, industry information etc.

The Company's exposure to credit risk for loans and advances by type of counterparty is as follows. All these exposures are within India.

Particulars	INR In Lakhs	
	As at 31 March 2025	As at 31 March 2024
Retail loans	36,50,652	28,22,340
Term loans	1,27,021	1,68,595
Repossessed loans	12,780	12,863
	37,90,453	30,03,798
Less : Impairment loss allowance	(88,822)	(80,137)
	37,01,631	29,23,661

An impairment analysis is performed at each reporting date based on the facts and circumstances existing on that date to identify expected losses on account of time value of money and credit risk. For the purposes of this analysis, the loan receivables are categorised into groups based on days past due. Each group is then assessed for impairment using the Expected Credit Loss (ECL) model as per the provisions of Ind AS 109 - financial instruments.

Staging:

As per the provision of Ind AS 109 general approach all financial instruments are allocated to stage 1 on initial recognition. However, if a significant increase in credit risk is identified at the reporting date compared with the initial recognition, then an instrument is transferred to stage 2. If there is objective evidence of impairment, then the asset is credit impaired and transferred to stage 3.

The Company considers a financial instrument defaulted and therefore Stage 3 (credit-impaired) for ECL calculations in all cases when the borrower becomes 90 days past due on its contractual payments.

For financial assets in stage 1, the impairment calculated based on defaults that are possible in next twelve months, whereas for financial instrument in stage 2 and stage 3 the ECL calculation considers default event for the lifespan of the instrument. It excludes the financial instruments - Investment in PTC and SRs.

As per Ind AS 109, Company assesses whether there is a significant increase in credit risk at the reporting date from the initial recognition. The Company has staged the assets based on the days past dues criteria and other market factors which significantly impacts the portfolio.

Days past dues status	Stage	Provisions
Current	Stage 1	12 Months Provision
1-30 Days	Stage 1	12 Months Provision
31-90 Days	Stage 2	Lifetime Provision
90+ Days	Stage 3	Lifetime Provision

HINDUJA LEYLAND FINANCE LIMITED
Notes to standalone financial statements for the year ended 31 March 2025

INR In Lakhs

Grouping

As per Ind AS 109, Company is required to group the portfolio based on the shared risk characteristics. Company has assessed the risk and its impact on the various portfolios and has divided the portfolio into following groups:

- Commercial vehicle loans (ICV, LCV, MCV, MUV, Buses)
- Heavy commercial vehicles
- Small commercial vehicles
- Two wheeler loan
- Tipper
- Tractor
- Car
- Construction equipments
- Three wheeler loan
- Loan against property
- Term Loans
- Unsecured Loans

Expected credit loss ("ECL"):

ECL on financial assets is an unbiased probability weighted amount based out of possible outcomes after considering risk of credit loss even if probability is low. ECL is calculated based on the following components:

- a. Probability of default ("PD")
- b. Loss given default ("LGD")
- c. Exposure at default ("EAD")
- d. Discount factor ("D")

Probability of default:

PD is defined as the probability of whether borrowers will default on their obligations in the future. Historical PD is derived from the internal data which is calibrated with forward looking macroeconomic factors.

For computation of probability of default ("PD"), Through the Cycle (TTC), PD was calculated based on average of Observed Default Rates (ODRs) using transition matrix approach. This is based on the delinquency status of accounts tracked at a time horizon of one year, the yearly migration of borrowers in each DPD Bucket to default. (NPA or greater than 90 DPD). The model rolls this behavior forward until all receivables are either paid or written off or closed. The output of the model is the probability of an account in each state rolling to Closure stated as a %.

The transition matrix was calculated for each historical year and TTC PD was calculated as average of ODR. The PDs for each bucket was calibrated to form an exponential PD curve.

As per Vasicek model, given long term PD and current macroeconomic conditions, conditional PD corresponding to current macroeconomic condition is estimated

The probability of default was calculated for 3 scenarios: upside (10%), downside (10%) and base (80%). This weightage has been decided on best practices and expert judgement. Marginal conditional probability was calculated for all 3 possible scenarios and one conditional PD was arrived as conditional weighted probability. Macroeconomic variables have been selected for all portfolios based on the business and statistical significance of each combination with the respective portfolio. The forecasted values of macroeconomic variables were used as an input to generate, three set of macroeconomic forecasts based on the Vasicek methodology.

HINDUJA LEYLAND FINANCE LIMITED
Notes to standalone financial statements for the year ended 31 March 2025

INR In Lakhs

LGD:

LGD is an estimate of the loss from a transaction given that a default occurs. Under Ind AS 109, lifetime LGD's are defined as a collection of LGD's estimates applicable to different future periods. Various approaches are available to compute the LGD. The Company has considered the workout LGD approach by considering historical losses and recoveries. The following steps are performed to calculate the LGD:

- 1) Analysis of historical credit impaired accounts at cohort level.
- 2) The computation consists of five components, which are:
 - a) Outstanding balance (POS)
 - b) Recovery amount (discounted yearly) by initial contractual rate.
 - c) Expected recovery amount (for incomplete recoveries), discounted to reporting date using initial contractual rate.
 - d) Collateral (security) amount
 - e) Foreclosure cases

The formula for the computation is as below:

% Recovery rate = (discounted recovery amount + security amount + discounted estimated recovery) / (total POS)

% LGD = 1 – recovery rate

EAD:

As per Ind AS 109, EAD is estimation of the extent to which the financial entity may be exposed to counterparty in the event of default and at the time of counterparty's default. The Company has modelled EAD based on the contractual and behavioural cash flows till the lifetime of the loans.

The Company has considered expected cash flows for all the loans at DPD bucket level for each of the segments, which was used for computation of ECL. Moreover, the EAD comprised of principal component and accrued interest for the outstanding exposure. So discounting was done for computation of expected credit loss.

Discounting:

As per Ind AS 109, ECL is computed by estimating the timing of the expected credit shortfalls associated with the defaults and discounting them using effective interest rate.

ECL computation:

Conditional ECL at DPD pool level was computed with the following method:

Conditional ECL for year (yt) = EAD (yt) * conditional PD (yt) * LGD (yt) * discount factor (yt)

The calculation is based on provision matrix which considers actual historical data adjusted appropriately for the future expectations and probabilities. Proportion of expected credit loss provided for across the stage is summarised below:

Stage	Provisions	As at 31 March 2025	As at 31 March 2024
Stage 1	12 month provision	0.48%	0.60%
Stage 2	Life time provision	4.40%	6.04%
Stage 3	Life time provision	42.13%	37.87%
Amount of expected credit loss provided		88,822	80,137

The loss rates are based on actual credit loss experience over past years. These loss rates are then adjusted appropriately to reflect differences between current and historical economic conditions and the Company's view of economic conditions over the expected lives of the loan receivables. Movement in provision of expected credit loss has been provided in below note.

Analysis of changes in the gross carrying amount and the corresponding ECL allowances:

Particulars	As at 31 March 2025				As at 31 March 2024			
	Stage 1	Stage 2	Stage 3	Total	Stage 1	Stage 2	Stage 3	Total

43 Financial risk management objectives and policies (continued)

Reconciliation of ECL balance is given below:

Particulars	As at 31 March 2025				As at 31 March 2024			
	Stage 1	Stage 2	Stage 3	Total	Stage 1	Stage 2	Stage 3	Total
ECL allowance - opening balance	15,810	15,546	48,781	80,137	3,907	22,950	36,742	63,599
Assets derecognised or repaid (excluding write offs)	(714)	(1,526)	(6,132)	(8,372)	(486)	(908)	(8,692)	(10,086)
Transfers from stage 1	(1,349)	2,089	2,135	2,875	95	2,502	8,096	10,693
Transfers from stage 2	(973)	(1,009)	3,904	1,922	(230)	(196)	2,143	1,717
Transfers from stage 3	(286)	(1,381)	881	(786)	(174)	(504)	(2,731)	(3,409)
New assets originated and incremental charge	3,362	1,248	8,436	13,046	12,698	(8,298)	13,223	17,623
Closing provision of ECL	15,850	14,967	58,005	88,822	15,810	15,546	48,781	80,137

Collateral and other credit enhancements

The amount and type of collateral required depends on an assessment of the credit risk of the counterparty. Guidelines are in place covering the acceptability and valuation of each type of collateral. The main types of collateral obtained are, vehicles, loan portfolios and mortgaged properties based on the nature of loans. Management monitors the market value of collateral and will request additional collateral in accordance with the underlying agreement. The Group advances loan to maximum extent of 70% of the value of the mortgaged properties and 100% in case of vehicles respectively.

The Company also physically repossess commercial vehicles for the recovery of loans. These balances are also disclosed in loan to customers as such repossessed assets are disposed.

Exposure to credit risk

The carrying amount of financial assets represents the maximum credit exposure. The maximum exposure is the total of the carrying amount of the aforesaid balances.

Incorporation of forward-looking statements in ECL model

The Company considers a broad range of forward-looking information with reference to external forecasts of economic parameters such as GDP growth, Government Expenditure etc., as considered relevant so as to determine the impact of macro-economic factors on the Company's ECL estimates.

The inputs and models used for calculating ECLs are recalibrated periodically through the use of available incremental and recent information. Further, internal estimates of PD, LGD rates used in the ECL model may not always capture all the characteristics of the market / external environment as at the date of the financial statements. To reflect this, qualitative adjustments or overlays are made as temporary adjustments to reflect the emerging risks reasonably.

Time series macroeconomic data was sourced from economist intelligence unit (EIU) which is a reliable source for historical economic data. Correlation with macro-economic variables was calculated in order to see which variables are statistically good with the portfolio. From the initial set of variables chosen for the correlation assessment, the variables were selected based on their absolute correlation values with the default rate of the respective segment. For periods where forecast was not available from EIU, mean reversion technique was used to forecast the macroeconomic variables for the residual maturity of loans. Business intuition based on experience from the past is also considered for the selection of macro-economic variables (MEVs).

The Company has considered macro economic factors such as Gross Domestic Product and Industrial Production for calculation of Probability of Default (PD) till the financial year 2023-24. During the current year, the following macro economic variables has been considered.

Segment	Macro-Economic Variables correlated for each segment			
Three Wheelers	Consumer expenditure: Total (US\$)	Nominal GDP (US\$)	Employment growth (% pa)	Domestic demand (% of GDP)
Small Commercial Vehicle	Industrial production (% change pa)	Real GDP (% change pa)	Real personal disposable	Private consumption
Two Wheeler	Industrial production (% change pa)	Private consumption	Effective interest rate (%)	Real GDP (% change pa)
Heavy Commercial Vehicle	Real GDP (% change pa)	Industrial production	Real personal disposable	Employment growth (% pa)
Intermediate Commercial Vehicle	Consumer expenditure: Total (US\$)	Employment growth (% pa)	Nominal GDP (US\$)	Real GDP (% change pa)
Light Commercial Vehicles	Consumer expenditure: Total (US\$)	Employment growth (% pa)	Nominal GDP (US\$)	Real GDP (% change pa)
Medium Commercial Vehicle	Consumer expenditure: Total (US\$)	Employment growth (% pa)	Nominal GDP (US\$)	Real GDP (% change pa)
Multi Utility Vehicle	Consumer expenditure: Total (US\$)	Employment growth (% pa)	Nominal GDP (US\$)	Real GDP (% change pa)
Buses	Consumer expenditure: Total (US\$)	Employment growth (% pa)	Nominal GDP (US\$)	Real GDP (% change pa)
Construction Equipments	Industrial production (% change pa)	Private consumption	Real GDP (% change pa)	Real personal disposable income
Tipper	Consumer expenditure: Total (US\$)	Employment growth (% pa)	Nominal GDP (US\$)	Gross personal income (US\$)
Farm Equipment & Tractor	Gross personal income (US\$)	Employment growth (% pa)	Domestic demand (% of GDP)	Nominal GDP (US\$)
Car	Consumer expenditure: Total (US\$)	Nominal GDP (US\$)	Employment growth (% pa)	Domestic demand (% of GDP)
Loan Against Property (LAP)	Effective interest rate (%)	Petroleum production (b/d)	Domestic demand (% of GDP)	Consumer prices (% change pa; av)
Unsecured loans	Industrial production (% change pa)	Real GDP (% change pa)	Real personal disposable	Private consumption

Since the company has used Real GDP as a predominant macro-economic variable the sensitivity around the same is given below:

Year ended	Increase/ (Decrease)	Impact on ECL Increase/(Decrease) Real GDP
March 31, 2025	Decrease by 5%	138.58
March 31, 2025	Increase by 5%	-137.74

HINDUJA LEYLAND FINANCE LIMITED

INR In Lakhs

(ii) Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting its obligations associated with its financial liabilities. The Company's approach in managing liquidity is to ensure that it will have sufficient funds to meet its liabilities when due.

The Company is monitoring its liquidity risk by estimating the future inflows and outflows during the start of the year and planned accordingly the funding requirement. The Company manages its liquidity by unutilised cash credit facility, term loans and direct assignment and market instruments.

The composition of the Company's liability mix ensures healthy asset liability maturity pattern and well diverse resource mix.

The total cash credit along with overdraft limit available to the Company is INR 1,72,000 Lakhs spread across 12 banks. The utilization level is maintained in such a way that ensures sufficient liquidity on hand.

The Company's portfolio is loans which qualifies as Priority Sector Lending. The Company has also made sales through direct assignment route (off book) approximately 10% to 25% of assets under management. This further strengthens the liability management.

The table below summarises the maturity profile of the Company's financial liabilities based on contractual undiscounted payments along with its carrying value as at the balance sheet date.

As at 31 March 2025	Contractual cash flows				
	Carrying amount	0-1 year	1-3 years	3-5 years	More than 5 years
Financial liabilities

(iii) Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk includes interest rate risk and foreign currency risk. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return.

(iv) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company exposure to the risk of changes in market interest rates relates primarily to the Company investment in bank deposits and variable interest rate lending (as applicable). Whenever there is a change in borrowing interest rate for the Company, necessary change is reflected in the lending interest rates over the timeline in order to mitigate the risk of change in interest rates of borrowings.

Fair value sensitivity analysis for Floating-rate instruments

The sensitivity analysis below have been determined based on exposure to the interest rates for financial instruments at the end of the reporting period and the stipulated change taking place at the beginning of the financial year and held constant throughout the reporting period in case of instruments that have floating rates. A 25 basis points increase or decrease is used when reporting interest rate risk internally to key management personnel and represents management's assessment of the reasonably possible change in interest rates

If interest rates had been 25 basis points higher or lower and all other variables were constant, the Company's profit before tax would have changed by the following:

Loans extended by the Company are fixed and floating rate loans.

The sensitivity analysis have been carried out based on the exposure to interest rates for term loans from banks, debt securities and borrowings carried at variable rate.

Change in interest rates	Year ended 31 March 2025		Year ended 31 March 2024	
	25 bps increase	25 bps decrease	25 bps increase	25 bps decrease
Impact on profit for the year*	(6,355)	6,355	(5,114)	5,114

*The impact to the equity is as same as that of impact to the profit.

HINDUJA LEYLAND FINANCE LIMITED
Notes to standalone financial statements for the year ended 31 March 2025

44 Unhedged foreign currency exposure:

The Company has a process and procedure for managing currency induced credit risk. The Company enters into cross currency swaps to mitigate interest rate risk on its borrowings, as hedging instruments. The Company undertakes such transactions for hedging its balance sheet. The total borrowing covered under hedged exposure is INR 1,93,859 lakhs and unhedged exposure to borrowing is Nil as on 31 March 2025.

45 There are no transactions which have not been recorded in the books of accounts and has been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961. Also, there are no previously unrecorded income and related assets.

46 During the financial year 2022-23, the Board of Directors of the Company had approved the Scheme of Merger by absorption of the Company into NDL Ventures Limited (formally NXTDIGITAL Limited). The Company has reapplied for necessary approvals from RBI which currently under process. Thereafter, the Company will take necessary approvals from various statutory and regulatory authorities, respective shareholders for swap ratios and approvals from creditors.

47 The Company has registered all the charges with ROC within the statutory period.
The Company has complied with the number of layers prescribed under clause (87) of section 2 of the Act read with Companies (Restriction on number of Layers) Rules, 2017.
The Company has not traded or invested in crypto currency or virtual currency during the financial year.

48 Analytical ratios

Ratio	Numerator	Denominator	Current period	Previous period	% Variance	Reason for variance (if above 25%)
Capital to risk-weighted assets ratio (CRAR)	7,52,683	39,01,369	19.29%	17.26%	11.77%	-
Tier I CRAR	5,30,433	39,01,369	13.59%	14.40%	-5.63%	-
Tier II CRAR	2,22,250	39,01,369	5.70%	2.86%	99.20%	Increase in sub-debt issuances in FY25
Liquidity coverage ratio	84,726	49,511	171.12%	201.28%	-14.98%	-

49 The Company holds immovable property as on 31 March 2025 and 31 March 2024. All the title deeds for the immovable property are in the name of the Company and all the leases agreements are duly executed in favour of the company for properties where the company is the lessee.

50 No proceedings have been initiated or pending against the company for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 and rules made thereunder, as at 31 March 2025 and 31 March 2024.

The Company has sanctioned facilities from banks on the basis of security of current assets. The monthly returns filed by the Company with such banks are in agreement with the unaudited books of accounts of the Company.

The Company does not have any investment property and hence related disclosures are not applicable.

As per the Company's accounting policy, Property, Plant and Equipment (including Right of Use Assets) and intangible assets are carried at historical cost (less accumulated depreciation and impairment, if any), hence the revaluation related disclosures required as per Additional Regulatory Information of Schedule III (revised) to the Companies Act, is not applicable

51 The Company is not a declared wilful defaulter by any bank or financial institution or other lender, in accordance with the guidelines on wilful defaulters issued by the Reserve Bank of India, during the years ended 31 March 2025 and 31 March 2024.

52 The Company does not have any transactions with the companies struck off under section 248 of Companies Act, 2013 and section 560 of Companies Act, 1956 during the years ended 31 March 2025 and 31 March 2024.

53 Reporting under rule 11(e) and 11(f) of Companies (Audit and Auditors) Rules, 2014

As a part of normal lending business, the company grants loans and advances on the basis of security / guarantee provided by the Borrower/ co-borrower. These transactions are conducted after exercising proper due diligence.

Other than the transactions described above,

a. No funds have been advanced or loaned or invested by the Company to or in any other person(s) or entity(ies) including foreign entities ("Intermediaries") with the understanding that the Intermediary shall lend or invest in a party identified by or on behalf of the Company (Ultimate Beneficiaries);

b. No funds have been received by the Company from any party(s) (Funding Party) with the understanding that the Company shall whether, directly or indirectly, lend or invest in other persons or entities identified by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

iii) Disclosure on risk exposure in derivatives

Qualitative disclosure

The Company undertakes the derivatives transaction to prudently hedge the risk in context of a particular borrowing. The Company does not indulge into any derivative trading transactions. The Company reviews, the proposed transaction and outline any considerations associated with the transaction, including identification of the benefits and potential risks (worst case scenarios); an independent analysis of potential savings from the proposed transaction. The Company evaluates all the risks inherent in the transaction viz., counter party risk, market risk, operational risk, basis risk etc.

Credit risk is controlled by restricting the counterparties that the Company deals with, to those who either have banking relationship with the Company or are internationally renowned or can provide sufficient information. Market/Price risk arising from the fluctuations of interest rates and foreign exchange rates or from other factors shall be closely monitored and controlled. Transactions entered for hedging, will run till its life, irrespective of profit or loss.

W. Liquidity coverage ratio (LCR)

The liquidity coverage ratio (LCR) is a key compliance requirement for a resilient and stable financial sector. Its objective is the promotion of short-term resilience of the liquidity risk profile of financial institutions by ensuring that it has sufficient high quality liquid assets (HQLA) to survive a significant stress scenario lasting for one month. The liquidity coverage ratio is expected to improve the financial sector's ability to absorb shocks arising from financial and economic stress, whatever the source, thus reducing the risk of spill over from the financial sector to the real economy.

Liquidity management of the Company is supervised by the asset liability committee. The management is of the view that the company has in place robust processes to monitor and manage liquidity risks and sufficient liquidity cover to meet its likely future short-term requirements.

The Company has a diversified mix of borrowings with respect to the source, type of instrument, tenor and nature of security. The asset liability committee constantly reviews and monitors the funding mix and ensures the optimum mix of funds based on the cash flow requirements, market conditions and keeping the interest rate view in consideration. Additionally, the Company has lines of credit that it can access to meet liquidity needs.

These are reviewed by the asset liability committee (ALCO). The asset liability committee provides strategic direction and guidance on liquidity risk management. A sub-committee of the asset liability committee, comprising members from the treasury functions, monitor liquidity risks on a weekly basis and decisions are taken on the funding plan and levels of investible surplus, from the asset liability management perspective. This sets the boundaries for daily cash flow management.

In line with RBI regulations, the cash outflows and inflows have been stressed by 115% and 75% of their respective original values for computing LCR. The key drivers on the inflow side are the expected collections from the performing assets of the company and on the outflow side the scheduled maturities. The high quality liquid assets are held in government securities, cash and bank balance.

(v) Stock ratios:

a. Commercial papers as a % of total public funds, total liabilities and total assets

As at 31 March 2025

S.No.	Name of instrument/product	% of Total public funds#	% of Total liabilities*
1	Commercial paper	0.27%	0.26%

As at 31 March 2024

S.No.	Name of instrument/product	% of Total public funds#	% of Total liabilities*
1	Commercial paper	5.15%	4.96%

* Liabilities includes financial and non-financial liabilities and does not include shareholders' equity

Public funds include public deposits, bank finance and all funds received whether directly or indirectly from outside sources such as funds raised by issue of Commercial papers, debentures etc.

b. Non-convertible debentures (original maturity of less than one year) as a % of total public funds, total liabilities and total assets

Not applicable

c. Other short-term liabilities, if any as % of total public funds, total liabilities and total assets

As at 31 March 2025

S.No.	Name of instrument/product	% of Total public funds#	% of Total liabilities*
1	Cash credit / Working capital demand loan	1.86%	1.78%

As at 31 March 2024

S.No.	Name of instrument/product	% of Total public funds#	% of Total liabilities*
1	Cash credit / Working capital demand loan	1.95%	1.88%

* Liabilities includes financial and non-financial liabilities and does not include shareholders' equity

Public funds include public deposits, bank finance and all funds received whether directly or indirectly from outside sources such as funds raised by issue of Commercial papers, debentures etc

(vi) Institutional set-up for liquidity risk management

We have an asset liability management committee (ALCO) that is formed in accordance with the directions issued by the Reserve Bank of India. Our asset liability committee takes into account interest rate forecasts and spreads, the internal cost of funds, operating results, projected funding needs, projected loan disbursements, liquidity position, loan loss reserves to outstanding loans, funding strategies. This committee reviews the fund position, asset liability maturity profile, variance between forecast and actuals of the concluded quarter, analysis of sensitivity of interest rates variation in various buckets, what if scenario analysis, etc. The Company maintains a positive cumulative mismatch in all buckets.

X. Overseas assets (for those with joint ventures and subsidiaries abroad)

The Company does not have any joint ventures and subsidiaries abroad during the year ended 31 March 2025 and 31 March 2024 and hence this disclosure is not applicable.

Y. Off-balance sheet SPVs sponsored (which are required to be consolidated as per accounting norms)

There were no off-balance sheet SPVs sponsored by the Company during the year ended 31 March 2025 and 31 March 2024.

Z. Customer complaints*

Particulars	Year ended 31 March 2025	Year ended 31 March 2024
No. of complaints pending at the beginning of the year	-	-
No. of complaints received during the year	3,671	3,824
No. of complaints redressed during the year	3,671	3,824
No. of complaints pending at the end of the year	-	-

* As per the records of the Company

AA. Net Profit or loss for the period, prior period items and change in accounting policies

There are no such material items which require disclosures in the notes to accounts in terms of the relevant accounting standard.

Independent Auditor's Report

To the Members of Hinduja Leyland Finance Limited

Report on the Audit of the Consolidated Financial Statements

Opinion

1. We have audited the accompanying consolidated financial statements of Hinduja Leyland Finance Limited ('the Holding Company') and its subsidiaries (the Holding Company and its subsidiaries together referred to as 'the Group'), its associate and joint venture, as listed in Annexure A, which comprise the Consolidated Balance Sheet as at 31 March 2025, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Cash Flow Statement and the Consolidated Statement of Changes in Equity for the year then ended, and notes to the consolidated financial statements, including material accounting policy information and other explanatory information.
2. In our opinion and to the best of our information and according to the explanations given to us and based on the consideration of the reports of the other auditors on separate financial statements and on the other financial information of the subsidiaries, associate and joint venture, referred to in paragraph 15 of Other Matters section below, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ('the Act') in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards ('Ind AS') specified under section 133 of the Act, read with the Companies (Indian Accounting Standards) Rules, 2015, and other accounting principles generally accepted in India of the consolidated state of affairs of the Group, its associate and joint venture, as at 31 March 2025, and their consolidated profit (including other comprehensive income), consolidated cash flows and the consolidated changes in equity for the year ended on that date.

Basis for Opinion

3. We conducted our audit in accordance with the Standards on Auditing specified under section 143(10) of the Act. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group, its associate and joint venture in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ('ICAI') together with the ethical requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained together with the audit evidence obtained by the other auditors in terms of their reports referred to in paragraph 15 of the Other Matters section below, is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

4. Key audit matters are those matters that, in our professional judgment and based on the consideration of the reports of the other auditors on separate financial statements of the subsidiaries, associate and joint venture, were of most significance in our audit of the consolidated financial statements of the current year. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.
5. We have determined the matters described below to be the key audit matters to be communicated in our report.

A. Key audit matters of the Holding Company

Key audit matter	How our audit addressed the key audit matter
<p>1. Impairment of financial assets (loans) based on Expected Credit Losses (ECL)</p> <p>As at 31 March 2025, the Holding Company reported total gross loans of ₹ 3,790,453 lakhs (31 March 2024: ₹ 3,003,798 lakhs) and expected credit loss provisions of ₹ 88,822 lakhs (31 March 2024: ₹ 80,137 lakhs).</p> <p>Ind AS 109, Financial Instruments ('Ind AS 109') requires the Holding Company to provide for impairment of its financial assets using the expected credit loss ('ECL') approach involving an estimation of probability of loss on the financial assets, considering reasonable and supportable information about past events, current conditions and forecasts of future economic conditions which could impact the credit quality of the Holding Company's financial assets.</p> <p>Expected credit loss cannot be measured precisely but can only be estimated through use of statistics. The estimation of impairment loss allowance on financial instruments involves significant judgement and estimates and applying appropriate measurement principles, including additional considerations on account of Reserve Bank of India guidelines in relation to restructuring. The Holding Company has involved an internal expert to measure probability of default (PD), loss given default (LGD), in accordance with Ind AS 109.</p> <p>The Holding Company measures 12-month ECL for Stage 1 loan assets and at lifetime ECL for Stage 2 and Stage 3 loan assets. Significant management judgment and assumptions involved in measuring ECL is required with respect to:</p>	<p>Our audit focused on assessing the appropriateness of management's judgment and estimates used in the expected credit losses through procedures which included, but were not limited to, the following:</p> <ul style="list-style-type: none"> • Examined the policy approved by the Board of Directors ('Board') with respect to process and procedures for assessing and measuring credit risk on the lending exposures of the Holding Company and evaluated its appropriateness in accordance with the requirements of Ind AS 109. • Evaluated the design and tested the operating effectiveness of controls across the process relevant to ECL measurement, including around the judgements and estimates made by the management. These controls, amongst others, included controls over the allocation of assets into stages along with management's monitoring of and completeness of the underlying data used in the models, credit monitoring, passing of journal entries and preparing disclosures. • With respect to management expert involved for the Holding Company's modelling approach, we obtained the deliverables of the expert submitted to the management and assessed the professional competence and objectivity of such management expert. • Tested the completeness of loans included in the ECL calculations as of 31 March 2025 by reconciling such data with the balances as per loan book register.

Key audit matter	How our audit addressed the key audit matter
<ul style="list-style-type: none"> • segmentation of loan book in buckets based on common risk characteristics. • staging of loans and in particular determining the criteria, which includes qualitative factors for identifying a significant increase in credit risk (i.e. Stage 2) and credit-impaired (i.e. Stage-3) including the days past due. • factoring in future macro-economic and industry specific estimates and forecasts. • past experience on customer behaviour on repayments. • varied statistical modelling techniques to determine PD, LGD and exposure at default (EAD) basis the default history of loans, subsequent recoveries made. • effect of discounting the cash flows by estimating the timing of expected credit shortfalls associated with the defaults. <p>Impairment losses in addition to the model-driven ECL results are recorded as overlays by management, to address known impairment model limitations or emerging trends as well as risks not captured by models.</p> <p>As at 31 March 2025, overlays represent approximately 32% of the ECL balances. These adjustments required significant management judgement.</p> <p>Determining ECL on the financial assets also requires compliance with key disclosure requirements as prescribed under the standards and by the Reserve Bank of India, to explain the key judgements and assumptions made by the management in the measurement.</p> <p>Considering the significance of the above matter to the consolidated financial statements and since the matter required our significant attention to test the calculation of expected credit losses, we have identified this as a key audit matter for current year audit.</p>	<ul style="list-style-type: none"> • Tested, on a sample basis, the appropriateness of determining EAD, the data used in the PD and LGD model for ECL calculation by reconciling it to the source information systems of the Holding Company. Further, tested classification of assets into stage 1, 2 and 3 categories, on a sample basis, to verify that these were allocated to the appropriate stage. • With the support of auditor's expert, obtained an understanding of the modelling techniques adopted by the Holding Company including the key inputs and assumptions. Challenged the management on post model adjustments, considering the size and complexity of management overlays, in order to assess the reasonableness of the adjustments. • Performed an overall assessment of the ECL provision levels at each stage, including management's assessment and provision on account of the Holding Company's portfolio as well as the macroeconomic environment. • On a test check basis, ensured compliance with RBI Master Circular on 'Prudential Norms on Income Recognition, Asset Classification and Provisioning pertaining to advances' ('IRACP') read with RBI circular on 'Prudential norms on Income Recognition, Asset Classification and Provisioning pertaining to Advances – Clarifications' dated 12 November 2021 along with RBI notification RBI/2021-2022/158 dated 15 February 2022, in relation to identification, upgradation and provisioning of non-performing assets (NPAs) and ensured that the Holding Company has considered NPAs as credit impaired loans. • Obtained written representations from the management in relation to appropriateness of such ECL methodology and reasonableness of the judgements and assumptions used. • Assessed the appropriateness and adequacy of the related presentation and disclosures in the accompanying consolidated financial statements in accordance with the applicable accounting standards and related RBI circulars.

Key audit matter	How our audit addressed the key audit matter
<p>2. Financial assets measured at fair value through other comprehensive income (FVTOCI)</p> <p>As at 31 March 2025, the Holding Company has loans amounting to ₹ 2,714,124 lakhs (31 March 2024: ₹ 2,091,339 lakhs) that are carried and measured at FVTOCI in accordance with Ind AS 109.</p> <p>The classification of such loans at FVTOCI is dependent on the business model adopted by the Holding Company to manage such financial assets in order to generate cash flows.</p> <p>The management has determined that their business model of aforesaid loans is to collect contractual cash flows (solely payments of principal and interest on the amount outstanding) and also to sell such financial assets, and hence, such loans are classified at FVTOCI in accordance with the principles of Ind AS 109.</p> <p>In measuring these loans, valuation methods are used based on inputs that are not directly observable from market information and certain other unobservable inputs. The management has used the services of an independent professional valuer for arriving at the fair value of aforesaid loan assets. Such fair value is derived using discounted cash flow models wherein the key assumptions include discount rate and adjustment for credit risk including default risk.</p> <p>Given the subjectivity involved in ascertaining the business model and the fair valuation of the aforesaid loans, relative significance of these loans to the consolidated financial statements and the nature and extent of audit procedures involved, we determined this to be a key audit matter.</p>	<p>Our audit procedures in relation to financial assets measured at FVTOCI included, but were not limited, to the following:</p> <ul style="list-style-type: none"> • Obtained an understanding of the 'Business Model Policy Note' approved by the Board of Directors of the Holding Company, and evaluated whether the identified loan portfolio would satisfy the conditions of Ind AS 109 for measurement at FVTOCI. • Assessed the design and tested the operating effectiveness of managements' key internal controls over inputs used in the valuation model. • Obtained the valuation report of the management's valuation expert involved and assessed the expert's competence and objectivity in performing the valuation of these loans. • With the support of our valuation specialists, assessed whether the valuation methodology adopted by the management's expert is appropriate and tested the reasonableness of the underlying assumptions used such as discount rates to estimate the fair value of the said loans by performing independent sensitivity analysis. Also, tested the completeness of source data and arithmetical accuracy of the management working. • Assessed the appropriateness and adequacy of disclosures made in the consolidated financial statements with respect to Holding Company's exposure to financial instrument valuation risk as per the requirements of the Indian Accounting standards. • Obtained written representations from the management in relation to reasonableness of the assumptions and judgements used in the valuation of these loans.

Key audit matter	How our audit addressed the key audit matter
<p>3. Information Technology (“IT”) Systems and Controls for the financial reporting process</p> <p>The Holding Company is highly dependent on its information technology (IT) systems for carrying on its operations which require large volume of transactions to be processed in numerous locations on a daily basis. The financial accounting system of the Holding Company is integrated with several other modules including Loan Management and Originating modules and other workflows.</p> <p>As a result, there is a high degree of reliance and dependency on such IT systems for the financial reporting process of the Holding Company. Appropriate IT general controls and application controls are required to ensure that such IT systems are able to process the data, as required, completely, accurately and consistently for reliable financial reporting.</p> <p>The accuracy and reliability of the financial reporting process depends on the IT systems and the related control environment, including:</p> <ul style="list-style-type: none"> • IT general controls over user access management and change management across applications, networks, database, and operating systems; • IT application controls. <p>Due to the pervasive nature and importance of the role of IT systems and related control environment on the Holding Company’s financial reporting process, we have identified testing of such IT systems and related control environment as a key audit matter for the current year audit.</p>	<p>In our audit, our focus was on user access management, change management, segregation of duties, system reconciliation controls and system application controls over key financial accounting and reporting systems. We performed a range of audit procedures with the involvement of our IT specialists, which included but were not limited to, the following:</p> <ul style="list-style-type: none"> • Obtained an understanding of the Holding Company’s IT related control environment, IT applications, databases and IT Infrastructure. Based on our understanding, we have evaluated and tested relevant IT general controls and IT application controls on the systems identified as relevant for our audit of the standalone financial statements. • On such in-scope IT systems, we have tested key IT general controls with respect to the following domains: <ul style="list-style-type: none"> a. User access management, which includes user access provisioning, de-provisioning, access review, password policies, sensitive access rights and segregation of duties to ensure that privileged access to applications, operating system and databases in the production environment were granted only to authorized personnel; b. Program change management, which includes controls on moving program changes to production environment by authorised personnel as per defined policy and procedures along with adequate segregation of environment; c. Other areas that were assessed under the IT control environment included backup management. • Reviewed the report of Information System Audit carried out in the current and previous years by a firm engaged by management pertaining to IT systems general controls including access rights over applications, operating systems and databases relied upon for financial reporting and discussed the deficiencies with the management along with corresponding mitigating actions undertaken.

Key audit matter	How our audit addressed the key audit matter
	<ul style="list-style-type: none"> Evaluated the design and tested the operating effectiveness of key automated controls within various business processes, including testing of relevant system logic and corresponding automated calculations and process for automated accounting entries, as applicable. Where deficiencies were identified, tested compensating controls and/or performed additional substantive audit procedures as required to mitigate any risk of material misstatement with respect to related financial statement line item. Obtained written representations from management on whether IT general controls and automated IT controls are designed and were operating effectively during the year.

B. Key audit matters of the Subsidiary

The following Key Audit Matters were included in the audit report dated 07 May 2025, containing an unmodified audit opinion on the financial statements of Hinduja Housing Finance Limited, a subsidiary of the Holding Company issued by an independent firm of Chartered Accountants reproduced by us are under:

Key audit matters	How the matter was addressed in our audit
<p>1. Impairment of loans to customers: Under Ind AS 109, Financial Instruments, allowance for loan losses is determined using expected credit loss ("ECL") estimation model.</p> <p>As at 31 March 2025, the Company has total gross loan assets of ₹ 10,99,655 Lakhs against which an impairment loss of ₹ 15,865 Lakhs has been recorded. The calculation of impairment losses on loans is complex and is based on the application of significant management judgements, estimates and the use of different modelling techniques and assumptions, which have a material impact on reported profits. The Company has applied a three-stage approach based on changes in credit quality to measure expected credit loss on loans.</p> <p>The key areas where we identified greater levels of management judgement are:</p> <ol style="list-style-type: none"> 1. Staging of loans and determining the criteria for a significant increase in credit risk. 2. Model estimations – the most significant judgement aspects are determining Probabilities of Default ("PD"), Loss Given Default ("LGD"), and Exposures at Default ("EAD") 	<p>Our key audit procedures included: Review of the Company's accounting policies for impairment of loan assets in terms of accounting principles laid down in Ind AS 109 and the governance framework approved by the Board of Directors pursuant to Reserve Bank of India guidelines issued from time to time.</p> <p>Understanding the process of ECL estimation and related assumptions and tested the controls around data extraction and validation to evaluate the reasonableness of the Management estimates.</p> <p>Assessed and tested the design and operating effectiveness of key manual and automated controls over completeness and accuracy of the key inputs and assumptions considered for calculation, recording and monitoring of the impairment loss recognized. Also, evaluated the controls over the modelling process, validation of data and related approvals.</p> <p>Assessed the criteria for staging of loans based on their past due status. Also performed analytical reviews of disaggregated data.</p> <p>Tested a sample of performing (stage 1) loans to assess whether any Significant Increase in Credit</p>

Key audit matters	How the matter was addressed in our audit
<p>3. Determining macro-economic factors impacting credit quality of receivables</p> <p>ECL involves an estimation of probability weighted loss on financial instruments over their life, considering reasonable and supportable information about past events, current conditions, and forecast of future economic conditions which could impact the credit quality of the Company's loans and advances. In view of such a high degree of Management's judgement involved in estimation of ECL, it is a key audit matter.</p>	<p>Risk (SICR) or loss indicators were present requiring them to be classified under higher stages.</p> <p>Test-checked the computation of ECL, including assumptions and underlying computation. Assessed the disclosures included in the financial statements.</p>
<p>2. IT systems and controls:</p> <p>The Company's key financial accounting and reporting processes are highly dependent on the automated controls in information systems. Existence of gaps in the IT control environment could result in risk of material misstatement in the financial accounting and reporting records. Accordingly, we identified IT systems and controls over financial reporting as a key audit matter for the Company.</p>	<p>Our key audit procedures included:</p> <p>Obtained an understanding of the Company's IT related control environment, IT applications, databases, and IT Infrastructure. Based on our understanding, we have evaluated and tested relevant IT General Controls and IT Application controls on the systems identified as relevant for our audit of the financial statements. We have tested key IT general controls with respect to the following domains:</p> <ul style="list-style-type: none"> i) User access management, which includes user access provisioning, de-provisioning, access review and access rights; ii) Program change management, which includes controls on program changes by authorised personnel; iii) Other areas included backup management, business continuity management and third-party management. <p>We tested the design and operating effectiveness of the Company's IT access controls over the information systems that are important to financial reporting and various configuration and other identified application controls.</p> <p>Tested the design and operating effectiveness of key automated controls including testing of relevant system logic, automated calculations, and accounting entries.</p> <p>We reviewed the report of the professional firm engaged by the management for review of information system and security assessment.</p>

Key audit matters	How the matter was addressed in our audit
<p>3. Financial assets measured at fair value through other comprehensive income (FVTOCI)</p> <p>As at 31 March 2025, the Company has loans amounting to ₹ 2,14,917 lakhs – Net of Impairment (31 March 2024: ₹ 2,56,588 Lakhs) that are carried and measured at fair value through other comprehensive income (FVOCI) in accordance with Ind AS 109.</p> <p>The classification of loans at FVTOCI is dependent on the business model of the Company whereby the management has determined that the aforesaid loans are to collect contractual cash flows and also to sell such financial assets. The fair value arrived by the management's valuation expert is derived using discounted cashflow models wherein the key assumptions include expected future cash flows, prepayment rate and discount rate. Given the business model assessment, the fair valuation of the aforesaid loans and relative significance of these loans to the financial statements, we determined this to be a key audit matter.</p>	<p>Our key audit procedures included:</p> <p>Obtained an understanding of the 'Business Model Assessment' Policy approved by the Board of Directors of the Company.</p> <p>Evaluated the criteria adopted by the management in identification of the loan portfolio and reviewed the inputs used by the management in fair valuation.</p> <p>Assessed the management's valuation expert's competence in performing the valuation of these loans.</p> <p>Reviewed the valuation report, valuation methodology and underlying assumptions used to estimate the fair value. Also, test checked the arithmetical accuracy of the workings.</p> <p>Reviewed the appropriateness and adequacy of disclosures made in the financial statements as per the requirements of Ind AS.</p> <p>Obtained written representations from the management in relation to reasonableness of the assumptions and judgements used in the valuation of these loans.</p>

Information other than the Consolidated Financial Statements and Auditor's Report thereon

6. The Holding Company's Board of Directors are responsible for the other information. The other information comprises the information included in the Board's Report and Corporate Governance Report, but does not include the consolidated financial statements and our auditor's report thereon. These reports are expected to be made available to us after the date of this auditor's report.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

When we read the other information, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

7. The accompanying consolidated financial statements have been approved by the Holding Company's Board of Directors. The Holding Company's Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation and presentation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, consolidated changes in equity and consolidated cash flows of the Group including its associate and joint venture in accordance with the Ind AS specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, and other accounting principles generally accepted in India. The respective Board of Directors of the companies included in the Group and its associate and joint venture are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Board of Directors of the Holding Company, as aforesaid.
8. In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group and of its associate and joint venture are responsible for assessing the ability of the Group and of its associate and joint venture to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intend to liquidate the Group or to cease operations, or has no realistic alternative but to do so.
9. Those respective Board of Directors are also responsible for overseeing the financial reporting process of the companies included in the Group and of its associate and joint venture.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

10. Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.
11. As part of an audit in accordance with Standards on Auditing specified under section 143(10) of the Act we exercise professional judgment and maintain professional skepticism throughout the audit. We also:
 - Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control;
 - Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act we are also responsible for expressing our opinion on whether the Holding Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls;

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management;
 - Conclude on the appropriateness of Board of Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group and its associate and joint venture to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group and its associate and joint venture to cease to continue as a going concern;
 - Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation; and
 - Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group, and its associate and joint venture, to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of financial statements of such entities included in the consolidated financial statements, of which we are the independent auditors. For the other entities included in the consolidated financial statements, which have been audited by the other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.
12. We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
13. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.
14. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current year and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matter

15. We did not audit the financial statements of two subsidiaries, whose financial statements reflects total assets of ₹ 11,93,268 lakhs as at 31 March 2025, total revenues of ₹ 166,208 lakhs and net cash inflows amounting to ₹ 16,632 lakhs for the year ended on that date, as considered in the consolidated financial statements. The consolidated financial statements also include the Group's share of net loss (including other comprehensive income) of ₹ (607) lakhs for the year ended 31 March 2025, as considered in the consolidated financial statements, in respect of one associate and one joint venture, whose financial statements have not been audited by us. These financial statements have been audited by other auditors whose reports have been furnished to us by the management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries, associate and joint venture, and our report in terms of sub-section (3) of section 143 of the Act in so far as it relates to the aforesaid subsidiaries, associate and joint venture, are based solely on the reports of the other auditors.

Our opinion above on the consolidated financial statements, and our report on other legal and regulatory requirements below, are not modified in respect of the above matters with respect to our reliance on the work done by and the reports of the other auditors.

16. The consolidated financial statements of the Group for the year ended 31 March 2024 were jointly audited by the predecessor auditor, Suresh Surana & Associates LLP and Walker Chandio & Co LLP, who have expressed an unmodified opinion on those consolidated financial statements vide their audit report dated 15 May 2024. Accordingly, R. Subramanian and Company LLP do not express any opinion on the figures reported in the consolidated financial statements for the year ended 31 March 2024.

Report on Other Legal and Regulatory Requirements

17. As required by section 197(16) of the Act, based on our audit and on the consideration of the reports of the other auditors, referred to in paragraph 15, on separate financial statements of the subsidiaries, associate and joint venture, we report that the Holding Company, one subsidiary, and one joint venture incorporated in India whose financial statements have been audited under the Act have paid remuneration to their respective directors during the year in accordance with the provisions of and limits laid down under section 197 read with Schedule V to the Act. Further, we report that one subsidiary and one associate incorporated in India whose financial statements have been audited under the Act have not paid or provided for any managerial remuneration during the year. Accordingly, reporting under section 197(16) of the Act is not applicable in respect of such subsidiary and associate.
18. As required by clause (xxi) of paragraph 3 of Companies (Auditor's Report) Order, 2020 ('the Order') issued by the Central Government of India in terms of section 143(11) of the Act based on the consideration of the Order reports issued by us and by the respective other auditors as mentioned in paragraph 15 above, of companies included in the consolidated financial statements and covered under the Act we report that there are no qualifications or adverse remarks reported in the respective Order reports of such companies.
19. As required by section 143(3) of the Act, based on our audit and on the consideration of the reports of the other auditors on separate financial statements and other financial information of the subsidiaries, associate and joint venture incorporated in India whose financial statements have been audited under the Act, we report, to the extent applicable, that:
- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit of the aforesaid consolidated financial statements;
 - b) Except for the matters stated in paragraph 19(g)(vi) below on reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014 (as amended), in our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books and the reports of the other auditors.
 - c) The consolidated financial statements dealt with by this report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements;
 - d) In our opinion, the aforesaid consolidated financial statements comply with Ind AS specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015;
 - e) On the basis of the written representations received from the directors of the Holding Company, its subsidiaries, associate and joint venture and taken on record by the Board of Directors of the Holding Company, and the reports of the statutory auditors of its subsidiaries, associate and joint venture, covered under the Act, none of the directors of the Holding Company, its subsidiaries, associate and joint venture, are disqualified as on 31 March 2025 from being appointed as a director in terms of section 164(2) of the Act.

- f) With respect to the adequacy of the internal financial controls with reference to financial statements of the Holding Company, and its subsidiaries, associate and joint venture covered under the Act, and the operating effectiveness of such controls, refer to our separate report in 'Annexure B' wherein we have expressed an unmodified opinion which is based on the auditor's report of Holding Company, and its subsidiaries, associate and joint venture covered under the Act; and
- g) With respect to the other matters to be included in the Auditor's Report in accordance with rule 11 of the Companies (Audit and Auditors) Rules, 2014 (as amended), in our opinion and to the best of our information and according to the explanations given to us and based on the consideration of the report of the other auditors on separate financial statements and other financial information of the subsidiaries, associate and joint venture incorporated in India whose financial statements have been audited under the Act:
 - i. The consolidated financial statements disclose the impact of pending litigations on the consolidated financial position of the Group, its associate and joint venture as detailed in Note 37 to the consolidated financial statements;
 - ii. The Holding Company has made provision in these consolidated financial statements, as required under the applicable law or Ind AS, for material foreseeable losses, if applicable, on long-term contracts including derivative contracts. The subsidiary companies, associate and joint venture did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses as at 31 March 2025;
 - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Holding Company, and its subsidiaries, associate and joint venture covered under the Act, during the year ended 31 March 2025;
 - iv.
 - a. The respective managements of the Holding Company and its subsidiaries, associate and joint venture incorporated in India whose financial statements have been audited under the Act have represented to us and the other auditors of such subsidiaries, associate and joint venture respectively that, to the best of their knowledge and belief as disclosed in note 52 to the consolidated financial statements, no funds have been advanced or loaned or invested (either from borrowed funds or securities premium or any other sources or kind of funds) by the Holding Company or its subsidiaries, associate and joint venture to or in any persons or entities, including foreign entities ('the intermediaries'), with the understanding, whether recorded in writing or otherwise, that the intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Holding Company, or any such subsidiaries, associate and joint venture ('the Ultimate Beneficiaries') or provide any guarantee, security or the like on behalf the Ultimate Beneficiaries;
 - b. The respective managements of the Holding Company and its subsidiaries, associate and joint venture incorporated in India whose financial statements have been audited under the Act have represented to us and the other auditors of such subsidiaries, associate and joint venture respectively that, to the best of their knowledge and belief, as disclosed in the note 52 to the accompanying consolidated financial statements, no funds have been received by the Holding Company or its subsidiaries, associate and joint venture from any persons or entities, including foreign entities ('the Funding Parties'), with the understanding, whether recorded in writing or otherwise, that the Holding Company, or any such subsidiaries, associate and joint venture shall, whether directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ('Ultimate Beneficiaries') or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and

Walker Chandiok & Co LLP

R. Subramanian and Company LLP

- c. Based on such audit procedures performed by us and that performed by the auditors of the subsidiaries, associate and joint venture, as considered reasonable and appropriate in the circumstances, nothing has come to our or other auditors' notice that has caused us or the other auditors to believe that the management representations under sub-clauses (a) and (b) above contain any material misstatement.
- v. The Holding Company, its subsidiaries, associate and joint venture have not declared or paid any dividend during the year and has not proposed final dividend ended 31 March 2025.
- vi. As stated in note 53 to the consolidated financial statements and based on our examination which included test checks and that performed by the respective auditors of the subsidiaries, associate and joint ventures, the Holding Company and its subsidiaries, associate and joint venture, in respect of financial year commencing on 01 April 2024, have used an accounting software for maintaining their books of account which has a feature of recording audit trail (edit log) facility. However, the audit trail feature in one of the accounting software used for maintenance of accounting records was not enabled by the joint venture for part of the year and the same did not operate throughout the year for all relevant transactions recorded in the software. During the course of our audit, we and respective auditors of the above referred subsidiaries, associate and joint venture did not come across any instance of audit trail feature being tampered with for the period where audit trail is enabled. Further, the audit trail has been preserved by the Holding Company and its subsidiaries, associate and joint venture as per the statutory requirements for record retention.

4	Gro Digital Platforms Limited	Joint Venture

Annexure B to the Independent Auditor's Report of even date to the members of Hinduja Leyland Finance Limited on the consolidated financial statements for the year ended 31 March 2025

Independent Auditor's Report on the internal financial controls with reference to consolidated financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ('the Act')

1. In conjunction with our audit of the consolidated financial statements of Hinduja Leyland Finance Limited ('the Holding Company') and its subsidiaries (the Holding Company and its subsidiaries together referred to as 'the Group'), its associate and joint venture as at and for the year ended 31 March 2025, we have audited the internal financial controls with reference to consolidated financial statements of the Holding Company, its subsidiary companies, its associate and joint venture, which are companies covered under the Act, as at that date.

Responsibilities of Management and Those Charged with Governance for Internal Financial Controls

2. The respective Board of Directors of the Holding Company, its subsidiary companies, its associate and joint venture, which are companies covered under the Act, are responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of the Company's business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility for the Audit of the Internal Financial Controls with Reference to Financial Statements

3. Our responsibility is to express an opinion on the internal financial controls with reference to financial statements of the Holding Company, its subsidiary companies, its associate and joint venture, as aforesaid, based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the ICAI prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to financial statements, and the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting ('the Guidance Note') issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements were established and maintained and if such controls operated effectively in all material respects.
4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements includes obtaining an understanding of such internal financial controls, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.
5. We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls with reference to financial statements of the Holding Company, its subsidiary companies, its associate and joint venture as aforesaid.

Annexure B to the Independent Auditor's Report of even date to the members of Hinduja Leyland Finance Limited on the consolidated financial statements for the year ended 31 March 2025

Meaning of Internal Financial Controls with Reference to Financial Statements

6. A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with Reference to Financial Statements

7. Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

8. In our opinion and based on the consideration of the reports of the other auditors on internal financial controls with reference to financial statements of the subsidiary companies, associate and joint venture, the Holding Company, its subsidiary companies, its associate and joint venture, which are companies covered under the Act, have in all material respects, adequate internal financial controls with reference to financial statements and such controls were operating effectively as at 31 March 2025, based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the ICAI.

Walker Chandiok & Co LLP

R. Subramanian and Company LLP

Annexure B to the Independent Auditor's Report of even date to the members of Hinduja Leyland Finance Limited on the consolidated financial statements for the year ended 31 March 2025

Other Matter

9. We did not audit the internal financial controls with reference to financial statements insofar as it relates to two subsidiary Companies, which are companies covered under the Act, whose financial statements reflect total assets of ₹ 11,93,268 lakhs, total revenues of ₹ 166,208 lakhs and net cash inflows amounting to ₹ 16,632 lakhs for the year ended on that date, as considered in the consolidated financial statements. The consolidated financial statements also include the Group's share of net loss (including other comprehensive income) of ₹ (607) lakhs for the year ended 31 March 2025, in respect of one associate and one joint venture, which are Companies covered under the Act, whose internal financial controls with reference to financial statements have not been audited by us. The internal financial controls with reference to financial statements in so far as it relates to such subsidiary Companies, associate and joint venture have been audited by other auditors whose reports have been furnished to us by the management and our report on the adequacy and operating effectiveness of the internal financial controls with reference to financial statements for the Holding Company, its subsidiary Companies, its associate and joint venture, as aforesaid, under Section 143(3)(i) of the Act in so far as it relates to such subsidiary Companies, associate and joint venture is based solely on the reports of the auditors of such Companies. Our opinion is not modified in respect of this matter with respect to our reliance on the work done by and on the reports of the other auditors.

HINDUJA LEYLAND FINANCE LIMITED
Notes to consolidated financial statements for year ended 31 March 2025
(All amounts are in Indian Rupees in lakhs, except share data and as stated)

1 Reporting entity

Hinduja Leyland Finance Limited ('the Parent Company'), incorporated on 12 November 2008 and headquartered in Chennai, India is a Non Banking Finance Company engaged in providing asset finance. The Parent company is a systemically important Non Deposit taking Non Banking Finance Company (ND-NBFC) as defined under Section 45 – 1A of the Reserve Bank Of India Act, 1934. The non-convertible debentures (NCD) of the Parent company are listed on the BSE Limited ("BSE") in India (Debt-listed). The Parent company received the certificate of registration dated 22 March 2010 from the Reserve Bank of India ("RBI") to carry on the business of Non Banking Financial Institution without accepting public deposits ("NBFC-ND"). Subsequently the Parent company was granted Investment and Credit Company status pursuant to Reserve Bank of India notification No. RBI/2018-19/130 DNBR (PD) CC.No.097/03.10.001/2018-19 dated 22 February 2019.

The subsidiary, associate and joint venture of the Group are listed below:

Name of the Group	Relationship	Percentage holding
Hinduja Housing Finance Limited*	Subsidiary company	100%
Gaadi Mandi Digital Platforms Limited	Subsidiary company	100%
HLF Services Limited	Associate company	45.90%
Gro Digital Platforms Limited	Joint venture	49.90%

* - a housing finance company registered with National Housing Bank (NHB) under section 29A of the National Housing Bank Act, 1987 with effect from 30 September 2015. The Subsidiary is primarily engaged in the business of providing loans for the purchase or construction of residential houses.

The parent company, subsidiary, associate and joint venture are collectively referred to as Group.

2 Basis of preparation

2.1 Statement of compliance and basis for preparation and presentation of financial statements

The financial statements of the Group have been prepared under historical cost convention on an accrual basis in accordance with the Indian Accounting Standards (Ind AS) and the relevant provisions of the Companies Act, 2013 (the "Act") along with other relevant provisions of the Act, Master Direction – Reserve Bank of India (Non-Banking Financial Company – Scale Based Regulation) Directions, 2023(as amended) and notification for Implementation of Indian Accounting Standard vide circular RBI/2019-20/170 DOR(NBFC).CC.PD.No.109/22.10.106/2019-20 dated 13 March 2020 ('RBI Notification for Implementation of Ind AS') issued by RBI (to the extent notified). The Ind AS are prescribed under Section 133 of the Act read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and relevant amendment rules issued thereafter. Details of the Group accounting policies are disclosed in Note 3. These consolidated financial statements have been approved by the Company's Board of Directors and authorised for issue on 17 May 2025.

2.2 Presentation of financial statements

The Balance Sheet, the Statement of Profit and Loss and the Statement of Changes in Equity are prepared and presented in the format prescribed in Division III of Schedule III to the Act. The Statement of Cash Flows has been prepared and presented as per the requirements of Ind AS 7 "Statement of Cash Flows".

Financial assets and financial liability are generally reported gross in the balance sheet. They are only offset and reported net when, in addition to having an unconditional legally enforceable right to offset the recognized amounts without being contingent on a future event, the parties also intend to settle on a net basis in all of the following circumstances:

- (i) The normal course of business
- (ii) The event of default

Previous year figures have been restated / regrouped / re-classified wherever necessary in line with the financial statements for the year ended March 31, 2025. The impact of such restatements/ regroupings are not material to the consolidated financial statements.

2.3 Functional and presentation currency

These consolidated financial statements are presented in Indian Rupees (INR), which is also the Group's functional currency. All amounts have been rounded-off to the nearest lakhs, unless otherwise indicated.

HINDUJA LEYLAND FINANCE LIMITED
Notes to consolidated financial statements for year ended 31 March 2025
(All amounts are in Indian Rupees in lakhs, except share data and as stated)

2.4 Basis of measurement

The consolidated financial statements have been prepared on the historical cost basis except for certain financial instruments that are measured at fair values.

A historical cost is a measure of value used in accounting in which the price of an asset on the balance sheet is based on its nominal or original cost when acquired by the Group.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Group takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in these financial statements is determined on such a basis, except for share based payment transactions that are within the scope of Ind AS 102 Share based Payment, leasing transactions that are within the scope of Ind AS 116 Leases.

Fair value measurements under Ind AS are categorised into fair value hierarchy based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 quoted prices (unadjusted) in active markets for identical assets or liabilities that the Group can access on measurement date.
- Level 2 inputs, other than quoted prices included within level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 where unobservable inputs are used for the valuation of assets or liabilities.

2.5 Use of estimates and judgments

The preparation of the consolidated financial statements in conformity with Indian Accounting Standards ("Ind AS") requires the management to make estimates, judgements and assumptions. These estimates, judgements and assumptions affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenues and expenses during the year. Accounting estimates could change from period to period. Actual results could differ from those estimates. Revisions to accounting estimates are recognised prospectively. The Management believes that the estimates used in preparation of the consolidated financial statements are prudent and reasonable. Future results could differ due to these estimates and the differences between the actual results and the estimates are recognised in the periods in which the results are known / materialise.

i) Business model assessment

Classification and measurement of financial assets depends on the results of business model and the solely payments of principal and interest ("SPPI") test. The Group determines the business model at a level that reflects how groups of financial assets are managed together to achieve a particular business objective. This assessment includes judgment reflecting all relevant evidence including how the performance of the assets is evaluated and their performance measured, the risks that affect the performance of the assets and how these are managed and how the managers of the assets are compensated. The Group monitors financial assets measured at amortized cost or fair value through other comprehensive income that are derecognized prior to their maturity to understand the reason for their disposal and whether the reasons are consistent with the objective of the business for which the asset was held. Monitoring is part of the Group's continuous assessment of whether the business model for which the remaining financial assets are held continues to be appropriate and if it is not appropriate whether there has been a change in business model and so a prospective change to the classification of those assets.

ii) Impairment of financial asset

The measurement of impairment losses across all categories of financial assets requires judgment, in particular, the estimation of the amount and timing of future cash flows and collateral values when determining impairment losses and the assessment of a significant increase in credit risk. These estimates are driven by a number of factors, changes in which can result in different levels of allowances.

The Group's expected credit loss ("ECL") calculations are outputs of complex models with a number of underlying assumptions regarding the choice of variable inputs and their interdependencies. Elements of the ECL models that are considered accounting judgments and estimates include :

- a) The Group's criteria for assessing if there has been a significant increase in credit risk and so allowances for financial assets should be measured on a life time expected credit loss ("LTECL") basis.
- b) Development of ECL models, including the various formulas and the choice of inputs.
- c) Determination of associations between macroeconomic scenarios and economic inputs, such as gross domestic product, lending interest rates and collateral values, and the effect on probability of default ("PD"), exposure at default ("EAD") and loss given default ("LGD").
- d) Selection of forward-looking macroeconomic scenarios and their probability weightings, to derive the economic inputs into ECL models.

HINDUJA LEYLAND FINANCE LIMITED
Notes to consolidated financial statements for year ended 31 March 2025
(All amounts are in Indian Rupees in lakhs, except share data and as stated)

2.5 Use of estimates and judgments (Continued)

iii) Fair value of financial instruments

The fair value of financial instruments is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction in the principal (or most advantageous) market at the measurement date under current market conditions (i.e. an exit price) regardless of whether that price is directly observable or estimated using another valuation technique. When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be derived from active markets, they are determined using a variety of valuation techniques that include the use of valuation models. The inputs to these models are taken from observable markets where possible, but where this is not feasible, estimation is required in establishing fair values.

iv) Defined Benefit plans

The cost of the defined benefit gratuity plan and the present value of the gratuity obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

v) Leases

A. Determining the lease term of contracts with renewal and termination options - Group as lessee

The Group determines the lease term as the non-cancellable term of the lease, together with any periods covered by an option to extend the lease if it is reasonably certain to be exercised, or any periods covered by an option to terminate the lease, if it is reasonably certain not to be exercised. The Group applies judgment in evaluating whether it is reasonably certain whether or not to exercise the option to renew or terminate the lease. That is, it considers all relevant factors that create an economic incentive for it to exercise either the renewal or termination

B. Estimating the incremental borrowing rate

The Group cannot readily determine the interest rate implicit in the lease, therefore, it uses its incremental borrowing rate (IBR) to measure lease liabilities. The IBR is the rate of interest that the Group would have to pay to for its borrowings.

vi) Provisions and other contingent liabilities

When the Group can reliably measure the outflow of economic benefits in relation to a specific case and considers such outflows to be probable, the Group records a provision against the case. Where the probability of outflow is considered to be remote, or probable, but a reliable estimate cannot be made, a contingent liability is disclosed.

Given the subjectivity and uncertainty of determining the probability and amount of losses, the Group takes into account a number of factors including legal advice, the stage of the matter and historical evidence from similar incidents. Significant judgment is required to conclude on these estimates.

3 Principles and Particulars of Consolidation

The consolidated financial statements relate to Hinduja Leyland Finance (referred as “the Parent Company” or “the Holding Company”), its subsidiary companies and share of profit / (loss) in its associate and joint venture (Collectively referred to as “the group”).

The Financial statements of the Subsidiaries and Associates and Joint venture used in the consolidation are drawn up to the same reporting date as that of the holding company i.e. 31 March 2025.

Basis of Consolidation

a Subsidiaries

Subsidiaries are entities over which the Group has control. The group controls an entity when the Group is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power to direct the relevant activities of the entity. Subsidiaries are fully consolidated from the date on which control is transferred to the group. The acquisition method of accounting is used to account for business combinations by the group. The group combines the financial statements of the parent and its subsidiaries line by line adding together like items of assets, liabilities, equity, income and expenses. Intra-group transactions, balances and unrealised gains on transactions between group companies are eliminated. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment. Accounting policies of subsidiaries have been changed where necessary to ensure consistency with the policies adopted by the group.

HINDUJA LEYLAND FINANCE LIMITED
Notes to consolidated financial statements for year ended 31 March 2025
(All amounts are in Indian Rupees in lakhs, except share data and as stated)

b Investment in Associate and Joint Venture

An associate and joint venture is an entity over which the Group has significant influence. Significant influence is the power to participate in the financial and operating policy decisions of the investee, but is not control or joint control over those policies. The results, assets and liabilities of associates and joint venture are incorporated in these consolidated financial statements using the equity method of accounting.

Under the equity method, the investment in an associate and joint venture is initially recognised in the consolidated balance sheet at cost and adjusted thereafter to recognise the Group's share of the profit or loss and other comprehensive income of the associate and joint venture. Distributions received from associate and joint venture is recognised as reduction in the carrying amount of the investments. When the Group's share of losses of an associate and joint venture exceeds the Group's interest in that associate and joint venture (which includes any long-term interests that, in substance, form part of the Group's net investment in the associate and joint venture), the Group discontinues recognising its share of further losses. Additional losses are recognised only to the extent that the Group has incurred legal or constructive obligations or made payments on behalf of the associate and joint venture.

An investment in an associate and joint venture is accounted for using the equity method from the date on which the investee becomes an associate and joint venture. On acquisition of the investment in an associate and joint venture, any excess of the cost of the investment over the Group's share of the net fair value of the identifiable assets and liabilities of the investee is recognised as goodwill, which is included within the carrying amount of the investment. Any excess of the Group's share of the net fair value of the identifiable assets and liabilities over the cost of the investment, after reassessment, is recognised directly in equity as capital reserve in the period in which the investment is acquired. After application of the equity method of accounting, the Group determines whether there any is objective evidence of impairment as a result of one or more events that occurred after the initial recognition of the net investment in an associate and that event (or events) has an impact on the estimated future cash flows from the net investment that can be reliably estimated. If there exists such an objective evidence of impairment, then it is necessary to recognise impairment loss with respect to the Group's investment in an associate and joint venture.

When a group entity transacts with an associate and joint venture of the Group, profit or losses resulting from the transactions with associate and joint venture are recognised in the Group's consolidated financial statements only to the extent of interests in the associate and joint venture that are not related to the Group.

4 Material accounting policy information

4.1 Recognition of Income

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Group and the revenue can be reliably measured and there exists reasonable certainty of its recovery.

A. Interest income

Interest income on financial instruments is recognised on a time proportion basis taking into account the amount outstanding and the effective interest rate applicable.

Effective Interest Rate ("EIR")

The EIR is the rate that exactly discounts estimated future cash flows of the financial instrument through the expected life of the financial instrument or, where appropriate, a shorter period, to the net carrying amount. The future cash flows are estimated taking into account all the contractual terms of the instrument.

The calculation of the EIR includes all fees paid or received between parties to the contract that are incremental and directly attributable to the specific lending arrangement, transaction costs, and all other premiums or discounts.

Interest income/expenses is calculated by applying the EIR to the gross carrying amount of non-credit impaired financial assets/liabilities (i.e. at the amortised cost of the financial asset before adjusting for any expected credit loss allowance). For credit-impaired financial assets, interest income is calculated by applying the EIR to the amortised cost of the credit-impaired financial assets (i.e. the gross carrying amount less the allowance for expected credit losses). If the financial asset cures and is no longer credit impaired, the Group reverts to calculating interest income on a gross basis.

B. Rental income

Rental income arising from operating leases is accounted for on a straight-line basis over the lease terms and is included in rental income in the statement of profit and loss, unless the increase is in line with expected general inflation, in which case lease income is recognised based on contractual terms.

HINDUJA LEYLAND FINANCE LIMITED
Notes to consolidated financial statements for year ended 31 March 2025
(All amounts are in Indian Rupees in lakhs, except share data and as stated)

C. Fees and commission income

The Group recognises revenue from contract with customers based on five step model as set out in Ind AS 115, Revenue from Contracts with Customers to determine when to recognise revenue and at what amount.

Revenue is measured based on the consideration specified in the contract with a customers. Revenue from contracts with customers is recognised when services are provided and it is highly probable that a significant reversal of revenue is not expected to occur.

If the consideration promised in a contract includes a variable amount, the group estimates the amount of consideration to which it will be entitled in exchange for rendering the promised services to a customer. The amount of consideration can vary because of discounts, rebates, refunds, credits, price concessions, incentives, performance bonuses, or other similar items. The promised consideration can also vary if an entitlement to the consideration is contingent on the occurrence or non-occurrence of a future event. Fees income includes fees other than those that are an integral part of EIR.

D. Income from transfer and servicing of Assets

The Group transfers loans through securitisation and direct assignment transactions. The transferred loans are de-recognised and gains/losses are accounted for, only if the Group transfers substantially all risks and rewards specified in the underlying assigned loan contract. In accordance with the Ind AS 109, on de-recognition of a financial asset under assigned transactions, the difference between the carrying amount and the consideration received are recognised in the Statement of Profit and Loss.

The Group recognises either a servicing asset or a servicing liability for servicing contract. If the fee to be received is not expected to compensate the Group adequately for performing the servicing activities, a servicing liability for the servicing obligation is recognised at its fair value. If the fee to be received is expected to be more than adequate compensation for the servicing activities, a servicing asset is recognised. Corresponding amount is recognised in Statement of Profit and Loss.

E. Interest income on Investments in Pass Through Certificates and Security Receipts

Interest on Pass Through Certificates (PTC) and Security Receipts (SRs) is recognised in accordance with the contractual terms of the instrument.

4.2 Financial instrument - initial recognition

A. Date of recognition

Debt securities issued are initially recognised when they are originated. All other financial assets and financial liabilities are initially recognised when the Group becomes a party to the contractual provisions of the instrument.

B. Initial measurement of financial instruments

The classification of financial instruments at initial recognition depends on their contractual terms and the business model for managing the instruments. Financial instruments are initially measured at their fair value (other than trade receivables), except in the case of financial assets and financial liabilities recorded at FVTPL, transaction costs are added to, or subtracted from this amount.

C. Measurement categories of financial assets and liabilities

The Group classifies all of its financial assets based on the business model for managing the assets and the asset's contractual terms, measured at either:

- i) Amortised cost (AC)
- ii) Fair value through other comprehensive income (FVOCI)
- iii) Fair value through profit or loss (FVTPL)

4.3 Financial assets and liabilities

Solely payments of principal and interest (SPPI) test

As a second step of its classification process, the Group assesses the contractual terms of financial to identify whether they meet SPPI test.

Principal' for the purpose of this test is defined as the fair value of the financial asset at initial recognition and may change over the life of financial asset (for example, if there are repayments of principal or amortisation of the premium/ discount).

The most significant elements of interest within a lending arrangement are typically the consideration for the time value of money and credit risk. To make the SPPI assessment, the Group applies judgement and considers relevant factors such as the period for which the interest rate is set.

In contrast, contractual terms that introduce a more than de minimis exposure to risks or volatility in the contractual cash flows that are unrelated to a basic lending arrangement do not give rise to contractual cash flows that are solely payments of principal and interest on the amount outstanding. In such cases, the financial asset is required to be measured at FVTPL.

Accordingly, financial assets are measured as follows

HINDUJA LEYLAND FINANCE LIMITED
Notes to consolidated financial statements for year ended 31 March 2025
(All amounts are in Indian Rupees in lakhs, except share data and as stated)

A. Financial assets

i) Financial assets carried at amortised cost (AC)

A financial asset is measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

ii) Financial assets at fair value through other comprehensive income (FVOCI)

A financial asset is measured at FVOCI if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. Since, the loans and advances are held to sale and collect contractual cash flows, they are measured at FVOCI.

iii) Financial assets at fair value through profit or loss (FVTPL)

A financial asset which is not classified in any of the above categories are measured at FVTPL.

iv) Other equity investments

All other equity investments are measured at fair value, with value changes recognised in Other Comprehensive Income.

B. Financial liability

i) Initial recognition and measurement

All financial liability are initially recognized at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial liability, which are not at fair value through profit or loss, are adjusted to the fair value on initial recognition.

ii) Subsequent measurement

Financial liabilities are carried at amortized cost using the effective interest method.

4.4 Reclassification of financial assets and liabilities

The Group does not reclassify its financial assets subsequent to their initial recognition, apart from the exceptional circumstances in which the Group acquires, disposes of, or terminates a business line. Financial liabilities are never reclassified. The Group did not reclassify any of its financial assets or liabilities in the year ended 31 March 2025 and 31 March 2024.

4.5 Derecognition of financial assets and liabilities

A. Derecognition of financial assets due to substantial modification of terms and conditions

The Group derecognises a financial asset, such as a loan to a customer, when the terms and conditions have been renegotiated to the extent that, substantially, it becomes a new loan, with the difference recognised as a derecognition gain or loss, to the extent that an impairment loss has not already been recorded. The newly recognised loans are classified as Stage 1 for ECL measurement purposes.

B. Derecognition of financial assets other than due to substantial modification

i) Financial Assets

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is derecognised when the contractual rights to the cash flows from the financial asset expires or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the Group neither transfers nor retains substantially all of the risks and rewards of ownership and it does not retain control of the financial asset.

On derecognition of a financial asset in its entirety, the difference between the carrying amount (measured at the date of derecognition) and the consideration received (including any new asset obtained less any new liability assumed) is recognised in the statement of profit and loss.

Accordingly, gain on sale or derecognition of assigned portfolio are recorded upfront in the statement of profit and loss as per Ind AS 109. Also, the Group recognises servicing income as a percentage of interest spread over tenure of loan in cases where it retains the obligation to service the transferred financial asset.

ii) Financial Liability

A financial liability is derecognised when the obligation under the liability is discharged, cancelled or expires. Where an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as a derecognition of the original liability and the recognition of a new liability. The difference between the carrying value of the original financial liability and the consideration paid is recognised in the statement of profit and loss.

HINDUJA LEYLAND FINANCE LIMITED
Notes to consolidated financial statements for year ended 31 March 2025
(All amounts are in Indian Rupees in lakhs, except share data and as stated)

4.6 Impairment of financial assets

A. Overview of Expected credit loss(ECL) principles

In accordance with Ind AS 109, the Group uses ECL model, for evaluating impairment of financial assets other than those measured at fair value through profit and loss (FVTPL).

Expected credit losses are measured through a loss allowance at an amount equal to:

- i) The 12-months expected credit losses (expected credit losses that result from those default events on the financial instrument that are possible within 12 months after the reporting date); or
- ii) Full lifetime expected credit losses (expected credit losses that result from all possible default events over the life of the financial instrument)

Both Life time ECLs(LTECL) and 12 months ECLs are calculated on collective basis.

Based on the above, the Group categorizes its loans into Stage 1, Stage 2 and Stage 3, as described below:

Stage 1:

When loans are first recognised, the Group recognises an allowance based on 12 months ECL. Stage 1 loans includes those loans where there is no significant credit risk observed and also includes facilities where the credit risk has been improved and the loan has been reclassified from stage 2 or stage 3.

Stage 2:

When a loan has shown a significant increase in credit risk since origination, the Group records an allowance for the life time ECL. Stage 2 loans also includes facilities where the credit risk has improved and the loan has been reclassified from stage 3

Stage 3:

Loans considered credit impaired are the loans which are past due for more than 90 days. The Group records an allowance for life time ECL.

Loan commitments:

When estimating LTECLs for undrawn loan commitments, the Group estimates the expected portion of the loan commitment that will be drawn down over its expected life. The ECL is then based on the present value of the expected shortfalls in cash flows if the loan is drawn down.

B. Calculation of ECLs

The mechanics of ECL calculations are outlined below and the key elements are, as follows:

EAD:

Exposure at Default ("EAD") is an estimate of the exposure at a future default date, taking into account expected changes in the exposure after the reporting date, including repayments of principal and interest, whether scheduled by contract or otherwise, expected drawdowns on committed facilities after considering the credit conversion factor (for Stage 1 and Stage 2 assets), and accrued interest from missed payments.

PD:

Probability of Default (PD) is the probability of whether borrowers will default on their obligations which is calculated based on historical default rate summary of past years using origination vintage analysis.

LGD:

Loss Given Default ("LGD") is an estimate of the loss arising in the case where a default occurs at a given time. It is based on the difference between the contractual cash flows due and those that the lender would expect to receive, including from the realisation of any collateral. It is usually expressed as a percentage of the EAD

The Group has calculated EAD, PD and LGD to determine impairment loss on the portfolio of loans and discounted at an approximation to the EIR. At every reporting date, the above calculated EAD, PDs and LGDs are reviewed and changes in the forward looking estimates are analysed.

The mechanics of the ECL method are summarised below:

Stage 1:

The 12 months ECL is calculated as the portion of LTECLs that represent the ECLs that result from default events on a financial instrument that are possible within the 12 months after the reporting date. The Group calculates the 12 months ECL allowance based on the expectation of a default occurring in the 12 months following the reporting date. These expected 12-months default probabilities are applied to a forecast EAD and multiplied by the expected LGD and discounted by an approximation to the original EIR.

Stage 2:

When a loan has shown a significant increase in credit risk since origination, the Group records an allowance for the LTECLs. The mechanics are similar to those explained above, but PDs and LGDs are estimated over the lifetime of the instrument. The expected cash shortfalls are discounted by an approximation to the original EIR.

Stage 3:

For loans considered credit-impaired, the Group recognises the lifetime expected credit losses for these loans. The method is similar to that

HINDUJA LEYLAND FINANCE LIMITED
Notes to consolidated financial statements for year ended 31 March 2025
(All amounts are in Indian Rupees in lakhs, except share data and as stated)

for Stage 2 assets, with the PD set at 100%.

HINDUJA LEYLAND FINANCE LIMITED
Notes to consolidated financial statements for year ended 31 March 2025
(All amounts are in Indian Rupees in lakhs, except share data and as stated)

Forward looking information

The Group considers a broad range of forward looking information with reference to external forecasts of economic parameters such as GDP growth, Inflation etc., as considered relevant so as to determine the impact of macro-economic factors on the Group's ECL estimates.

The inputs and models used for calculating ECLs are recalibrated periodically through the use of available incremental and recent information. Further, internal estimates of PD, LGD rates used in the ECL model may not always capture all the characteristics of the market / external environment as at the date of the financial statements. To reflect this, qualitative adjustments or overlays are made as temporary adjustments to reflect the emerging risks reasonably.

4.8 Write-offs

Loans and debt securities are written off when the Group has no reasonable expectations of recovering the financial asset (either in its entirety or a portion of it). This is the case when the Group determines that the borrower does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subject to the write-off. A write-off constitutes a derecognition event. The Group may apply enforcement activities to financial assets written off. Recoveries resulting from the Group's enforcement activities could result in impairment gains.

4.9 Fair value

i) Fair value hierarchy

The Group uses the following hierarchy to determine the fair values of its financial instruments that are (a) recognised and measured at fair value and (b) measured at amortised cost and for which fair values are disclosed in the financial statements:

Level 1: Level 1 hierarchy includes financial instruments measured using quoted prices. This includes listed equity instruments and mutual funds that have quoted price. The fair value of all equity instruments which are traded in the stock exchanges is valued using the closing price as at the reporting period. The mutual funds are valued using the closing NAV.

Level 2: The fair value of financial instruments that are not traded in an active market (for example, traded bonds, over-the counter derivatives) is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. This is the case for unlisted equity securities, contingent consideration and indemnification asset included in level 3. There were no transfers between levels 1, 2 and 3 during the year. The Group recognises transfers in and transfers out of fair value hierarchy levels as at the end of the reporting period.

ii) Valuation process

The management of the Group performs the valuations of financial assets and liabilities required for financial reporting purposes. The carrying amounts of trade receivables, trade payables, capital creditors and cash and cash equivalents are considered to be the same as their fair values, due to their short-term nature.

The fair values for loans are calculated based on cash flows discounted using a current lending rate. They are classified as level 3 fair values in the fair value hierarchy due to the inclusion of unobservable inputs including counterparty credit risk.

The fair values of borrowings are based on discounted cash flows using a current borrowing rate. They are classified as level 3 fair values in the fair value hierarchy due to the use of unobservable inputs, including own credit risk.

For financial assets and liabilities that are measured at fair value, the carrying amounts are equal to the fair values.

Valuation processes and Technique

Type of Instrument	Reference Price
Investment in Mutual Funds	NAV as on the reporting date.
Investment in Security Receipts	NAV as on the reporting date.
Investment in Listed Equity Shares	Quoted price on exchange as on the reporting date.

HINDUJA LEYLAND FINANCE LIMITED
Notes to consolidated financial statements for year ended 31 March 2025
(All amounts are in Indian Rupees in lakhs, except share data and as stated)

4.10 Foreign currency transactions

Transactions in foreign currencies are translated into the functional currency of the Group, at the exchange rates at the dates of the transactions or an average rate if the average rate approximates the actual rate at the date of the transaction.

Monetary assets and liabilities denominated in foreign currencies are translated into the functional currency at the exchange rate at the reporting date. Non-monetary assets and liabilities that are measured at fair value in a foreign currency are translated into the functional currency at the exchange rate when the fair value was determined. Non-monetary assets and liabilities that are measured based on historical cost in a foreign currency are translated at the exchange rate at the date of the transaction. Exchange differences are recognized in profit or loss.

4.11 Property, plant and equipment

i. Recognition and measurement

Items of property, plant and equipment are measured at cost, which includes capitalised borrowing costs, less accumulated depreciation and accumulated impairment losses, if any.

Cost of an item of property, plant and equipment comprises its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates, any directly attributable cost of bringing the item to its working condition for its intended use and estimated costs of dismantling and removing the item and restoring the site on which it is located.

Subsequent expenditure is capitalised only if it is probable that the future economic benefits associated with the expenditure will flow to the Group and the cost of the item can be measured reliably.

ii. Depreciation

Depreciation on property, plant and equipment is provided using the straight line method over the estimated useful lives of the assets, and is generally recognised in the statement of profit and loss.

The Group follows estimated useful lives which are given under Part C of the Schedule II of the Companies Act, 2013. The estimated useful lives of items of property, plant and equipment for the current period is as follows:

Asset category	Estimated Useful life
Buildings	60 years
Furniture and fittings	8 to 10 years
Office equipment	5 years
Servers and computers	Computers 3 years, Servers 6 years
Vehicles	Motor Cars 5 to 8 years, Motor Cycles 10 years
Leasehold improvements (Yard)	10 years
Vehicles under lease	Over the lease term of the respective agreements

Assets individually costing less than or equal to Rs. 5,000/- are fully depreciated in the year of acquisition. The Group has estimated a Nil residual value at the end of the useful life for all block of assets. Depreciation on additions (disposals) is provided on a pro-rata basis i.e. from (upto) the date on which asset is ready for use (disposed of).

Property plant and equipment is derecognised on disposal or when no future economic benefits are expected from its use. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is recognised in other income / expense in the statement of profit and loss in the year the asset is derecognised. The date of disposal of an item of property, plant and equipment is the date the recipient obtains control of that item in accordance with the requirements for determining when a performance obligation is satisfied in Ind AS 115.

Advances paid towards the acquisition of property, plant and equipment outstanding at each Balance Sheet date is classified as capital advances under other non-current assets.

iii. Capital Work-in-progress

Capital work in progress includes assets not ready for the intended use and is carried at cost, comprising direct cost and related incidental expenses.

HINDUJA LEYLAND FINANCE LIMITED
Notes to consolidated financial statements for year ended 31 March 2025
(All amounts are in Indian Rupees in lakhs, except share data and as stated)

4.12 Employee benefits

i. Post-employment benefits

Defined contribution plan

The Group's contribution to provident fund are considered as defined contribution plan and are charged as an expense as they fall due based on the amount of contribution required to be made and when the services are rendered by the employees.

Defined benefit plans

Gratuity

A defined benefit plan is a post-employment benefit plan other than a defined contribution plan. The Group's net obligation in respect of defined benefit plans is calculated separately for each plan by estimating the amount of future benefit that employees have earned in the current and prior periods, discounting that amount and deducting the fair value of any plan assets.

The calculation of defined benefit obligation is performed annually by a qualified actuary using the projected unit credit method. When the calculation results in a potential asset for the Group, the recognised asset is limited to the present value of economic benefits available in the form of any future refunds from the plan or reductions in future contributions to the plan ('the asset ceiling'). In order to calculate the present value of economic benefits, consideration is given to any minimum funding requirements.

Remeasurements of the net defined benefit liability, which comprise actuarial gains and losses and the effect of the asset ceiling (if any, excluding interest), are recognised in OCI. The Group determines the net interest expense (income) on the net defined benefit liability (asset) for the period by applying the discount rate used to measure the defined benefit obligation at the beginning of the annual period to the then-net defined benefit liability (asset), taking into account any changes in the net defined benefit liability (asset) during the period as a result of contributions and benefit payments. Net interest expense and other expenses related to defined benefit plans are recognised in profit or loss.

When the benefits of a plan are changed or when a plan is curtailed, the resulting change in benefit that relates to past service ('past service cost' or 'past service gain') or the gain or loss on curtailment is recognised immediately in profit or loss. The Group recognises gains and losses on the settlement of a defined benefit plan when the settlement occurs.

ii. Other long-term employee benefits

Compensated absences

The employees can carry forward a portion of the unutilised accrued compensated absences and utilise it in future service periods or receive cash compensation on termination of employment. Since the compensated absences do not fall due wholly within twelve months after the end of such period, and the company has an unconditional right to defer the settlement beyond 12 months from the reporting date, the benefit is classified as a long-term employee benefit. The Group records an obligation for such compensated absences in the period in which the employee renders the services that increase this entitlement. The obligation is measured on the basis of independent actuarial valuation using the projected unit credit method.

iii. Short-term employee benefits

The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees are recognized during the year when the employees render the service. These benefits include performance incentive and compensated absences which are expected to occur within twelve months after the end of the year in which the employee renders the related service. The cost of such compensated absences is accounted as under :

- (a) in case of accumulated compensated absences, when employees render the services that increase their entitlement of future compensated absences; and
- (b) in case of non-accumulating compensated absences, when the absences occur.

HINDUJA LEYLAND FINANCE LIMITED
Notes to consolidated financial statements for year ended 31 March 2025
(All amounts are in Indian Rupees in lakhs, except share data and as stated)

4.13 Provisions, contingent liabilities and contingent assets

Provisions

Provisions are recognised when the Group has a present obligation (legal or constructive) as a result of past events, and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation. When the effect of the time value of money is material, the Group determines the level of provision by discounting the expected cash flows at a pre-tax rate reflecting the current rates specific to the liability. The expense relating to any provision is presented in the statement of profit and loss net of any reimbursement.

Contingent liability

A possible obligation that arises from past events and the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group or; present obligation that arises from past events where it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation; or the amount of the obligation cannot be measured with sufficient reliability are disclosed as contingent liability and not provided for.

4.14 Commitments

Commitments are future liabilities for contractual expenditure, classified and disclosed as follows:

- a) Estimated amount of contracts remaining to be executed on capital account and not provided for;
- b) Uncalled liability on shares and other investments partly paid;
- c) Funding related commitment to associate; and
- d) Other non-cancellable commitments, if any, to the extent they are considered material and relevant in the opinion of management.

4.15 Leases

The Group evaluates each contract or arrangement, whether it qualifies as lease as defined under Ind AS 116.

The Group assesses, whether the contract is, or contains, a lease. A contract is, or contains, a lease if the contract involves—

- a) the use of an identified asset,
- b) the right to obtain substantially all the economic benefits from use of the identified asset, and
- c) the right to direct the use of the identified asset.

The Group at the inception of the lease contract recognizes a Right-of-Use (RoU) asset at cost and a corresponding lease liability, for all lease arrangements in which it is a lessee, except for leases with term of less than twelve months (short term) and low-value assets.

The cost of the right-of-use assets comprises the amount of the initial measurement of the lease liability, any lease payments made at or before the inception date of the lease plus any initial direct costs, less any lease incentives received. Subsequently, the right-of-use assets is measured at cost less any accumulated depreciation and accumulated impairment losses, if any. The right-of-use assets is depreciated using the straight-line method from the commencement date over the shorter of lease term or useful life of right-of-use assets.

Right of use assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

For lease liabilities at inception, The Group measures the lease liability at the present value of the lease payments that are not paid at that date. The lease payments are discounted using the interest rate implicit in the lease, if that rate is readily determined, if that rate is not readily determined, the lease payments are discounted using the incremental borrowing rate.

The Group recognizes the amount of the re-measurement of lease liability as an adjustment to the right-of-use assets. Where the carrying amount of the right-of-use assets is reduced to zero and there is a further reduction in the measurement of the lease liability, The Group recognizes any remaining amount of the re-measurement in the Statement of profit and loss.

For short-term and low value leases, The Group recognizes the lease payments as an operating expense on a straight-line basis over the lease term.

Lease liability has been presented in Note 17 “Other Financial Liabilities” and ROU asset has been presented in Note 10C “Property, Plant and Equipment” and lease payments have been classified as financing cash flows.

HINDUJA LEYLAND FINANCE LIMITED
Notes to consolidated financial statements for year ended 31 March 2025
(All amounts are in Indian Rupees in lakhs, except share data and as stated)

Whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee, the contract is classified as a finance lease. All other leases are classified as operating leases. The Group has given certain vehicles on lease where it has substantially retained the risks and rewards of ownership and hence these are classified as operating leases.

These assets given on operating lease are included in PPE. Lease income is recognised in the Statement of profit and loss as per contractual rental unless another systematic basis is more representative of the time pattern in which the benefit derived from the leased asset is diminished. Costs including depreciation are recognised as an expense in the Statement of profit and loss. Initial direct costs are recognised immediately in Statement of profit and loss.

4.16 Income tax

Income tax comprises current and deferred tax. It is recognised in profit or loss except to the extent that it relates to a business combination or to an item recognised directly in equity or in other comprehensive income.

i. Current tax

Current tax comprises the expected tax payable or receivable on the taxable income or loss for the year and any adjustment to the tax payable or receivable in respect of previous years. The amount of current tax reflects the best estimate of the tax amount expected to be paid or received after considering the uncertainty, if any, related to income taxes. It is measured using tax rates (and tax laws) enacted or substantively enacted by the reporting date.

Current tax assets and current tax liabilities are offset only if there is a legally enforceable right to set off the recognised amounts, and it is intended to realise the asset and settle the liability on a net basis or simultaneously.

ii. Deferred tax

Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the corresponding amounts used for taxation purposes. Deferred tax is also recognised in respect of carried forward tax losses and tax credits. Deferred tax is not recognised for temporary differences arising on the initial recognition of assets or liabilities in a transaction that is not a business combination and that affects neither accounting nor taxable profit or loss at the time of the transaction; temporary differences related to investments in subsidiaries, associates and joint arrangements to the extent that the Group is able to control the timing of the reversal of the temporary differences and it is probable that they will not reverse in the foreseeable future; and taxable temporary differences arising on the initial recognition of goodwill.

Deferred tax assets are recognised to the extent that it is probable that future taxable profits will be available against which they can be used. The existence of unused tax losses is strong evidence that future taxable profit may not be available. Therefore, in case of a history of recent losses, the Group recognises a deferred tax asset only to the extent that it has sufficient taxable temporary differences or there is convincing other evidence that sufficient taxable profit will be available against which such deferred tax asset can be realised. Deferred tax assets – unrecognised or recognised, are reviewed at each reporting date and are recognised/ reduced to the extent that it is probable/ no longer probable respectively that the related tax benefit will be realised.

Deferred tax is measured at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled, based on the laws that have been enacted or substantively enacted by the reporting date. The measurement of deferred tax reflects the tax consequences that would follow from the manner in which the Group expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets and liabilities are offset if there is a legally enforceable right to offset current tax liabilities and assets, and they relate to income taxes levied by the same tax authority on the same taxable entity, or on different tax entities, but they intend to settle current tax liabilities and assets on a net basis or their tax assets and liabilities will be realised simultaneously.

4.17 Borrowing cost

Borrowing costs are interest and other costs incurred in connection with the borrowings of funds. Borrowing costs directly attributable to acquisition or construction of an asset which necessarily take a substantial period of time to get ready for their intended use are capitalized as part of the cost of the asset. Other borrowings costs are recognized as an expense in the statement of profit and loss account on an accrual basis using the effective interest method.

Interest expenses are calculated using the EIR and all other Borrowing costs are recognised in the Statement of profit and loss in the period in which they are incurred.

4.18 Cash and cash equivalents

Cash and cash equivalents comprises cash on hand and demand deposits with banks. Cash equivalents are short-term balances (with an original maturity of three months or less from the date of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.

HINDUJA LEYLAND FINANCE LIMITED
Notes to consolidated financial statements for year ended 31 March 2025
(All amounts are in Indian Rupees in lakhs, except share data and as stated)

4.19 Segment reporting- Identification of segments:

An operating segment is a component of the Group that engages in business activities from which it may earn revenues and incur expenses, whose operating results are regularly reviewed by the Group's Chief Operating Decision Maker (CODM) to make decisions for which discrete financial information is available. Based on the management approach as defined in Ind AS 108, the CODM evaluates the Group's performance and allocates resources based on an analysis of various performance indicators by business segments and geographic segments.

4.20 Earnings per share

The Group reports basic and diluted earnings per equity share in accordance with Ind AS 33, Earnings Per Share. Basic earnings per equity share is computed by dividing net profit / loss after (Before other Comprehensive Income) tax attributable to the equity share holders for the year by the weighted average number of equity shares outstanding during the year. Diluted earnings per equity share is computed and disclosed by dividing the net profit/ loss after tax attributable to the equity share holders for the year after giving impact of dilutive potential equity shares for the year by the weighted average number of equity shares and dilutive potential equity shares outstanding during the year, except where the results are anti-dilutive.

4.21 Collateral Repossessed

The Group generally does not use the assets repossessed for the internal operations. The underlying loans in respect of which collaterals have been repossessed with an intention to realize by way of sale are considered as Stage 3 assets and the ECL allowance is determined based on the past history of net realizable value of the repossessed asset. Any surplus funds are returned to the borrower and accordingly collateral repossessed are not recorded on the balance sheet and not treated as non-current assets held for sale.

4.22 Derivative and Hedge accounting

Derivatives are only used for economic hedging purposes and not as speculative investments. However, where derivatives do not meet the hedge accounting criteria, they are classified as 'held for trading' for accounting purposes and are accounted for at FVTPL.

Derivatives are initially recognised at fair value at the date a derivative contract is entered into and are subsequently remeasured to their fair value at each balance sheet date.

The resulting gain/loss is recognised in Statement of Profit or Loss immediately unless the derivative is designated and is effective as a hedging instrument, in which event the timing of the recognition in profit or loss depends on the nature of the hedge relationship.

The Group makes use of derivative instruments to manage exposures to interest rate and foreign currency. In order to manage particular risks, the Group applies hedge accounting for transactions that meet specified criteria. At the inception of a hedge relationship, the Group formally designates and documents the hedge relationship to which the Group wishes to apply hedge accounting and the risk management objective and strategy for undertaking the hedge. The documentation includes the Group's risk management objective and strategy for undertaking hedge, the hedging/ economic relationship, the hedged item or transaction, the nature of the risk being hedged, hedge ratio and how the entity will assess the effectiveness of changes in the hedging instrument's fair value in offsetting the exposure to changes in the hedged item's fair value or cash flows attributable to the hedged risk. Such hedges are expected to be highly effective in achieving offsetting changes in fair value or cash flows and are assessed on an ongoing basis to determine that they actually have been highly effective throughout the financial reporting periods for which they were designated.

Hedges that meet the strict criteria for hedge accounting are accounted for as cash flow hedge.

A cash flow hedge is a hedge of the exposure to variability in cash flows that is attributable to a particular risk associated with a recognised asset or liability (such as all or some future interest payments on variable rate debt) or a highly probable forecast transaction and could affect profit or loss. For designated and qualifying cash flow hedges, the effective portion of the cumulative gain or loss on the hedging instrument is initially recognised directly in OCI within equity (cash flow hedge reserve).

The ineffective portion of the gain or loss on the hedging instrument is recognised immediately in net gain/loss on fair value changes in the profit and loss statement. When the hedged cash flow affects the statement of profit and loss, the effective portion of the gain or loss on the hedging instrument is recorded in the corresponding income or expense line of the statement of profit and loss. When the forecast transaction subsequently results in the recognition of a non-financial asset or a non-financial liability, the gains and losses previously recognised in OCI are reversed and included in the initial cost of the asset or liability. When a hedging instrument expires, is sold, terminated, exercised, or when a hedge no longer meets the criteria for hedge accounting, any cumulative gain or loss that has been recognised in OCI at that time remains in OCI and is recognised when the hedged forecast transaction is ultimately recognised in the statement of profit and loss. When a forecast transaction is no longer expected to occur, the cumulative gain or loss that was reported in OCI is immediately transferred to the statement of profit and loss.

HINDUJA LEYLAND FINANCE LIMITED
Notes to consolidated financial statements for year ended 31 March 2025
(All amounts are in Indian Rupees in lakhs, except share data and as stated)

4.23 Other accounting policy

i. Other income

Other Income represents income earned from the activities incidental to the business and is recognised when the right to receive the income is established as per the terms of the contract.

ii. Impairment of non-financial assets

The Group determines periodically whether there is any indication of impairment of the carrying amount of its non-financial assets. The recoverable amount (higher of net selling price and value in use) is determined for an individual asset, unless the asset does not generate cash inflow that are largely independent of those from other assets or group of assets. The recoverable amounts of such asset are estimated, if any indication exists and impairment loss is recognized wherever the carrying amount of the asset exceeds its recoverable amount. Where it is not possible to estimate the recoverable amount of an individual asset, the Group estimates the recoverable amount of the cash-generating unit to which the asset belongs.

iii. Intangible assets

i. Recognition and measurement

Intangible assets including those acquired by the Group are initially measured at cost. Such intangible assets are subsequently measured at cost less accumulated amortisation and any accumulated impairment losses.

Subsequent expenditure is capitalised only when it increases the future economic benefits embodied in the specific asset to which it relates. All other expenditure, including expenditure on internally generated goodwill and brands, is recognised in profit or loss as incurred.

ii. Amortisation

Amortisation is calculated to write off the cost of intangible assets less their estimated residual values over their estimated useful lives using the straight line method, and is included in depreciation and amortisation in Statement of Profit and Loss.

Asset category	Estimated Useful life
Computer softwares	5 years

Amortisation method, useful lives and residual values are reviewed at the end of each financial year and adjusted if appropriate.

Intangible assets are derecognised on disposal or when no future economic benefits are expected from its use. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is recognised in other income / expense in the statement of profit and loss in the year the asset is derecognised. The date of disposal of an item of Intangible assets is the date the recipient obtains control of that item in accordance with the requirements for determining when a performance obligation is satisfied in Ind AS 115.

iv. Stock based compensation

The grant date fair value of equity settled share based payment awards granted to employees is recognised as an employee expense, with a corresponding increase in equity, over the period that the employees unconditionally become entitled to the awards. The amount recognised as expense is based on the estimate of the number of awards for which the related service and non-market vesting conditions are expected to be met, such that the amount ultimately recognised as an expense is based on the number of awards that do meet the related service and non-market vesting conditions at the vesting date. The Group revisits its estimate each year of the number of equity instruments expected to vesting.

v. Contingent asset

Contingent assets are not recognised in the financial statements. Contingent assets are disclosed where an inflow of economic benefits is probable.

vi. Cash flow statement

Cash flows are reported using the indirect method, whereby profit before tax is adjusted for the effects of transactions of a non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from regular revenue generating, financing and investing activities of the Group are segregated. Cash flows in foreign currencies are accounted at the actual rates of exchange prevailing at the dates of the transactions. Cash and cash equivalents (including bank balances) shown in the Statement of Cash Flows exclude items which are not available for general use as on the date of Balance Sheet.

vii. Securities premium

Securities premium is credited when shares are issued at premium. It can be used to issue bonus shares, to provide for premium on redemption of shares and issue expenses of securities which qualify as equity instruments.

viii. Goods and Services tax

Goods and Services tax input credit is recognised in the books in the period in which the supply of goods or service received is recognised and when there is no uncertainty in availing/utilising the credits.

4.24 The Ministry of Corporate Affairs ("MCA") notifies new standards or amendment to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. For the year ended March 31, 2025, MCA has notified Ind AS – 117 Insurance contracts and amendments to Ind AS 116 – Leases, relating to sale and leaseback transactions, applicable to the Group w.e.f. April 1, 2024. The Group has reviewed the new pronouncements based on its evaluation has determined that it does not have any significant impact in its financial statements.

b) Terms/ rights attached to equity shares

The Parent company has a single class of equity shares having face value of INR 10/- each. Accordingly, all equity shares rank equally with regard to dividends and share in the Parent company's residual assets. The equity shares are entitled to receive dividend as declared from time to time. The voting rights of an equity shareholder on a poll (not on show of hands) are in proportion to its share of the paid-up equity capital of the Parent company. On winding up, the holders of equity shares will be entitled to receive the residual assets of the Parent company, remaining after distribution of all preferential amounts in proportion to the number of equity shares held.

Nature and purpose of reserve

Securities premium

Securities premium is used to record the premium on issue of shares. The reserve can be utilised only for limited purposes such as issuance of bonus shares in accordance with the provisions of the Companies Act 2013.

Employee stock option outstanding

The Group has established various equity settled share based payment plans for certain categories of employees of the Group.

Statutory Reserve

(a) Reserve u/s. 45-IA of the Reserve Bank of India Act, 1934 ("the RBI Act, 1934")

Reserve u/s 45-IA of the RBI Act, 1934, the Group is required to transfer at least 20% of its net profits every year to a reserve before any dividend is declared

(b) Statutory Reserve u/s. 29C of National Housing Bank Act, 1987 ("the NHB Act, 1987")

Section 29C (i) of The National Housing Bank (NHB), 1987 defines that every housing finance institution which is a company shall create a reserve fund and transfer therein a sum not less than twenty percent of its net profit every year as disclosed in the statement of profit and loss before any dividend is declared. For this purpose any special reserve created by the company under section 36(1)(viii) of the Income Tax Act, 1961, is considered to be an eligible transfer.

Surplus in the statement of profit and loss

Surplus in the statement of profit and loss is the accumulated available profit of the Group carried forward from earlier year These reserve are free reserves which can be utilised for any purpose as may be required.

Cash flow hedge reserve

Cash flow hedge reserve represents the cumulative effective portion of gains or losses arising on changes in fair value of hedging instruments entered into for cash flow hedges, which shall be reclassified to profit or loss only when the hedged transaction affects the profit or loss, or included as a basis adjustment to the non-financial hedged item, consistent with the Group accounting policies.

Other comprehensive income

- The Group has elected to recognise changes in the fair value of certain loans and advances where the business model is to collect contractual cash flows and also sell financial assets loans and advances in other comprehensive income. These changes are accumulated within the FVOCI - loans and advances reserve within equity.
- Remeasurement of the net defined benefit liabilities comprise actuarial gain or loss, return on plan assets excluding interest and the effect of asset ceiling, if any.

Share application money pending allotment:

Money received as advance towards allotment of share capital is recorded as share application money pending allotment.

32 Income Tax

The components of income tax expense for the years ended 31 March 2025 and 31 March 2024 are:

Particulars	Year ended 31 March 2025	Year ended 31 March 2024
Current tax	17,039	15,025
Deferred tax	9,562	5,471
Total tax charge	26,601	20,496

32.1 Income tax recognised in other comprehensive income

Particulars	Year ended 31 March 2025	Year ended 31 March 2024
Arising on income and expenses recognised in other comprehensive income:		
Remeasurement of defined benefit obligation	45	18
Gain on fair valuation of loans	(31,152)	(19,344)
Effective portion of net loss on designated portion of hedging instruments in a cashflow hedge	547	42
Total income tax recognised in other comprehensive income	(30,560)	(19,284)

32.2 Reconciliation of the total tax charge

The tax charge shown in the statement of profit and loss differs from the tax charge that would apply if all profits had been charged at India corporate tax rate. A reconciliation between the tax expense and the accounting profit multiplied by India's domestic tax rate for the years ended 31 March 2025 and 31 March 2024 is, as

Particulars	Year ended 31 March 2025	Year ended 31 March 2024
Accounting profit before tax	1,04,599	84,551
Applicable tax rate	25.17%	25.17%
Computed tax expense	26,325	21,280
Tax effect of :		
Permanent differences on account of CSR expenditure and donations	(380)	(745)
Others	655	(39)
Tax expenses recognised in the statement of profit and loss	26,601	20,496
Effective tax rate	25.43%	24.24%

The tax rate used for the reconciliations above is the corporate tax rate of 25.17% for the year 31 March 2025 and 31 March 2024 payable by corporate entities in India on taxable profits under tax law in Indian jurisdiction.

34 Employee stock option

The Parent company has granted certain stock options to its employees under Employee stock option scheme, 2013 ("ESOP Scheme"). The employee stock options granted entitle the employees to purchase equity shares at an exercise price either at INR 10/- per option or fair value at the date of the grant or as determined by the Nomination and Remuneration Committee at the date of grant.

During the current year, the Group has not granted options to its employees under the ESOP Scheme.

Options to employees are usually granted with a four-year rateable vesting. The options would need to be exercised within a 5 years (Till 2021 - 3 years) period from the date of vesting.

The vesting pattern is indicated below

Particulars	Vesting pattern	Vesting pattern	Vesting pattern	Vesting pattern	Vesting pattern
Grant date	24-Aug-28	03-Jun-21	22-May-19	29-Jan-18	23-May-17
At the end of one year of service from grant date	20%	20%	20%	20%	20%
At the end of two years	20%	20%	20%	20%	20%

HINDUJA LEYLAND FINANCE LIMITED
Notes to consolidated financial statements for the year ended 31 March 2025

Reconciliation of outstanding options

The number and the weighted average exercise prices of share options under employee stock option plan are as follows:

Particulars	Year ended 31 March 2025		Year ended 31 March 2024	
	No of options	Weighted average exercise price	No of options	Weighted average exercise price
Outstanding at beginning of the year	10,79,000	84.20	13,10,500	84.20
Granted during the year	2,00,000	-	-	-
Forfeited during the year	1,62,000	54.40	89,000	54.40
Exercised during the year	92,000	88.89	1,42,500	88.89
Outstanding at the end of the year	10,25,000	100.95	10,79,000	84.20
Exercisable at the end of the year	7,27,500	92.14	8,84,000	84.48

The options outstanding at the year-end have an exercise price and a weighted average contractual life as given below:

Particulars	As at 31 March 2025			As at 31 March 2024		
	No of outstanding options	Range of exercise price	Weighted average remaining life	No of outstanding options	Range of exercise price	Weighted average remaining life
ESOP Scheme	10,25,000	INR/- 28.00 to 153	1 – 4 years	10,79,000	INR/- 28.00 to 110	1 – 4 years

Measurement of fair values

The fair value of employee stock options is measured using the Black Scholes Model which takes into account the exercise price, term of the option, share price at grant date and expected price volatility of the underlying shares, expected dividend yield and the risk free interest rate for the term of the option.

The inputs used in the computation of fair value of the grant date fair value are as follows:

Grant date	2024-25	2021-22	2019-20	2017-18	2016-17
No of shares	2,00,000	3,25,000	1,60,000	4,60,000	11,90,000
Value of the share at the grant date	199.99	100	167	129	89
Exercise price	153	92.97	110	106.2	54.4
Expected volatility	20.00%	40.00%	40.00%	40.00%	40.00%
Expected dividends	0.00%	0.00%	0.00%	0.00%	0.00%
Risk-free interest rate (based on government bonds)	6.58%	5.71%	6.87%	6.86%	7.56%
Expected life	4 years	4 years	4 years	4 years	4 years

Note: The Exercise period shall commence from the date of vesting and the vested options can be Exercised within a period of 5 years from date of vesting of option or till it is cancelled as per the provisions of the scheme.

35 Employee benefit (post employment benefit plans)

a) Defined contribution plans

The Group operates defined contribution plan (Provident fund) for all qualifying employees of the Group. The employees of the Group are members of a retirement contribution plan operated by the government. The Group is required to contribute a specified percentage of payroll cost to the retirement contribution scheme to fund the benefits. The only obligation of the Group with respect to the plan is to make the specified contributions.

The group's contribution to Provident Fund aggregating INR 1,894 lakhs (31 March 2024 : INR 1,335 lakhs) (refer note 29) has been recognised in the Statement of Profit and Loss under the head employee benefits expense.

HINDUJA LEYLAND FINANCE LIMITED
Notes to consolidated financial statements for the year ended 31 March 2025

b) Defined benefit obligation

Gratuity benefit plan

The Group operates a defined benefit plan (the Gratuity plan) covering eligible employees. The gratuity plan is governed by the Payment of Gratuity Act, 1972. Under the act, employee who has completed five years of service is entitled to specific benefit. The level of benefits provided depends on the member's length of service and salary at retirement age/ resignation date.

The liability under the Payment of Gratuity Act, 1972 are determined on the basis of actuarial valuation made at the end of each financial year using the projected unit credit method.

The plan is of a final salary defined benefit in nature which is sponsored by the Group and hence it underwrites all the risks pertaining to the plan. The actuarial risks associated are:

Interest rate risk: The risk of government security yields falling due to which the corresponding discount rate used for valuing liabilities falls. Such a fall in discount rate will result in a larger value placed on the future benefit cash flows whilst computing the liability and thereby requiring higher accounting provisioning.

Longevity risk: Longevity risks arises when the quantum of benefits payable under the plan is based on how long the employee lives post cessation of service with the Group. The gratuity plan provides the benefit in a lump sum form and since the benefit is not payable as an annuity for the rest of the lives of the employees, there is no longevity risks.

Salary risk: The gratuity benefits under the plan are related to the employee's last drawn salary. Consequently, any unusual rise in future salary of the employee raises the quantum of benefit payable by the Group, which results in a higher liability for the Group and is therefore a plan risk for the Group.

Expected rate of salary escalation	8.00%	8.00%
Other assumption		
Mortality rate	Indian Assured Lives Mortality 2006-08 Ultimate	Indian Assured Lives Mortality 2006-08 Ultimate

The defined benefit plans expose the Group to risks such as Actuarial risk, Investment risk, Liquidity risk, Market risk, Legislative risk. These are discussed as follows:

Actuarial risk: It is the risk that benefits will cost more than expected. This can arise due to one of the following reasons:

Adverse salary growth experience: Salary hikes that are higher than the assumed salary escalation will result into an increase in obligation at a rate that is higher than expected.

Variability in mortality rates: If actual mortality rates are higher than assumed mortality rate assumption than the gratuity benefits will be paid earlier than expected. Since there is no condition of vesting on the death benefit, the acceleration of cash flow will lead to an actuarial loss or gain depending on the relative values of the assumed salary growth and discount rate.

Variability in withdrawal rates: If actual withdrawal rates are higher than assumed withdrawal rate assumption than the Gratuity Benefits will be paid earlier than expected. The impact of this will depend on whether the benefits are vested as at the resignation date.

Investment risk: For funded plans that rely on insurers for managing the assets, the value of assets certified by the insurer may not be the fair value of instruments backing the liability. In such cases, the present value of the assets is independent of the future discount rate. This can result in wide fluctuations in the net liability or the funded status if there are significant changes in the discount rate during the inter-valuation period.

Liquidity risk: Employees with high salaries and long durations or those higher in hierarchy, accumulate significant level of benefits. If some of such employees resign/retire from the Group there can be strain on the cash flows.

Market risk: Market risk is a collective term for risks that are related to the changes and fluctuations of the financial markets. One actuarial assumption that has a material effect is the discount rate. The discount rate reflects the time value of money. An increase in discount rate leads to decrease in defined benefit obligation of the plan benefits and vice versa. This assumption depends on the yields on the government bonds and hence the valuation of liability is exposed to fluctuations in the yields as at the valuation date.

HINDUJA LEYLAND FINANCE LIMITED
Notes to consolidated financial statements for the year ended 31 March 2025

b) Defined benefit obligation (continued)

Legislative risk: Legislative risk is the risk of increase in the plan liabilities or reduction in the plan assets due to change in the legislation/regulation. The government may amend the Payment of Gratuity Act, 1972, thus requiring the companies to pay higher benefits to the employees. This will directly affect the present value of the defined benefit obligation and the same will have to be recognized immediately in the year when any such amendment is effective.

Amount recognised in balance sheet in respect of these defined benefit obligation :

Particulars	As at 31 March 2025	As at 31 March 2024
Present value of obligations	1,326	944
Fair value of plan assets	1,010	913
Asset/ (Liability) recognised in the Balance Sheet	(316)	(30)

Amount recognised in statement of profit and loss in respect of these defined benefit obligation :

Particulars	Year ended 31 March 2025	Year ended 31 March 2024
Current service cost	211	154
Past service cost	-	-
Net interest cost	(2)	(10)
Components of defined benefits costs recognised in profit or loss.	209	144
Remeasurements on the net defined benefit liability :		
- Actuarial (gain)/loss from change in demographic assumptions	-	3
- Actuarial (gain)/loss from change in financial assumptions	23	3
- Actuarial (gain)/loss from change in experience adjustments	173	76
- Return on plan assets (greater)/less than discount rate	(1)	4
Total amount recognised in other comprehensive income	195	86
Total	404	230

The current service cost and the net interest expense for the year are included in the "Employee Benefit Expense" line item in the statement of profit and loss

Particulars	Year ended 31 March 2025	Year ended 31 March 2024
Opening defined benefit obligation	944	792
Current service cost	211	154
Past service cost	-	-
Interest cost	62	51
Remeasurements (gains)/losses:		
- Actuarial (gain)/loss from change in demographic assumptions	-	3
- Actuarial (gain)/loss from change in financial assumptions	23	3

Notes to consolidated financial statements for the year ended 31 March 2025

b) Defined benefit obligation (continued)

Movement in fair value of plan assets

Particulars	Year ended 31 March 2025	Year ended 31 March 2024
Fair value of plan assets at the beginning of the year	913	867
Contributions paid into the plan	46	-
Benefits paid by the plan	(14)	(11)
Expected return on plan assets	64	61
Actuarial (losses) / gains	1	(4)
Fair value of plan assets at the end of the year	1,010	913

Expense recognised in the statement of profit or loss

Particulars	Year ended 31 March 2025	Year ended 31 March 2024
Current service cost	211	154
Interest on obligation	62	51
Expected return on plan assets	47	46
Net actuarial (gain)/ loss recognised in the year	71	(41)
Benefits paid directly by the Group	-	(124)
Total	391	86

Actuarial assumptions

Particulars	As at 31 March 2025	As at 31 March 2024
Discount rate	6.40%	6.90%
Estimated rate of return on plan assets	6.90%	7.00%
Attrition rate	M1 - M7: 38% M8 - M12: 18%	M1 - M7: 38% M8 - M12: 18.5%
Future salary increases	8.00%	8.00%
Average longevity at retirement age - past service (in years)	2.60	1.79
Average longevity at retirement age - future service (in years)	37.26	23.10
Retirement age	58 years	58 years

The estimates of future salary increases, considered in actuarial valuation, take account of inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market. Assumptions regarding future mortality are based on published statistics and mortality tables. The calculation of the defined benefit obligation is sensitive to the mortality assumptions.

Five year information

Gratuity	As at 31 March 2025	As at 31 March 2024	As at 31 March 2023	As at 31 March 2022	As at 31 March 2021
Defined benefit obligation	1,326	944	792	813	751
Fair value of plan assets	1,010	913	867	792	514
(Excess)/Deficit in plan	316	30	(75)	21	237
Experience adjustments on plan liabilities	173	76	(13)	(58)	13
Experience adjustments on plan assets	(1)	4	(11)	(9)	4

Sensitivity analysis

Significant actuarial assumptions for the determination of the defined benefit obligation are discount rate and expected salary increase. The sensitivity analysis below have been determined based on reasonable possible changes of the assumptions occurring at the end of the reporting period, while holding all other assumptions constant. The results of sensitivity analysis is as follows :

	Year ended 31 March 2025		Year ended 31 March 2024	
	Increase	Decrease	Increase	Decrease
100 basis points increase/decrease				
Discount rate	(34)	36	(24)	26
Future salary growth	32	(31)	23	(23)
Attrition rate	(7)	7	(4)	4

HINDUJA LEYLAND FINANCE LIMITED
Notes to consolidated financial statements for the year ended 31 March 2025

b) Defined benefit obligation (continued)

The sensitivity analysis presented above may not be representative of the actual change in the defined benefit obligation as it is unlikely that the change in assumptions would occur in isolation of one another as some of the assumptions may be correlated.

There is no change in the method of valuation for the prior periods in preparing the sensitivity analysis. For change in assumptions refer to note (a) above.

Furthermore, in presenting the above sensitivity analysis, the present value of the defined benefit obligation has been calculated using the projected unit credit method at the end of the reporting period, which is the same as that applied in calculating the defined benefit obligation asset recognised in the balance sheet.

Maturity profile

Particulars	As at 31 March 2025	As at 31 March 2024
Expected benefits for year 1	235	197
Expected benefits for year 2	191	155
Expected benefits for year 3	177	124
Expected benefits for year 4	144	116
Expected benefits for year 5	137	89
Expected benefits for year 6	111	80
Expected benefits for year 7	81	67
Expected benefits for year 8	53	49
Expected benefits for year 9	46	32
Expected benefits for year 10 and above	37	25

The weighted average duration of the payment of these cash flows is 3 years (FY 2022-23 - 3 years)

The expected contributions for the next year is INR 235.42 lakh.

c) Other long term employee benefits

The liability for compensated absences as at 31 March 2025 is INR 785 lakhs and as at 31 March 2024 is INR 537 lakhs.

Assumptions

Particulars	Year ended 31 March 2025	Year ended 31 March 2024
Discount rate	6.40%	6.90%
Future salary increases	8.00%	8.00%

- d)** The Indian Parliament has approved the Code on Social Security, 2020 which would impact the contributions by the Group towards Provident Fund and Gratuity. The Ministry of Labour and Employment has released draft rules for the Code on Social Security, 2020 on November 13, 2020, and has invited suggestions from stakeholders which are under active consideration by the Ministry. The Group will assess the impact and its evaluation once the subject rules are notified and will give appropriate impact in its financial statements in the period in which, the Code becomes effective and the related rules to determine the financial impact are published.

36 Segment reporting

The Group is primarily engaged into lending business. The Group has its operations within India and all revenues are generated within India. Also the company is not reliant on revenues from transaction with single external customer. As such, there are no separate reportable segment as per the provisions of Ind AS 108 'Operating Segments'.

INR In Lakhs

40 Leases

As a lessee, the Group's lease asset class primarily consist of buildings or part thereof taken on lease for office premises. In accordance with the requirements under Ind AS 116, Leases, the Group has recognised the lease liability at the present value of the future lease payments discounted at the incremental borrowing rate at the date of initial application as at 1 April 2019, and thereafter, at the inception of respective lease contracts, ROU asset equal to lease liability is recognised at the incremental borrowing rate prevailed during that relevant period subject to certain practical expedients as allowed by the standard.

The following is the summary of practical expedients elected on initial application:

- (a) Applied a single discount rate to a portfolio of leases of similar assets in similar economic environment with a similar end date.
- (b) Applied the exemption not to recognise right to use assets and liabilities for leases with less than 12 months of lease term on the date of initial application.
- (c) Excluded the initial direct costs from the measurement of the right to use asset at the date of initial application.

Following are the changes in the carrying value of the right of use assets for the year ended 31 March 2025:

Category of ROU Asset	Gross Block				Accumulated Depreciation				Net Block	
	As at 1 April 2024	Additions	Deletions	As at 31 March 2025	As at 1 April 2024	Additions	Deletions	As at 31 March 2025	As at 31 March 2025	
Office Premises & Yard	9,683	2,819	1,217	11,285	3,181	2,189	1,126	4,244	7,041	

Category of ROU Asset	Gross Block				Accumulated Depreciation				Net Block	
	As at 1 April 2023	Additions	Deletions	As at 31 March 2024	As at 1 April 2023	Additions	Deletions	As at 31 March 2024	As at 31 March 2024	
Office Premises & Yard	7,394	4,270	1,981	9,683	2,406	1,865	1,090	3,181	6,502	

The aggregate depreciation expenses on ROU assets is included under depreciation and amortization expenses in the Statement of Profit and Loss.

Table showing contractual cash maturities of lease liabilities on an undiscounted basis:

Particulars	As at 31 March 2025	As at 31 March 2024
Within one year	2,430	2,037
After one year but not more than five years	5,534	5,000
More than five years	1,037	1,264
Total	9,001	8,301

The company has taken office premises on lease. These leases are generally renewed on mutual consent and at prevailing market rate. Short term leases are recognised as an expense.

Particulars	Year ended 31 March 2025	Year ended 31 March 2024
Expense relating to short-term leases	510	399
Expense relating to leases of low-value assets	-	-
Expense relating to variable lease payments not included in the measurement of lease liabilities	-	-
Income from subleasing right-of-use assets	-	-
Total cash outflow for leases	2,557	2,097

HINDUJA LEYLAND FINANCE LIMITED
Notes to consolidated financial statements for the year ended 31 March 2025

40 Leases (continued)

Lease liabilities

Particulars	Year ended 31 March 2025	Year ended 31 March 2024
Balance at the beginning	6,968	5,242
Additions	2,633	4,037
Finance cost accrued during the year (refer note 26)	730	615
Deletions	(35)	(830)
Payments of lease liabilities	(2,557)	(2,097)
Balance at the end	7,739	6,968

Classification of current and non current liabilities of lease liabilities

Particulars	Year ended 31 March 2025	Year ended 31 March 2024
Current liabilities	1,977	1,615
Non current liabilities	5,762	5,353
Total lease liabilities	7,739	6,968

In the cases where assets are given on operating lease (as lessor)

Key terms of the lease are as below

- i) New vehicles are offered on Lease for a tenure ranging from 24 to 84 months.
- ii) Customised leasing solutions are offered with value-added services like Fleet Management.
- iii) The consideration payable is the monthly lease rental which varies based on the make / model of the vehicle and tenure leased.

Rental income arising from these operating leases is accounted for on a straight-line basis over the lease terms and is included in rental income in the Statement of profit and loss. All relevant costs, including depreciation, incurred in earning the lease income are recognised as an expense.

Particulars	Year ended 31 March 2025	Year ended 31 March 2024
New vehicles to non individuals		
Gross carrying amount	39,754	25,114
Depreciation for the year	5,272	1,875
Accumulated depreciation	7,158	1,886

The total future minimum lease rentals (undiscounted) receivable for the non-cancellable lease period

Particulars	Year ended 31 March 2025	Year ended 31 March 2024
Lease rentals to non individuals		
Not later than one year	9,786	6,008
Later than one year but not later than five years	21,901	17,882
Total	31,687	23,890

41 Corporate social responsibility ("CSR") expenditure

Particulars	Year ended 31 March 2025	Year ended 31 March 2024
(a) Gross amount required to be spent by the Group during the year as per Section 135 of the Companies Act, 2013 read with schedule VII	1,300	1,024
(b) Amount spent during the year on:		
(i) Construction/acquisition of any asset	-	-
(ii) On purposes other than (i) above	322	233
(c) Shortfall at the end of the year	978	791
(d) Total of previous years shortfall	978	1,041

Details of ongoing projects

Year	Opening Balance		Amount required to be spent during the year	Amount spent during the year		Closing Balance	
	With Company	In separate CSR Unspent A/C		From Company's bank A/c	From Separate CSR Unspent A/c	With Company	In separate CSR Unspent A/C
31 March 2024	-	867	1,025	233	617	792	250
31 March 2025	792	250	1,300	#	250	978	(0)

The Group has unspent CSR provision of INR 978 lakh as on March 31, 2025 (31 March 2024: INR 791 lakh) which has been deposited subsequently in a separate bank account. The Group is in process of utilizing against the approved projects.

Nature of CSR activities are promotion of Education, Environmental sustainability, Eradicating hunger, poverty, malnutrition and preventive health care etc..

- Derivative instruments (i.e Currency swap)	2,868	165	Level 2	In swap contracts, the future estimated cashflows also consider forward interest rates (from observable yield curves at the end of reporting period) and contract forward rates, discounted at a rate that reflects the credit risk of the company/counterparty.
	531			

Foreign currency risk for the Group arise majorly on account of foreign currency borrowings. The Group manages this foreign currency risk by entering in to cross currency swaps. When a derivative is entered in to for the purpose of being as hedge, the Group negotiates the terms of those derivatives to match with the terms of the hedge exposure. The Group holds derivative financial instruments such as Cross currency interest rate swap to mitigate risk of changes in exchange rate in foreign currency and floating interest rate. The Counterparty for these contracts is generally a bank. These derivative financial instruments are valued based on quoted prices for similar assets and liabilities in active markets or inputs that are directly or indirectly observable in market place.

Hedging policy

The Group's policy is to fully hedge its foreign currency borrowings at the time of drawdown and remain so till repayment and hence the hedge ratio is 1:1.

As at 31 March 2025

Foreign exchange risk	Nominal value of hedging instruments (No. of contracts)		Carrying value of hedging instruments (in Lakh)		Maturity date	Changes in fair value of hedging instrument (in lakh)

A Fair value measurement

Valuation principles

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction in the principal (or most advantageous) market at the measurement date under current market conditions i.e, exit price. This is regardless of whether that price is directly observable or estimated using a valuation technique.

Financial instruments by category

The carrying value and fair value of loans measured at fair value as of 31 March 2025 and 31 March 2024 were as follows:

Particulars	Carrying amount	Fair value			
		Level 1	Level 2	Level 3	Total
As at 31 March 2025					
Loans	26,41,987	-	-	29,12,600	29,12,600
As at 31 March 2024					
Loans	21,84,967	-	-	23,48,257	23,48,257

Reconciliation of level 3 fair value measurement is as follows

Loans	As at	
	31 March 2025	31 March 2024
<i>Loans, measured at FVOCI</i>		
Balance at the beginning of the year	1,63,290	86,606
Total gains measured through OCI for additions made during the year	1,46,276	76,684
Balance at the end of the year	3,09,566	1,63,290

Sensitivity analysis

31 March 2025	Equity, net of tax*	
	Increase	Decrease
Loans		
Interest rates (1% movement)	61,949	64,566

*represents the impact on profit

The carrying value and fair value of financial instruments measured at fair value as of 31 March 2025 were as follows:

Particulars	Carrying amount	Fair value			
		Level 1	Level 2	Level 3	Total
As at 31 March 2025

Total	36,70,232				

B Measurement of fair values

Valuation methodologies of financial instruments not measured at fair value

Below are the methodologies and assumptions used to determine fair values for the above financial instruments which are not recorded and measured at fair value in the financial statements. These fair values were calculated for disclosure purposes only.

The fair values above are estimated using discounted cash-flow models, with the following significant assumptions:

Input / Assumption	Basis and source
Discount rate	Risk-free yield curve plus credit spread. Government bond yields for term matching, plus a appropriate spread reflecting its own instrument credit risk.
Credit spread	Derived from the company's own credit rating
Probability of default (PD)	Internal rating-based PDs calibrated to historical defaults.
Loss given default (LGD)	Based on long-run recoveries of similar instruments
Prepayment assumptions	Portfolio average annual prepayment rate of 7 %
Cash-flow model	Projected contractual cash flows, adjusted for prepayments and expected defaults.

Short-term financial assets and liabilities

The Group has not disclosed the fair values for financial instruments which are short term in nature because their carrying amounts are a reasonable approximation of fair value.

Borrowings

The debt securities, borrowings and subordinated liabilities are primarily variable rate instruments. Accordingly, the fair value has been assumed to be equal to the carrying amount.

Loans

The fair values of loans and receivables are estimated by discounted cash flow models that incorporate assumptions for credit risks, foreign exchange risk, probability of default and loss given default estimates.

Investments

For the held-to-maturity investments the fair value has been assumed to be equal to the carrying amount.

Transfers between levels I and II

There has been no transfer in between level I and level II.

C Capital management

The Group maintains an actively managed capital base to cover risks inherent in the business and is meeting the capital adequacy requirements of the local banking supervisor, Reserve Bank of India (RBI). The adequacy of the Group's capital is monitored using, among other measures, the regulations issued by RBI.

The primary objectives of the Group's capital management policy are to ensure that The Group complies with externally imposed capital requirements and maintains strong credit ratings and healthy capital ratios in order to support its business and to maximise shareholder value.

The Group manages its capital structure and makes adjustments to it according to changes in economic conditions and the risk characteristics of its activities. In order to maintain or adjust the capital structure, The Group may adjust the amount of dividend payment to shareholders, return capital to shareholders or issue capital securities. No changes have been made to the objectives, policies and processes from the previous years. However, they are under constant review by the Board.

HINDUJA LEYLAND FINANCE LIMITED
Notes to consolidated financial statements for the year ended 31 March 2025

INR In Lakhs

44 Financial risk management objectives and policies

The Group's principal financial liabilities comprise borrowings from banks and debentures. The main purpose of these financial liabilities is to finance the Group's operations and to support its operations. The Group's financial assets include loan and advances, investments and cash and cash equivalents that derive directly from its operations.

The Group is exposed to credit risk, liquidity risk and market risk. The Group's board of directors has an overall responsibility for the establishment and oversight of the Group's risk management framework. The board of directors has established the risk management committee and asset liability committee, which is responsible for developing and monitoring the Group's risk management policies. The committee reports regularly to the board of directors on its activities.

The Group's risk management policies are established to identify and analyse the risks faced by the Group, to set appropriate risk limits and controls and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Group's activities.

The Group's risk management committee oversees how management monitors compliance with the Group's risk management policies and procedures, and reviews the adequacy of the risk management framework in relation to the risks faced by the Group.

(i) Credit risk

Credit risk is the risk of financial loss to the Group if a customer or counter-party to financial instrument fails to meet its contractual obligations and arises principally from the Group's receivables from customers and loans.

The credit risk for cash and cash equivalents, fixed deposits are considered negligible, since the counterparties are reputable banks with high quality external credit ratings.

The Group holds investments in non-convertible debentures (NCDs) and pass-through certificates (PTCs) issued by entities with strong credit profiles and high credit ratings from recognized rating agencies. These instruments are assessed to have low credit risk as the issuers are well-established entities with a consistent track record of financial stability, robust governance practices, and market reputation. The Group continues to monitor the credit risk of these investments on an ongoing basis and will reassess the classification and measurement as necessary.

Other financial assets mainly comprises of security deposits which are given to premise owners, receivable from insurance company & bankers in relation to contracts executed and are assessed by the Company for credit risk on a continuous basis.

The carrying amounts of financial assets represent the maximum credit risk exposure.

A. Loans and advances

The Group's exposure to credit risk is influenced mainly by the individual characteristics of each customer. However, management also considers the factors that may influence the credit risk of its customer base, including the default risk associated with the industry.

The Board has established a credit policy under which each new customer is analysed individually for creditworthiness before the Group's standard payment and delivery terms and conditions are offered. The Group's review includes external ratings, if they are available, financial statements, credit agency information, industry information etc.

The Group's exposure to credit risk for loans and advances by type of counterparty is as follows. All these exposures are with in India.

Particulars	As at 31 March 2025	As at 31 March 2024
Retail loans	47,33,707	37,35,973
Term loans	1,43,530	1,89,539
Repossessed loans	12,780	12,863
	48,90,017	39,38,375
Less : Impairment loss allowance	(1,04,597)	(92,056)
	47,85,420	38,46,319

An impairment analysis is performed at each reporting date based on the facts and circumstances existing on that date to identify expected losses on account of time value of money and credit risk. For the purposes of this analysis, the loan receivables are categorised into groups based on days past due. Each group is then assessed for impairment using the Expected Credit Loss (ECL) model as per the provisions of Ind AS 109 - financial instruments.

Staging:

As per the provision of Ind AS 109 general approach all financial instruments are allocated to stage 1 on initial recognition. However, if a significant increase in credit risk is identified at the reporting date compared with the initial recognition, then an instrument is transferred to stage 2. If there is objective evidence of impairment, then the asset is credit impaired and transferred to stage 3.

The Group considers a financial instrument defaulted and therefore Stage 3 (credit-impaired) for ECL calculations in all cases when the borrower becomes 90 days past due on its contractual payments.

For financial assets in stage 1, the impairment calculated based on defaults that are possible in next twelve months, whereas for financial instrument in stage 2 and stage 3 the ECL calculation considers default event for the lifespan of the instrument. It excludes the financial instruments - Investment in PTC and SRs.

As per Ind AS 109, Group assesses whether there is a significant increase in credit risk at the reporting date from the initial recognition. The Group has staged the assets based on the days past dues criteria and other market factors which significantly impacts the portfolio.

Holding Company

Days past dues status	Stage	Provisions
Current	Stage 1	12 Months Provision
1-30 Days	Stage 1	12 Months Provision
31-90 Days	Stage 2	Lifetime Provision
90+ Days	Stage 3	Lifetime Provision

HINDUJA LEYLAND FINANCE LIMITED

61-90 Days	Stage 2	Lifetime Provision
90+ Days	Stage 3	Lifetime Provision

44 Financial risk management objectives and policies

Grouping

As per Ind AS 109, Group is required to group the portfolio based on the shared risk characteristics. Group has assessed the risk and its impact on the various portfolios and has divided the portfolio into following groups:

- Commercial vehicle loans (ICV, LCV, MCV, MUV, Buses)
- Heavy commercial vehicles
- Small commercial vehicles
- Two wheeler loan
- Tipper
- Tractor
- Car
- Construction equipments
- Three wheeler loan
- Housing Loan
- Loan against property
- Term Loans
- Unsecured Loans

Expected credit loss ("ECL"):

ECL on financial assets is an unbiased probability weighted amount based out of possible outcomes after considering risk of credit loss even if probability is low. ECL is calculated based on the following components:

- a. Marginal probability of default ("MPD")
- b. Loss given default ("LGD")
- c. Exposure at default ("EAD")
- d. Discount factor ("D")

Probability of default:

PD is defined as the probability of whether borrowers will default on their obligations in the future. Historical PD is derived from the internal data which is calibrated with forward looking macroeconomic factors.

For computation of probability of default ("PD"), Through the Cycle (TTC), PD was calculated based on average of Observed Default Rates (ODRs) using transition matrix approach. This is based on the delinquency status of accounts tracked at a time horizon of one year, the yearly migration of borrowers in each DPD Bucket to default. (NPA or greater than 90 DPD). The model rolls this behavior forward until all receivables are either paid or written off or closed. The output of the model is the probability of an account in each state rolling to Closure stated as a %.

The transition matrix was calculated for each historical year and TTC PD was calculated as average of ODR. The PDs for each bucket was calibrated to form an exponential PD curve.

As per Vasicek model, given long term PD and current macroeconomic conditions, conditional PD corresponding to current macroeconomic condition is estimated.

The probability of default was calculated for 3 scenarios: upside (10%), downside (10%) and base (80%). This weightage has been decided on best practices and expert judgement. Marginal conditional probability was calculated for all 3 possible scenarios and one conditional PD was arrived as conditional weighted probability. Macroeconomic variables have been selected for all portfolios based on the business and statistical significance of each combination with the respective portfolio. The forecasted values of macroeconomic variables were used as an input to generate, three set of macroeconomic forecasts based on the Vasicek methodology.

LGD:

LGD is an estimate of the loss from a transaction given that a default occurs. Under Ind AS 109, lifetime LGD's are defined as a collection of LGD's estimates applicable to different future periods. Various approaches are available to compute the LGD. The Group has considered the workout LGD approach by considering historical losses and recoveries. The following steps are performed to calculate the LGD:

- 1) Analysis of historical credit impaired accounts at cohort level.
- 2) The computation consists of five components, which are:
 - a) Outstanding balance (POS)
 - b) Recovery amount (discounted yearly) by initial contractual rate.
 - c) Expected recovery amount (for incomplete recoveries), discounted to reporting date using initial contractual rate.
 - d) Collateral (security) amount
 - e) Foreclosure cases

The formula for the computation is as below:

% Recovery rate = (discounted recovery amount + security amount + discounted estimated recovery) / (total POS)

% LGD = 1 – recovery rate

HINDUJA LEYLAND FINANCE LIMITED
Notes to consolidated financial statements for the year ended 31 March 2025

INR In Lakhs

EAD:

As per Ind AS 109, EAD is estimation of the extent to which the financial entity may be exposed to counterparty in the event of default and at the time of counterparty's default. the Group has modelled EAD based on the contractual and behavioural cash flows till the lifetime of the loans.

The Group has considered expected cash flows for all the loans at DPD bucket level for each of the segments, which was used for computation of ECL. Moreover, the EAD comprised of principal component and accrued interest for the outstanding exposure. So discounting was done for computation of expected credit loss.

Discounting:

As per Ind AS 109, ECL is computed by estimating the timing of the expected credit shortfalls associated with the defaults and discounting them using effective interest rate.

ECL computation:

Conditional ECL at DPD pool level was computed with the following method:

Conditional ECL for year (yt) = EAD (yt) * conditional PD (yt) * LGD (yt) * discount factor (yt)

The calculation is based on provision matrix which considers actual historical data adjusted appropriately for the future expectations and probabilities. Proportion of expected credit loss provided for across the stage is summarised below:

Stage	Provisions	As at 31 March 2025	As at 31 March 2024
Stage 1	12 month provision	0.25%	0.34%
Stage 2	Life time provision	2.80%	3.99%
Stage 3	Life time provision	42.40%	42.19%
Amount of expected credit loss provided for		1,04,597	92,056

The loss rates are based on actual credit loss experience over past years. These loss rates are then adjusted appropriately to reflect differences between current and historical economic conditions and the Group's view of economic conditions over the expected lives of the loan receivables. Movement in provision of expected credit loss has been provided in below note.

44 Financial risk management objectives and policies

Analysis of changes in the gross carrying amount and the corresponding ECL allowances:

Particulars	As at 31 March 2025				As at 31 March 2024			
	Stage 1	Stage 2	Stage 3	Total	Stage 1	Stage 2	Stage 3	Total

* New assets originated are those assets which have originated during the current year and outstanding as at the balance sheet date.

** Represents the balance outstanding as at beginning of the year, net of repayments made during the year, if any. The repayments are forming part of "Assets derecognised or repaid".

Reconciliation of ECL balance is given below:

Particulars	As at 31 March 2025				As at 31 March 2024			
	Stage 1	Stage 2	Stage 3	Total	Stage 1	Stage 2	Stage 3	Total
ECL allowance - opening balance	16,430	16,167	59,459	92,056	4,319	24,007	44,640	72,966
Assets derecognised or repaid (excluding write offs)	(881)	(1,649)	(8,212)	(10,742)	(534)	(1,027)	(10,263)	(11,824)
Transfers from Stage 1	(2,253)	2,144	2,142	2,033	(467)	2,527	8,098	10,158
Transfers from Stage 2	(868)	(368)	3,972	2,736	4	(633)	2,347	1,718
Transfers from Stage 3	41	(1,279)	6,451	5,213	35	(476)	1,402	961
New assets originated and incremental charge during the year	3,429	1,341	8,530	13,301	13,072	(8,231)	13,235	18,077
Closing provision of ECL	15,898	16,356	72,342	1,04,597	16,430	16,167	59,459	92,056

Collateral and other credit enhancements

The amount and type of collateral required depends on an assessment of the credit risk of the counterparty. Guidelines are in place covering the acceptability and valuation of each type of collateral. The main types of collateral obtained are, vehicles, loan portfolios and mortgaged properties based on the nature of loans. Management monitors the market value of collateral and will request additional collateral in accordance with the underlying agreement. The Group advances loan to maximum extent of 70% of the value of the mortgaged properties and 100% in case of vehicles respectively.

The Group also physically repossesses commercial vehicles for the recovery of loans. These balances are also disclosed in loan to customers as such repossessed assets are disposed.

Exposure to credit risk

The carrying amount of financial assets represents the maximum credit exposure. The maximum exposure is the total of the carrying amount of the aforesaid balances.

HINDUJA LEYLAND FINANCE LIMITED
Notes to consolidated financial statements for the year ended 31 March 2025

Incorporation of forward-looking statements in ECL model

The Group considers a broad range of forward-looking information with reference to external forecasts of economic parameters such as GDP growth, Government Expenditure etc., as considered relevant so as to determine the impact of macro-economic factors on the Group's ECL estimates.

The inputs and models used for calculating ECLs are recalibrated periodically through the use of available incremental and recent information. Further, internal estimates of PD, LGD rates used in the ECL model may not always capture all the characteristics of the market / external environment as at the date of the financial statements. To reflect this, qualitative adjustments or overlays are made as temporary adjustments to reflect the emerging risks reasonably

Time series macroeconomic data was sourced from economist intelligence unit (EIU) which is a reliable source for historical economic data. Correlation with macro-economic variables was calculated in order to see which variables are statistically good with the portfolio. From the initial set of variables chosen for the correlation assessment, the variables were selected based on their absolute correlation values with the default rate of the respective segment. For periods where forecast was not available from EIU, mean reversion technique was used to forecast the macroeconomic variables for the residual maturity of loans. Business intuition based on experience from the past is also considered for the selection of macro-economic variables (MEVs).

The Group has considered macro economic factors such as Gross Domestic Product and Industrial Production for calculation of Probability of Default (PD) till the financial year 2023-24. During the current year, the following macro economic variables has been considered.

Segment	Macro-Economic Variables correlated for each segment			
Three Wheelers	Consumer expenditure: Total (US\$)	Nominal GDP (US\$)	Employment growth (% pa)	Domestic demand (% of GDP)
Small Commercial Vehicle	Industrial production (% change pa)	Real GDP (% change pa)	Real personal disposable income	Private consumption
Two Wheeler	Industrial production (% change pa)	Private consumption	Effective interest rate (%)	Real GDP (% change pa)
Heavy Commercial Vehicle	Real GDP (% change pa)	Industrial production	Real personal disposable income	Employment growth (% pa)
Intermediate Commercial Vehicle	Consumer expenditure: Total (US\$)	Employment growth (% pa)	Nominal GDP (US\$)	Real GDP (% change pa)
Light Commercial Vehicles	Consumer expenditure: Total (US\$)	Employment growth (% pa)	Nominal GDP (US\$)	Real GDP (% change pa)
Medium Commercial Vehicle	Consumer expenditure: Total (US\$)	Employment growth (% pa)	Nominal GDP (US\$)	Real GDP (% change pa)
Multi Utility Vehicle	Consumer expenditure: Total (US\$)	Employment growth (% pa)	Nominal GDP (US\$)	Real GDP (% change pa)
Buses	Consumer expenditure: Total (US\$)	Employment growth (% pa)	Nominal GDP (US\$)	Real GDP (% change pa)
Construction Equipments	Industrial production (% change pa)	Private consumption	Real GDP (% change pa)	Real personal disposable income
Tipper	Consumer expenditure: Total (US\$)	Employment growth (% pa)	Nominal GDP (US\$)	Gross personal income (US\$)
Farm Equipment & Tractor	Gross personal income (US\$)	Employment growth (% pa)	Domestic demand (% of GDP)	Nominal GDP (US\$)
Car	Consumer expenditure: Total (US\$)	Nominal GDP (US\$)	Employment growth (% pa)	Domestic demand (% of GDP)
Loan Against Property (LAP)	Effective interest rate (%)	Petroleum production (b/d)	Domestic demand (% of GDP)	Consumer prices (% change pa; av)
Unsecured loans	Industrial production (% change pa)	Real GDP (% change pa)	Real personal disposable income	Private consumption

Since the Group has used Real GDP as a predominant macro-economic variable the sensitivity around the same is given below:

Year ended	Increase/ (Decrease)	Impact on ECL Increase/ (Decrease) Real GDP
March 31, 2025	Decrease by 5%	138.58
March 31, 2025	Increase by 5%	-137.74

(ii) Liquidity risk

Liquidity risk is the risk that the Group will encounter difficulty in meeting its obligations associated with its financial liabilities. The Group's approach in managing liquidity is to ensure that it will have sufficient funds to meet its liabilities when due.

The Group is monitoring its liquidity risk by estimating the future inflows and outflows during the start of the year and planned accordingly the funding requirement. The Group manages its liquidity by unutilised cash credit facility, term loans and direct assignment and market instruments.

The composition of the Group's liability mix ensures healthy asset liability maturity pattern and well diverse resource mix.

The total cash credit along with overdraft limit available to the Group is INR 1,72,000 lakhs spread across 12 banks. The utilization level is maintained in such a way that ensures sufficient liquidity on hand.

The Group's portfolio is loans which qualifies as Priority Sector Lending. The Group has also made sales through direct assignment route (off book) approximately 10% to 25% of assets under management. This further strengthens the liability management.

The table below summarises the maturity profile of the Group's financial liabilities based on contractual undiscounted payments along with its carrying value as at the balance sheet date.

As at 31 March 2025	Contractual cash flows				
	Carrying amount	0-1 year	1-3 years	3-5 years	More than 5 years

(iii) **Market risk**

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk includes interest rate risk and foreign currency risk. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return.

(iv) **Interest rate risk**

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Group's exposure to the risk of changes in market interest rates relates primarily to the Group's investment in bank deposits and variable interest rate lending (as applicable). Whenever there is a change in borrowing interest rate for the Group, necessary change is reflected in the lending interest rates over the timeline in order to mitigate the risk of change in interest rates of borrowings.

Fair value sensitivity analysis for Floating-rate instruments

Loans extended by the Group are fixed and floating rate loans.

The sensitivity analysis have been carried out based on the exposure to interest rates for bank deposits, lending and borrowings carried at variable rate.

Particulars	Year ended 31 March 2025		Year ended 31 March 2024	
	increase	decrease	increase	decrease
Change in interest rates (25 bps)				
Impact on profit for the year*	(4,257)	4,257	(3,639)	3,639

*The impact to the equity is as same as that of impact to the profit.

HINDUJA LEYLAND FINANCE LIMITED
Notes to consolidated financial statements for the year ended 31 March 2025

45 Unhedged foreign currency exposure:

The Group has a process and procedure for managing currency induced credit risk. The Group enters into cross currency swaps to mitigate interest rate risk on its borrowings, as hedging instruments. The Group undertakes such transactions for hedging its balance sheet. The total borrowing covered under hedged exposure is INR 1,93,859 lakhs and unhedged exposure to borrowing is Nil as on March 31, 2025.

46 There are no transactions which have not been recorded in the books of accounts and has been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961. Also, there are no previously unrecorded income and related assets.

47 During the financial year 2022-23, the Board of Directors of the Holding Company had approved the Scheme of Merger by absorption of the Company into NDL Ventures Limited (formally NXTDIGITAL Limited). The Company has reapplied for necessary approvals from RBI which currently under process. Thereafter, the Company will take necessary approvals from various statutory and regulatory authorities, respective shareholders for swap ratios and approvals from creditors.

48 The Group has registered all the charges with ROC within the statutory period.

The Group has complied with the number of layers prescribed under clause (87) of section 2 of the Act read with Companies (Restriction on number of Layers) Rules, 2017.

The Group has not traded or invested in Crypto currency or Virtual Currency during the financial year.

49 The Group holds immovable property as on 31 March 2025 and 31 March 2024. All the title deeds for the immovable property are in the name of the Group and all the leases agreements are duly executed in favour of the Group for properties where the Group is the lessee.

The Group is not a declared wilful defaulter by any bank or financial institution or other lender, in accordance with the guidelines on wilful defaulters issued by the Reserve Bank of India, during the years ended 31 March 2025 and 31 March 2024.

50 The Group does not have any transactions with the companies struck off under section 248 of Companies Act, 2013 or section 560 of Companies Act, 1956 during the years ended 31 March 2025 and 31 March 2024.

51 No proceedings have been initiated or pending against the Group for holding any benami property under the Benami Transactions (prohibition) Act 1988 and rules made thereunder, as at 31 March 2025 and 31 March 2024.

The Group has sanctioned facilities from banks on the basis of security of current assets. The monthly returns filed by the Group with such banks are in agreement with the unaudited books of accounts of the Company.

The Group does not have any investment property and hence its related disclosure is not applicable.

As per the Company's accounting policy, Property, Plant and Equipment (including Right of Use Assets) and intangible assets are carried at historical cost (less accumulated depreciation and impairment, if any), hence the revaluation related disclosures required as per Additional Regulatory Information of Schedule III (revised) to the Companies Act, is not applicable.

52 Reporting under rule 11(e) and 11(f) of Companies (Audit and Auditors) Rules, 2014

As a part of normal lending business, the Group grants loans and advances on the basis of security / guarantee provided by the borrower/ co-borrower. These transactions are conducted after exercising proper due diligence.

a. No funds have been advanced or loaned or invested by the Group to or in any other person(s) or entity(is) including foreign entities ("Intermediaries") with the understanding that the Intermediary shall lend or invest in a party identified by or on behalf of the Group (Ultimate Beneficiaries);

b. No funds have been received by the Group from any party(s) (Funding Party) with the understanding that the Group shall whether, directly or indirectly, lend or invest in other persons or entities identified by or on behalf of the Group ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

53 The companies in the group have used accounting software(s) for maintaining its books of account for the financial year ended 31 March 2025, which has a feature of recording audit trail (edit log) facility, however the audit trail feature in joint venture was not enabled throughout the year.
